INDEPENDENT AUDITOR'S REPORT

Members of the Board
North Carolina Landscape Contractors' Licensing Board
Raleigh, North Carolina

Report on the Financial Statements

We have audited the accompanying financial statements of the North Carolina Landscape Contractors' Licensing Board (the "Board"), an independent state board which is a nonmajor enterprise fund of the primary government of the State of North Carolina, as of and for the years ended June 30, 2018 and 2017, and the related notes to the financial statements, which comprise the Board's financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on the audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the North Carolina Landscape Contractors' Licensing Board as of June 30, 2018 and 2017, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

INDEPENDENT AUDITOR'S REPORT (CONCLUDED)

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historic context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audits of the basic financial statements. We do not express an opinion or provide any assurance on the supplementary information because the limited procedures do not provide sufficient evidence to express an opinion or provide any assurance thereon.

NORTH CAROLINA LANDSCAPE CONTRACTORS' LICENSING BOARD
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED JUNE 30, 2018 AND 2017

Note 1 - Nature of Activities and Significant Accounting Policies

Description of Organization and Purpose

The North Carolina Landscape Contractors' Licensing Board (the "Board") is an independent State board. It functions as an occupational licensing board and is authorized by Chapter 89D of the North Carolina General Statutes. Effective August 1, 2015, pursuant to a statutory change, the Board became the NC Landscape Contractors' Licensing Board. It was formerly the NC Landscape Contractors' Registration Board. The Board is a nonmajor enterprise fund of the primary government of the State of North Carolina. The Board is composed of nine members who are appointed by the Governor, the Commissioner of the NC Department of Agriculture, and certain associations designated by statute. It is a nonmajor enterprise fund of the primary government of the State of North Carolina and is reported as such in the State's Comprehensive Annual Financial Report (CAFR).

The Board is established to maintain minimum standards for services provided by landscape contractors.

The Board's operations are financed with self-generated revenues from fees charged to licensees.

Financial Reporting Entity

The concept underlying the definition of the financial reporting entity is that elected officials are accountable to their constituents for their actions. As required by accounting principles generally accepted in the United States of America (GAAP), the financial reporting entity includes both the primary government and all of its component units. An organization other than a primary government serves as a nucleus for a reporting entity when it issues separate financial statements. The accompanying financial statements present all funds and activities for which the Board is responsible.

For financial reporting purposes, the Board is a nonmajor enterprise fund of the primary government of the State of North Carolina and is reported as such in the State's Comprehensive Annual Financial Report (CAFR). These financial statements for the Board are separate and apart from those of the State of North Carolina and do not present the financial position of the State nor changes in the State's financial position and cash flows.

Basis of Presentation

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting principles and reporting standards.

All activities of the Board are accounted for within a single proprietary (enterprise) fund. Proprietary funds are used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the cost of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

NORTH CAROLINA LANDSCAPE CONTRACTORS' LICENSING BOARD
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED JUNE 30, 2018 AND 2017

Note 1 - Nature of Activities and Significant Accounting Policies (Continued)

Basis of Accounting

The basic financial statements of the Board are prepared using the economic resource measurement focus and the accrual basis of accounting. The economic resource measurement focus measures all assets that are available to the entity, not only cash or soon to be assets. Both long-term assets and long-term liabilities are measured and depreciation is recorded as a cost of operations. Under the accrual basis of accounting, revenues are recognized when earned, and expenses are recorded when a liability has been incurred, regardless of the timing of cash flows. Fees received for the various licenses are deemed earned when the license period begins.

The Statements of Revenues, Expenses, and Changes in Net Position classifies the Board's revenues as operating or non-operating revenues. Operating revenues and expenses consist of those revenues and expenses that result from the ongoing principal operations of the Board. Operating revenues consist primarily of license fees and includes activities that have characteristics of exchange transactions. Operating expenses are all expense transactions incurred other than those related to capital and noncapital financing or investing activities as defined by GASB Statement No. 9, *Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Governmental Entities That Use Proprietary Fund Accounting*. Non-operating revenues and expenses consist of those revenues and expenses that are related to investing, capital, and non-capital financing activities; and are classified as non-operating in the financial statements.

Cash and Cash Equivalents

This classification includes undeposited receipts, petty cash, checking accounts and time deposits (excluding certain certificates of deposit, if any) held by the Board.

Cash in State Treasurer

This classification consists of deposits with the State Treasurer of North Carolina. Because these funds are immediately available for expenditure they are considered a cash equivalent.

Capital Assets

Property and equipment are stated at cost and are being depreciated over their useful lives on a straight-line basis. The Board capitalizes assets that have a value or cost of \$500 or greater at the date of acquisition and an estimated useful life of more than one year. Depreciation is computed using the straight-line method of depreciation over the estimated useful lives of the assets, generally estimated as follows: office furniture and equipment, 5 to 7 years.

Inventory

This classification consists of publications and decals on hand for sale to licensees. Inventory on hand is recorded at cost. Cost is determined on the first-in, first-out method.

NORTH CAROLINA LANDSCAPE CONTRACTORS' LICENSING BOARD
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED JUNE 30, 2018 AND 2017

Note 1 - Nature of Activities and Significant Accounting Policies (Continued)

Unearned Revenue

The Board's license fees were assessed and collected on a calendar year basis until the fiscal year ended June 30, 2015. During the fiscal year ended June 30, 2015, concurrent with the Board's statutory name change, the Board adopted a new license term beginning August 1st of each year, and ending July 31st of each succeeding year. Licenses are renewed for a period of one year. License fees are deferred and recognized as revenue over the one year period to which they relate.

Net Position

Investment in capital assets - This component of net position consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of any loan proceeds that are attributable to the acquisition, construction, or improvement of those capital assets.

Restricted net position - This component of net position consists of net position which the Board is legally or contractually obligated to spend in accordance with restrictions imposed by external parties. The Board had no restricted net position at year end.

Unrestricted net position - This component of net position consists of net position that does not meet the definition of *restricted or investment in capital assets*.

Promotional Costs

The Board incurs trade show expenses annually. These promotional costs are expensed as incurred. Payments for promotional costs totaled \$2,821 during the fiscal year ended June 30, 2018 and \$2,459 during the fiscal year ended June 30, 2017.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Note 2 - Deposits

Cash in Bank

All of the Board's deposits which are uninsured are uncollateralized [unless collateralized pursuant to NC Administrative Code (20 NCAC 7)] by the financial institution holding said deposits. For deposits, custodial credit risk is the risk that in the event of the failure of the depository (or counterparty), the Board will not be able to recover the value of its deposits that are in the possession of the outside party. The Board does not have formal written policies regarding custodial credit risk for its deposits.

Cash in State Treasurer Short Term Investment Fund (STIF)

Pursuant to North Carolina General Statute 147-69.3(b), the Board voluntarily deposits to the North Carolina Short Term Investment Fund (STIF). Disbursements, if applicable, are through the issuance of warrants by the Board. Investments of the Short Term Investment Fund are limited to those authorized for the State's General Fund, generally high quality money market investments and US Government/agency securities. FDIC insurance and deposit collateralization rules do not apply. Deposit and investments risks associated with the State Treasurer's Investment Pool (which includes the State Treasurer's Short-Term Investment Fund) are included in the State of North Carolina's Comprehensive Annual Financial Report. An electronic version of the financial report is available by accessing the North Carolina Office of the State Controller's internet home page, www.ncosc.net, and clicking on "Financial Reports", or calling the State Controller's Financial Reporting Section at (919) 707-0500.
