AUDITOR'S TRANSMITTAL

The Honorable Michael F. Easley, Governor
The General Assembly of North Carolina
Board of Trustees, The University of North Carolina at Asheville

This report presents the results of our financial statement audit of The University of North Carolina at Asheville, a component unit of the State of North Carolina, for the year ended June 30, 2001. Our audit was made by authority of Article 5A of G.S. §147.

The accounts and operations of the University are an integral part of the State's reporting entity represented in the State's *Comprehensive Annual Financial Report* (CAFR) and the State's *Single Audit Report*. In those reports, the State Auditor expresses an opinion on the State's financial statements. In the *Single Audit Report*, the State Auditor also presents the audit results on the State's internal controls and on the State's compliance with laws, regulations, contracts, and grants applicable to the State's financial statements and to its federal financial assistance programs.

As part of the audit work necessary for the CAFR and the *Single Audit Report*, the accounts and operations of the University were subject to audit procedures as we considered necessary. In addition, we performed auditing procedures that we considered necessary for us to report on the accompanying financial statements and supplementary information that relate solely to The University of North Carolina at Asheville. The audit procedures were conducted in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards* issued by the Comptroller General of the United States.

The purpose of this report is to present the results of our audit on the accompanying financial statements and supplementary information that relate solely to The University of North Carolina at Asheville. A summary of our reporting objectives and audit results are:

- 1. Objective** - Express an opinion on the accompanying financial statements and supplementary information that relate solely to The University of North Carolina at Asheville.

AUDITOR'S TRANSMITTAL (CONCLUDED)

Results - The accompanying financial statements present fairly, in all material respects, the amounts and disclosures made in accordance with accounting principles generally accepted in the United States of America. The accompanying supplementary information presents information that is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

2. **Objective** - Present instances of noncompliance, if any, with laws, regulations, contracts, or grants.

Results - Our tests disclosed no instances of noncompliance which require disclosure herein under *Government Auditing Standards*.

3. **Objective** - Present significant deficiencies, if any, in internal control over financial reporting which could adversely affect the University's ability to record, process, summarize, and report financial data in the financial statements.

Results - Our tests disclosed no material weaknesses in internal control over financial reporting which require disclosure herein under *Government Auditing Standards*.

North Carolina General Statutes require the State Auditor to make audit reports available to the public. Copies of audit reports issued by the Office of the State Auditor may be obtained through one of the options listed in the back of this report.

Ralph Campbell, Jr.
State Auditor

INDEPENDENT AUDITOR'S REPORT

Board of Trustees
The University of North Carolina at Asheville
Asheville, North Carolina

We have audited the accompanying Balance Sheet of The University of North Carolina at Asheville, a component unit of the State of North Carolina, as of June 30, 2001, and the related Statement of Changes in Fund Equity and Statement of Current Funds Revenues, Expenditures, and Other Changes for the year then ended. These financial statements are the responsibility of the University's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The University of North Carolina at Asheville as of June 30, 2001, and the changes in fund equity and the current funds revenues, expenditures, and other changes for the year then ended in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note 15A to the financial statements, the University changed its method of accounting for securities lending transactions allocated from the State Treasurer's Cash and Investment Pool during the year ended June 30, 2001. As discussed in Note 15B to the financial statements, the University implemented Governmental Accounting Standard Board, Statement #33, *Accounting and Financial Reporting for Nonexchange Transactions*, during the year ended June 30, 2001.

INDEPENDENT AUDITOR'S REPORT (CONCLUDED)

In accordance with *Government Auditing Standards*, we have also issued our report dated February 6, 2002 on our consideration of the University's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grants. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with the independent auditor's report in considering the results of our audit.

Schedules 1, 2, 3 and 4 are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Ralph Campbell, Jr.
State Auditor

THE UNIVERSITY OF NORTH CAROLINA AT ASHEVILLE
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2001

NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES

- A. Financial Reporting Entity** - The concept underlying the definition of the financial reporting entity is that elected officials are accountable to their constituents for their actions. As required by accounting principles generally accepted in the United States of America, the financial reporting entity includes both the primary government and all of its component units. An organization other than a primary government serves as a nucleus for a reporting entity when it issues separate financial statements. The University of North Carolina at Asheville is a constituent institution of the sixteen campus University of North Carolina System which is a component unit of the State of North Carolina and an integral part of the State's *Comprehensive Annual Financial Report*.

The accompanying financial statements present all funds belonging to the University. While the Board of Governors of the University of North Carolina System has ultimate responsibility, the Chancellor, the Board of Trustees, and the Board of Trustees of the Endowment Fund have delegated responsibilities for financial accountability of the University's funds. Related foundations and similar non-profit corporations for which the University is not financially accountable are not part of the accompanying financial statements. These entities are not included because they are separately incorporated and there are neither common directors nor other evidence of common control.

- B. Basis of Presentation** - The accompanying financial statements are presented in accordance with accounting principles generally accepted in the United States of America applicable to governmental colleges and universities as promulgated by the Governmental Accounting Standards Board (GASB). In accordance with GASB Statement #15 *Governmental College and University Accounting and Financial Reporting Models*, the University has elected to follow the fund accounting and reporting guidelines set forth by the American Institute of Certified Public Accountants in its Industry Audit Guide, *Audits of Colleges and Universities*.
- C. Fund Structure** - The accompanying financial statements are structured into three categories of funds: Current, Fiduciary, and Plant Funds.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

The **Current Funds** are used to account for the revenues and expenditures resulting from operations, with the Unrestricted Funds and Restricted Fund shown separately. The Restricted Fund represents resources that are restricted to use by either an outside donor or grantor. Current funds that are internally designated for specific purposes by the governing board or management having delegated authority are reported as Unrestricted Funds. The Unrestricted Proprietary Fund reflecting the operations of the student supply store, dormitories, other auxiliary enterprises, internal service funds, student activity funds and intercollegiate athletics is shown separately from the Unrestricted General Fund.

The **Fiduciary Funds** are used to account for additions to and deductions from fund equity of the Loan Fund and Endowment Fund. In addition, the Fiduciary Funds are used to account for funds of students and organizations held by the University as custodian in the Agency Fund. The transactions of the Agency Fund increase and decrease assets and liabilities but do not effect fund equity. As a result, the Agency Fund is not reflected in the Statement of Changes in Fund Equity.

The **Plant Funds** are used to account for additions to and deductions from fund equity of the Unexpended Plant Fund, Debt Service Fund, and the Investment in Plant Fund. The Debt Service Fund includes the Repair and Replacement reserves.

- D. Basis of Accounting** - The financial statements of the University have been prepared on the accrual basis except that, in accordance with accounting practices customarily followed by public educational institutions, no provision is made for depreciation of fixed assets, interest on loans to students is recorded when collected, and revenue from tuition and student fees for summer sessions is reported totally within the fiscal year in which the session is primarily conducted. Otherwise, revenues are recorded when earned and expenditures are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the University receives value without directly giving equal value in exchange, include grants, state appropriations, and private donations. On an accrual basis, revenues from these transactions are recognized in the fiscal year in which all eligibility requirements (resource provider conditions) have been satisfied, if measurable and probable of collection.

The Statement of Current Funds Revenues, Expenditures, and Other Changes is a statement of financial activities of current funds related to the current reporting period. It does not purport to present the results of

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

operations or the net income or loss for the period as would a statement of income or a statement of revenues and expenses.

- E. Cash and Cash Equivalents** - In addition to cash on deposit with the State Treasurer, private bank accounts, and petty cash, this classification includes short-term investments such as savings accounts. All other investments are reported as investments.
- F. Investments** - This classification includes mutual funds and money market funds. Mutual funds are reported at fair value for year-end financial reporting purposes. Fair value is the amount at which an investment could be exchanged between two willing parties. Fair value for financial reporting purposes is based on quoted market prices. The net increase (decrease) in the fair value of investments is recognized as a part of investment income.

Money market funds are reported at cost, which approximates market value.

- G. Receivables and Allowance for Doubtful Accounts** – Accounts receivable in the Unrestricted General Fund and the Unrestricted Proprietary Fund shown in the accompanying financial statements net of allowances for doubtful accounts of \$3,094.40 and \$4,832.55, respectively. In addition, notes receivable in the Loan Fund is shown net of the allowance for doubtful accounts of \$168,125.13. The accounts receivable for the Restricted Funds are shown at book value with no provision for doubtful accounts considered necessary.
- H. Inventories** - Inventories held by the University are priced at the last invoice cost except for the central stores and bookstore, which are valued using a moving-weighted average cost and an average cost. The inventories for the Unrestricted General Fund consist of expendable supplies and postage. Inventories for the Unrestricted Proprietary Fund consist of expendable supplies, textbooks and other merchandise for resale.
- I. Fixed Assets and Depreciation** – Fixed Assets are stated at cost at date of acquisition or fair market value at date of donation in the case of gifts. The University capitalizes fixed assets that have a value or cost in excess of \$5,000 at the date of acquisition and an expected useful life of one or more years. Depreciation is not recorded.

To the extent that current funds are used to finance plant assets, the amounts provided are accounted for as: (1) expenditures, in the case of normal replacement of furniture and movable equipment; (2) mandatory transfers, in the case of required provisions for debt retirement and

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

renewal and replacement; and (3) transfers of a non-mandatory nature for all other cases.

Fixed assets financed with debt proceeds are reported in the Investment in Plant Fund subgroup when expenditures are incurred. Construction period interest cost in excess of earnings associated with the debt proceeds is capitalized as a component of the fixed asset.

Fixed assets, such as roads, parking lots, decks, sidewalks, and other non-building structures and improvements are capitalized as infrastructure.

- J. Vacation and Sick Leave** - The University's policy is to record the cost of vacation leave when earned. The policy provides for a maximum accumulation of unused vacation leave of 30 days which can be carried forward each January 1st or for which an employee can be paid upon termination of employment. Also, any accumulated vacation leave in excess of 30 days at year-end is converted to sick leave. Under this policy, the accumulated vacation leave for each employee at June 30th equals the leave carried forward at the previous December 31st plus the leave earned, less the leave taken between January 1st and June 30th.

The University has the policy of recording the cost of sick leave when taken and paid rather than when the leave is earned. The policy provides for unlimited accumulation of sick leave, but the employee cannot be compensated for any unused sick leave upon termination of employment.

- K. Revenue Recognition** – Current Funds revenues, as reflected on Exhibit C, include all exchange and non-exchange transactions earned and in which all eligibility requirements (resource provider conditions) have been satisfied, if measurable and probable of collection.

Certain Unrestricted Proprietary Fund auxiliary operations provide goods and services to activities reported in the Unrestricted General Fund as well as external customers. These auxiliary operations include activities such as central stores, the print shop, and other auxiliaries with interdepartmental activities. Because the University reports its Unrestricted General and Proprietary Fund activities separately on the financial statements, interdepartmental charges between the Unrestricted General and Proprietary Funds have not been eliminated. The total internal transactions related to these operations totaled approximately \$840,004.00 for the fiscal year ended June 30, 2001. These internal charges have been reported as a part of sales and service revenue and the related costs as internal service operation expenses or auxiliary enterprise expenses.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

Tuition remission and waivers are recorded as “Tuition and Fees” revenue and as “Student Financial Aid” expenditures on the accompanying financial statements.

Student fees pledged under bond indentures are reported as unrestricted revenues when received unless such fees are not legally available for other purposes, in which case they are reported as an addition to Debt Service Fund equity.

- L. Endowment Investment Return** – Investments of the University’s endowment funds are pooled. Investment return of the University’s pooled endowment funds is predicated on the total return concept (yield plus appreciation). Annual payouts from the University’s endowment funds are based on a 5% rolling three year market average. If current year earnings do not meet the payout requirements, the University uses accumulated income and capital appreciation to make up the difference.

Endowments are classified as either “true” or “quasi”. True endowments are funds that the donor has specified, as a condition of the gift, that the principal be maintained indefinitely. Quasi-endowments are funds on which there is no such restriction placed by the donor. For classification purposes, the income and appreciation added to principal is classified as quasi-endowment, unless the donor has stipulated otherwise.

NOTE 2 - DEPOSITS AND INVESTMENTS

- A. Deposits** - The University is required by General Statute 147-77 to deposit its budget code cash and by the University of North Carolina Board of Governors pursuant to General Statute 116-36.1 to deposit its institutional trust funds, except for funds received for services rendered by health care professionals, in the State Treasurer’s Cash and Investment Pool. In addition, the University may voluntarily deposit endowment funds, special funds, revenue bond proceeds, debt service funds, and funds received for services rendered by health care professionals with the State Treasurer’s Cash and Investment Pool. Special funds consist of moneys for intercollegiate athletics and agency funds held directly by the University.

Deposits include cash and cash equivalents \$17,202,218.83. At year-end, cash on hand was \$11,235.00. The University’s portion of the State Treasurer’s Cash and Investment Pool was \$17,096,181.77. It is the State Treasurer’s policy and practice for deposits not covered by federal depository insurance to be covered by collateral held by the State of North Carolina’s agent in the name of the State and for his investments to be held by the State’s agent in the State’s name. The carrying amount of the

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

University's deposits not with the State Treasurer was \$94,802.06 and the bank balance was \$103,172.64. Of the bank balance, \$90,785.08 was covered by federal depository insurance and \$12,387.56 was on deposit with a bank in England with 90% of the balance covered by the United Kingdom Deposit Protection Board.

North Carolina General Statutes 147-69.1(c) and 147-69.2 authorize the State Treasurer to invest in the following: obligations of or fully guaranteed by the United States; obligations of certain federal agencies; repurchase agreements; obligations of the State of North Carolina; certificates of deposit of specified institutions; prime quality commercial paper; specified bills of exchange; asset-backed securities, corporate bonds and notes with specified ratings; general obligations of other states; general obligations of North Carolina local governments; certain venture capital limited partnerships; and the obligations or securities of the North Carolina Enterprise Corporation.

The financial statements and disclosures for the State Treasurer's Cash and Investment Pool are included in the State of North Carolina's *Comprehensive Annual Financial Report*. An electronic version of this report is available by accessing the North Carolina Office of the State Controller's Internet home page <http://www.osc.state.nc.us/> and clicking on "Financial Reports", or by calling the State Controller's Financial Reporting Section at (919) 981-5454.

- B. Investments** - The University is authorized by The University of North Carolina Board of Governors pursuant to General Statute 116-36.2 to invest its special funds and funds received for services rendered by health care professionals in the same manner as the State Treasurer is required to invest, as previously discussed.

In accordance with the bond resolutions, bond proceeds and debt service funds are invested in obligations which will by their terms mature on or before the date funds are expected to be required for expenditure or withdrawal.

General Statute 116-36(e) provides that the trustees of the Endowment Fund shall be responsible for the prudent investment of the Fund in the exercise of their sound discretion, without regard to any statute or rule of law relating to the investment of funds by fiduciaries but in compliance with any lawful condition placed by the donor upon that part of the Endowment Fund to be invested.

Investments of various funds may be pooled unless prohibited by statute or by terms of the gift or contract. The University utilizes investment

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

pools to manage investments and distribute investment income. The University utilizes the following investment pool:

Long Term Investment Pool - This is an internal investment pool that is utilized for the investment of the endowment funds. These investments are in mutual funds and money market funds.

Credit Risk Categories - The University's pooled investments are categorized below to give an indication of the level of risk assumed by the entity at year-end. The credit risk categories are concerned with custodial credit risk, which is the risk that a government will not be able to recover the value of investment or collateral securities that are in the possession of an outside party if the counterparty to the investment transaction fails. There are three categories of credit risk. Category 1 includes investments that are insured or registered or for which the securities are held by the University or its agent in the University's name. Category 2 includes uninsured and unregistered investments for which the securities are held by a counterparty's trust department or agent in the University's name. Category 3 includes uninsured and unregistered investments for which the securities are held by the broker or dealer, or by a counterparty's trust department or agent but not in the University's name.

The University's investments at June 30, 2001 consisted of \$84,459.56 in money market funds and \$5,338,911.33 in mutual funds. Money market funds and mutual funds are investments not categorized to indicate the level of custodial credit risk.

C. Non-Current Funds Gains and Losses on Investments – The net change in fair value of investments is recorded as part of "Investment Income" on the accompanying financial statements. The additions and deductions to the non-current fund's fund equity resulting from the net change in fair value of investments follow:

	Net Unrealized Gains/Losses	Realized Gains	Net Change in Fair Value
Loan Fund	\$ 0.00	\$ 33,361.60	\$ 33,361.60
Endowment Fund	(1,222,281.12)	914,981.69	(307,299.43)
Unexpended Plant Fund		90,029.21	90,029.21

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

D. Endowment Fund Investments - The Board of Trustees of the Endowment Fund of the University of North Carolina at Asheville and the Board of Directors of the Foundation included in the University's reporting entity have established a policy that emphasizes growth orientation in the investment of endowment funds. The fair value of the Endowment Fund Investments as of June 30, 2001 as compared to the prior year was as follows:

	<u>Balance</u> <u>June 30, 2001</u>	<u>Balance</u> <u>June 30, 2000</u>
Investments by Fund:		
Endowment	\$ 2,035,630.00	\$ 2,013,530.37
Quasi-Endowment Unrestricted	343,959.42	352,381.51
Quasi-Endowment Restricted	<u>2,970,064.54</u>	<u>3,321,041.51</u>
Total	<u>\$ 5,349,653.96</u>	<u>\$ 5,686,953.39</u>
Investment by Type:		
Money Market Funds	\$ 10,742.63	\$ 0.00
Mutual funds	<u>5,338,911.33</u>	<u>5,686,953.39</u>
Total	<u>\$ 5,349,653.96</u>	<u>\$ 5,686,953.39</u>

NOTE 3 - INTER-FUND RECEIVABLES AND PAYABLES

Due From/To Other Funds as of June 30, 2001 are summarized below:

Due From	<u>Due To</u> <u>Debt Service</u> <u>Fund</u>
Unrestricted Propriety Fund	<u>\$ 17,743.11</u>

In addition, other inter-fund borrowings of a temporary nature have occurred where one bank account is maintained for more than one fund. Because the fund making the temporary loan has not been determined by the University, these inter-fund borrowings are not reported as an asset of the fund making the advance or as a liability of the fund receiving the advance.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

NOTE 4 - CHANGES IN FIXED ASSETS

A summary of changes in the fixed assets is presented as follows:

	Balance July 1, 2000	Additions	Deletions	Balance June 30, 2001
Land	\$ 2,175,505.85	\$ 181,922.50	\$ 0.00	\$ 2,357,428.35
Buildings	74,872,035.60	2,589,321.84		77,461,357.44
Infrastructure	17,755,882.90	2,323,106.97		20,078,989.87
Furniture, Machinery and Equipment	4,639,523.12	285,339.06	27,381.02	4,897,481.16
Artwork, Artifacts and Literature	11,394,245.15	680,829.00	52,500.00	12,022,574.15
Construction in Progress	4,067,153.76	4,302,248.92	5,094,351.31	3,275,051.37
Total Fixed Assets	\$ 114,904,346.38	\$ 10,362,768.29	\$ 5,174,232.33	\$ 120,092,882.34

NOTE 5 - LONG-TERM OBLIGATIONS

A. Changes in Long-Term Obligations - A summary of changes in the long-term obligations is presented as follows:

	Balance July 1, 2000	Additions	Deletions	Balance June 30, 2001
Bonds Payable (principal only)	\$ 20,875,000.00	\$ 705,000.00	\$ 875,000.00	\$ 20,705,000.00

B. Bonds Payable - The University was indebted for bonds payable in the amount of \$20,705,000.00 at June 30, 2001 for the purposes shown in the following table:

Purpose	Series	Interest Rate/ Ranges	Final Maturity Date	Original Amount of Issue	Principal Paid Through 6/30/01	Principal Outstanding 6/30/01
Dormitory and Dining System						
Dormitory and Dining System Revenue Bonds	B	5.3-5.6	Jun 1, 2018	\$ 8,910,000.00	\$ 1,060,000.00	\$ 7,850,000.00
Dormitory and Dining System Revenue Bonds	C	4.75-5.00	Jun 1, 2023	7,600,000.00	505,000.00	7,095,000.00
Dormitory and Dining System Revenue Bonds	D	4.3-4.9	Jun 1, 2012	3,695,000.00	785,000.00	2,910,000.00
UNC System Pool Revenue Bonds (A)	1998A	Variable	Oct 1, 2008	2,580,000.00	435,000.00	2,145,000.00
Total Dormitory and Dining System				22,785,000.00	2,785,000.00	20,000,000.00
Parking System						
Parking System Revenue Bonds	2000A	Variable	Oct 1, 2010	705,000.00		705,000.00
Total Bonds Payable				\$ 23,490,000.00	\$ 2,785,000.00	\$ 20,705,000.00

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

- (A) The University of North Carolina System Pool Revenue Bonds, Series 1998A.

Designated student fees and revenue streams related to the systems financed have been pledged for the payment of these bonds. In addition, fund reservations required by the Bond Indentures have been established and recorded in the Debt Service Fund.

- C. **Demand Bonds** - Included in bonds payable is one variable rate demand bond issue. Demand bonds are securities that contain a “put” feature that allows bondholders to demand payment before the maturity of the debt upon proper notice of the University’s remarketing or paying agents.

- **The University of North Carolina System Variable Rate Demand Pool Revenue Bonds, Series 1998A:** In 1998, the Board of Governors of the University of North Carolina issued variable rate demand bonds in a system-wide financing arrangement for the benefit of its constituent universities. Through this system-wide financing, the University issued debt in the amount of \$2,580,000.00 with a final maturity date of October 1, 2008. These bonds are subject to mandatory sinking fund redemption that began on October 1, 1999. The University’s proceeds from this issuance were used to construct a 200-car parking structure. While bearing interest at a weekly rate, these bonds are subject to purchase on demand with seven days’ notice and delivery to the bond paying agent, *The Bank of New York*. Upon notice from the bond paying agent, the remarketing agent, *Salomon Smith Barney, Inc.* has agreed to exercise its best efforts to remarket the bonds for which a notice of purchase has been received.

Under a Standby Bond Purchase Agreement (Agreement) between the Board of Governors of the University of North Carolina and NationsBank, N.A. (now part of Bank of America, N.A.), a Liquidity Facility has been established for the Trustee (The Bank of New York) to draw amounts sufficient to pay the purchase price and accrued interest on bonds delivered for purchase when remarketing proceeds or other funds are not available. This Agreement requires a standby fee equal to .13% of the available commitment, payable semiannually in advance, beginning on November 3, 1998, and on each May 1 and November 1 thereafter until the expiration date or the termination date of the Agreement.

Under the Agreement, any bonds purchased through the Liquidity Facility becomes Liquidity Provider Bonds and shall, from the date of such purchase and while they are Liquidity Provider Bonds, bear

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

interest at the Liquidity Provider Rate (LIBOR plus one percent (1%)). LIBOR is the average of rates per annum for deposits to major money center banks in the London interbank market. Upon remarketing of Liquidity Provider Bonds and the receipt of the sales price by the Liquidity Provider, such bonds are no longer considered Liquidity Provider Bonds. Payment of the interest on the Liquidity Provider Bonds is due the first business day of each month in which Liquidity Provider Bonds are outstanding. At June 30, 2001, there were no Liquidity Provider Bonds held by the Liquidity Facility.

Upon expiration or termination of the Agreement, the University is required to redeem (purchase) the Liquidity Provider Bonds held by the Liquidity Facility in sixty equal monthly installments, beginning the first business day that is at least 180 days following such expiration date or termination date along with accrued interest at the Liquidity Provider Rate. The expiration date of the Agreement is November 3, 2001 and may be extended for an additional period of up to three years at the discretion of the Liquidity Provider and acceptance by the Board of Governors of the University of North Carolina.

Amounts due under this Standby Bond Purchase Agreement are allocated by the Trustee directly to and paid by the constituent universities participating in the system wide bond issuance.

D. Annual Requirements - The annual requirements to pay principal and interest on the long-term obligations at June 30, 2001 are presented as follows:

<u>Fiscal Year</u>	Annual Requirements (Principal and Interest)		
	Bonds Payable	Interest	Total
2002	\$ 975,000	\$ 1,020,258	\$ 1,995,258
2003	1,020,000	975,915	1,995,915
2004	1,065,000	929,500	1,994,500
2005	1,115,000	880,910	1,995,910
2006	1,165,000	830,105	1,995,105
2007-2011	6,100,000	3,311,215	9,411,215
2012-2016	4,745,000	1,949,023	6,694,023
2017-2021	3,485,000	728,502	4,213,502
2022-2026	1,035,000	81,380	1,116,380
Total Requirements	\$ 20,705,000	\$ 10,706,808	\$ 31,411,808

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

NOTE 6 - OPERATING LEASES

Future minimum lease payments under non-cancelable operating leases consist of the following at June 30, 2001:

<u>Fiscal Year</u>	<u>Amount</u>
2002	\$ 25,581
2003	12,163
2004	<u>679</u>
Total Minimum Lease Payments	<u>\$ 38,423</u>

Rental expense for all operating leases during the year was \$44,722.91.

NOTE 7 - COMMITMENTS AND CONTINGENCIES

- A. Commitments** – The University has established an encumbrance system to track its outstanding commitments on construction projects and other purchases. Outstanding commitments on construction contracts were \$2,860,729.40 and on other purchases were \$351,157.14 at June 30, 2001.
- B. Pending Litigation and Claims** – The University is a party to litigation and claims in the ordinary course of its operations. Since it is not possible to predict the ultimate outcome of these matters, no provision for any liability has been made in the financial statements. University management is of the opinion that the liability, if any, for any of these matters will not have a material adverse effect on the financial position of the University.
- C. University Improvement General Obligation Bonds** – The 1999-2000 Session of the General Assembly of North Carolina authorized the issuance of two billion five hundred million dollars of general obligation bonds of the State, as subsequently approved by a vote of qualified voters of the State, to provide funds for capital improvements for the University of North Carolina. The funds authorized are to be used solely for capital facilities cost on the University of North Carolina campuses as specified in the legislation. The bond legislation specifies the amount of bond funding for each University campus and the level of bond funding intended for each project. The bonds are authorized to be issued over a six-year period beginning in 2001 at a level not to exceed amounts provided in the legislation. Using a cash flow financing approach, The University of North Carolina – General Administration (UNC-GA), establishes annual amounts not to exceed for each approved project. The amounts not to exceed are subject to change due to actual cash availability

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

and needs during the year. Subsequent to the bond sales and the availability of bond proceeds, UNC-GA notifies the Office of State Budget and Management (OSBM) of the amounts not to exceed for each approved project. Within these amounts, based on an official request of cash needs from the University, OSBM authorizes allotments. The University records the allotments as revenue on the accompanying financial statements. In addition, amounts not allotted but accrued as expended at year-end are recorded as revenue. The University's remaining authorization \$59,795,900.00 is contingent on future bond sales and OSBM allotment approval. Because of uncertainty and time restrictions the remaining authorization is not recorded as an asset or revenue on the accompanying financial statements.

NOTE 8 - BUDGETING AND BUDGETARY CONTROL

The State of North Carolina operates on a biennial budget cycle with separate annual departmental and institutional certified budgets adopted by the General Assembly.

Chapter 116, Article 1, Part 2A of the North Carolina General Statutes authorizes the universities within the sixteen campus University of North Carolina System to apply for special responsibility status, which sets the legal level of budgetary control at the institution's budget code level. A budget code is a convention used in the State's accounting system to distinguish the type of fund and the responsible department or institution. Budget codes are also used to segregate certain purposes within departments or institutions. Institutions with special responsibility status must still have certain budget revisions, primarily those associated with unanticipated revenues, approved by the Office of State Budget and Management. Additionally, universities must maintain programs and services in accordance with the guidelines established by the Board of Governors of the consolidated University of North Carolina System. The University of North Carolina at Asheville has applied for and received special responsibility status.

After the budget is approved by the General Assembly and adopted by the Board of Governors, the University follows an established system of budgetary controls. Periodic interim budget statements to department heads guide them in managing budget allocations. Monthly financial reports, which include budget and actual data, are provided for each fund to individual managers responsible for the fund. When actual conditions require changes to the budget, revisions are prepared and communicated to those affected. Changes to the budget are reviewed and approved at the University or State level as required. The University maintains an encumbrance accounting system as

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

another method to ensure that imposed expenditure constraints are observed. The state budgetary control is maintained on a cash basis of accounting.

NOTE 9 - RISK MANAGEMENT

The University is exposed to various risks of loss related to torts; theft of, damage to, and the destruction of assets; errors and omissions; injuries to employees; and natural disasters. These exposures to loss are handled via a combination of methods, including participation in state-administered insurance programs, purchase of commercial insurance, and self-retention of certain risks.

Tort claims of up to \$500,000 are self-insured under the authority of the State Tort Claims Act. In addition, the State provides excess liability coverage up to \$11,000,000 public officers and employees via contract with a private insurance company. The premium, based on a composite rate, is paid by the University to the State's Agent of Record.

The State Property Fire Insurance Fund (Fund), an internal service fund of the State, insures all State owned buildings and contents for fire and various other property losses up to \$2,500,000 per occurrence. The Fund purchases excess insurance from private insurers to cover losses over the amounts insured by the Fund. Coverage for fire losses for operations supported by the State's General Fund is provided at no cost to the University. Other operations not supported by the State's General Fund are charged for fire coverage. The University also purchased through the Fund extended coverage for boiler and machinery components, fine arts for artwork, and musical instruments. Losses covered by the Fund are subject to a \$500 per occurrence deductible except theft losses carry a \$1,000 per occurrence deductible. There have been no significant reductions in insurance coverage from the previous year and settled claims have not exceeded coverage in any of the past three fiscal years.

All State-owned vehicles are covered by liability insurance handled by the North Carolina Department of Insurance. The State is self-insured for the first \$500,000 of any loss through a retrospective rating plan. Excess insurance coverage is purchased through a private insurer to cover losses greater than \$500,000. The liability limits for losses occurring in state are \$500,000 per claimant and \$5,000,000 per occurrence. The University is charged premiums to cover the cost of excess insurance and to pay for those losses falling under the self-insured retention.

The University is protected for losses from employee dishonesty and computer fraud for employees paid in whole or in part from State funds. The blanket honesty bond is with a private insurance company and is handled by the North

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

Carolina Department of Insurance with coverage of \$5,000,000 per occurrence and a \$50,000 deductible.

Employees and retirees are provided health care coverage by the Comprehensive Major Medical Plan, a component unit of the State. The Plan is funded by employer and employee contributions and is administered by a third party contractor.

The North Carolina Workers' Compensation Program provides benefits to workers injured on the job. All employees of the State and its component units are included in the program. When an employee is injured, the University's primary responsibility is to arrange for and provide the necessary treatment for work related injury. The University is responsible for paying medical benefits and compensation in accordance with the North Carolina Workers' Compensation Act. The University is self-insured for workers' compensation.

Term life insurance of \$25,000 to \$50,000 is provided to eligible workers. This self-insured death benefit program is administered by the State Treasurer's Office and funded via employer contributions.

Additional details on the state-administered risk management programs are disclosed in the State's *Comprehensive Annual Financial Report*, issued by the Office of the State Controller.

NOTE 10 - DEFICIT FUND BALANCE

The deficit fund balance in the Current Unrestricted General Fund is attributable to the University adjusting its cash basis records to the accrual basis of accounting as required by accounting principles generally accepted in the United States of America (GAAP). In accordance with GAAP, receivables were not recognized for liabilities associated with future period appropriations.

The University receives financial support from the State of North Carolina for its continuing operations. This support is authorized on a cash basis through an annual appropriation process. While GAAP prohibits the University from recording receivables from future period authorizations, the University continues to receive, as provided by annual State Appropriations, annual support for its financial needs.

NOTE 11 - PENSION PLANS

A. Retirement Plans - Each permanent full-time employee, as a condition of employment, is a member of either the Teachers' and State Employees' Retirement System or the Optional Retirement Program. The Teachers'

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

and State Employees' Retirement System (System) is a multiple-employer cost sharing defined benefit pension plan administered by the North Carolina State Treasurer.

After five years of creditable service, employees qualify for a vested deferred benefit. Employees who retire on or after age 65 and complete 5 years of membership service (age 55 and 5 years of creditable service for law enforcement officers), reach age 60 with 25 years of membership service, or complete 30 years of creditable service receive a retirement allowance of 1.81% of an average final compensation (based on the 4 consecutive years that produce the highest average) multiplied by the number of years of creditable service. Employees may retire with reduced benefits if they reach age 50 with 20 years of creditable service or reach age 60 with 5 years of creditable service (age 50 with 15 years creditable service for law enforcement officers).

Benefit and contribution provisions for the Teachers' and State Employees' Retirement System are established by North Carolina General Statute 135-5 and 135-8 and may be amended only by the North Carolina General Assembly. Employer and member contribution rates are set each year by the North Carolina General Assembly based on annual actuarial valuations. For the year ended June 30, 2001, these rates were set at 5.33% of covered payroll for employers and 6% of covered payroll for members.

For the year ended June 30, 2001, the University had a total payroll of \$26,108,750.00 of which \$12,415,905.00 was covered under the Teachers' and State Employees' Retirement System. Total employee and employer contributions for pension benefits for the year were \$744,954.30 and \$661,767.74, respectively. The University made one hundred percent of its annual required contributions for the years ended June 30, 2001, 2000, and 1999, which were \$661,767.74, \$957,399.18, and \$814,145.85, respectively.

In accordance with constitutional provisions requiring a balanced budget for the State of North Carolina, the Governor issued an executive order requiring the employers' share of retirement contributions for the months February 2001 through June 2001 to be transferred to a reserve account rather than paid to the Teachers' and State Employees' Retirement System. A portion of those funds was ultimately used by the State of North Carolina for general fund purposes and not released to the retirement system. The total amount of employer contributions paid by the University has been recognized as pension costs in the financial statements. The contributions which were not released to the Teachers' and State Employees' Retirement System are considered immaterial to the

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

University's financial statements taken as whole. The University has no liability for pension costs beyond the contributions already made.

The Teachers' and State Employees' Retirement System's financial information is included in the State of North Carolina *Comprehensive Annual Financial Report*. An electronic version of this report is available by accessing the North Carolina Office of the State Controller's Internet home page <http://www.osc.state.nc.us/> and clicking on "Financial Reports", or by calling the State Controller's Financial Reporting Section at (919) 981-5454.

The Optional Retirement Program (Program) is a defined contribution retirement plan, which provides retirement benefits with options for payments to beneficiaries in the event of the participant's death. Administrators and eligible faculty of the University may join the Program instead of the Teachers' and State Employees' Retirement System. The Program offers plans administered by the Teachers' Insurance Annuity Association and College Retirement Equities Fund (TIAA-CREF), as well as Lincoln National Life Insurance Company, the Variable Annuity Life Insurance Company (VALIC) and Fidelity Investments. Participant eligibility and contributory requirements are established by General Statute 135-5.1. Participants contribute 6% of their salary and the University matches with a 6.84% contribution for pension benefits. The University assumes no liability other than its contribution.

Participants in the Program are vested after five years of service but plan administrators must return the value of the participant's and University's contribution to both the participant and the University if termination occurs prior to five years of service. Participants may direct their contributions to TIAA-CREF, Lincoln National, VALIC, Fidelity Investment or combinations of the aforementioned. Participants in all four plans may choose to invest among several alternatives, including fixed and variable accounts. Employees may elect to have their contributions deposited by one provider and the matching benefit deposited by another, or they may elect to have both deposited by the same provider.

For the year ended June 30, 2001, the University had a total payroll of \$26,108,750.00 of which \$9,812,199.68 was covered under the Optional Retirement Program. Total employee and employer contributions for pension benefits for the year were \$588,731.98 and \$671,154.46, respectively.

B. Deferred Compensation and Supplemental Retirement Income Plans

IRC Section 457 Plan - The State of North Carolina offers its permanent employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457 through the North Carolina Public Employee Deferred Compensation Plan (the Plan). The Plan permits each participating employee to defer a portion of his or her salary until future years. The deferred compensation is available to employees upon separation from service, death, disability, retirement or financial hardships if approved by the Board of Trustees of the Plan. The Board, a part of the North Carolina Department of Administration, maintains a separate fund for the exclusive benefit of the participating employees and their beneficiaries, *the North Carolina Public Employee Deferred Compensation Trust Fund*. The Board also contracts with an external third party to perform certain administrative requirements and to manage the trust fund's assets. All costs of administering and funding the Plan are the responsibility of the Plan participants. No costs are incurred by the University. The voluntary contributions by employees amounted to \$64,893.00 for the year ended June 30, 2001.

IRC Section 401(k) Plan - All members of the Teachers' and State Employees' Retirement System and the Optional Retirement Program are eligible to enroll in the Supplemental Retirement Income Plan, a defined contribution plan, created under Internal Revenue Code Section 401(k). All costs of administering the plan are the responsibility of the Plan participants. No costs are incurred by the University except for a 5% employer contribution for the University's law enforcement officers, which is mandated under General Statute 143-163.30(e). Total employer contributions on behalf of University law enforcement officers for the year ended June 30, 2001 were \$21,437.00. The voluntary contributions by employees amounted to \$135,356.00 for the year ended June 30, 2001.

IRC Section 403(b) and 403(b)(7) Plans - All University employees who work can participate in tax sheltered annuity plans created under Internal Revenue Code Sections 403(b) and 403(b)(7). The employee's eligible contributions, made through salary reduction agreements, are exempt from federal and state income taxes until the annuity is received or the contributions are withdrawn. These plans are exclusively for employees of universities and certain charitable and other non-profit institutions. All costs of administering and funding these plans are the responsibility of the Plan participants. No costs are incurred by the University. The voluntary contributions by employees amounted to \$364,267.00 for the year ended June 30, 2001.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

NOTE 12 - OTHER POSTEMPLOYMENT BENEFITS

- A. Health Care for Long-Term Disability Beneficiaries and Retirees -** The University participates in state administered programs which provide postemployment health insurance to eligible former employees. Eligible former employees include long-term disability beneficiaries of the Disability Income Plan of North Carolina, and retirees of the Teachers' and State Employees' Retirement System or the Optional Retirement Program. These benefits were established by Chapter 135, Article 3, Part 3, of the General Statutes and may be amended only by the North Carolina General Assembly. Funding for the health care benefit for long-term disability beneficiaries and retirees is financed on a pay-as-you-go basis. The University contributed 1.28% of the covered payroll under the Teachers' and State Employees' Retirement System and the Optional Retirement Program for these health care benefits. For the fiscal year ended June 30, 2001, the University's total contribution to the Plan was \$284,519.74. The University assumes no liability for retiree health care benefits provided by the programs other than its required contribution. Additional detailed information about these programs can be located in the State of North Carolina's *Comprehensive Annual Financial Report*.
- B. Long-Term Disability -** The University participates in the Disability Income Plan of North Carolina (DIPNC). Established by Chapter 135, Article 6, of the General Statutes, DIPNC provides short-term and long-term disability benefits to eligible members of the Teachers' and State Employees' Retirement System or the Optional Retirement Program. The Plan provides disability income to eligible participants. Long-term disability income benefits are advance funded on an actuarially determined basis using the one-year term cost method. The University contributes .52% of covered payroll under the Teachers' and State Employees' Retirement System and the Optional Retirement Program to the DIPNC. For the fiscal year ended June 30, 2001, the University's total contribution to the DIPNC was \$115,586.15. The University assumes no liability for long-term disability benefits under the plan other than its contribution. Additional detailed information about the DIPNC is disclosed in the State of North Carolina's *Comprehensive Annual Financial Report*.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

NOTE 13 - CONSTRUCTION COSTS PAID FROM DEBT PROCEEDS

Construction costs paid from University issued debt proceeds are not reflected as additions to fund equity of the Investment in Plant Fund but rather as an increase to the Investment in Plant Fund's assets and liabilities. During the year, \$664,229.44 was added to the Investment in Plant Fund's assets and liabilities for assets purchased from debt proceeds.

NOTE 14 - THE UNIVERSITY OF NORTH CAROLINA AT ASHEVILLE FOUNDATION, INC.

There is a separately incorporated non-profit foundation associated with the University. The University of North Carolina at Asheville Foundation, Inc. was incorporated June 25, 1965 as a non-profit corporation under the laws of the State of North Carolina. The Foundation is exempt from federal income tax by the Internal Revenue Service as an organization described in Section 501(c)(3) of the Internal Revenue Code.

The Foundation serves as the primary fundraising arm of the University through which individuals, corporations and other organizations support University programs by providing scholarships, fellowships, prizes and awards, and unrestricted funds to specific departments and the University's overall academic environment. The University's financial statements do not include the assets, liabilities, net assets or operational transactions of the Foundation, except for support to the University. This support approximated \$950,002.89 for the year ended June 30, 2001.

NOTE 15 - ACCOUNTING CHANGES

A. Securities Lending Transactions - The University deposits certain funds with the State Treasurer's Cash and Investment Pool, which participates in securities lending activities. In prior years it was the State's policy to allocate the risk associated with these transactions to each component unit. For the year ending June 30, 2001, the State changed its policy, as a result of discussion with the GASB technical staff, to report the associated risk as part of the State of North Carolina's fiduciary funds rather than to allocate the risk to component units. The effect of this change removes from the University issued financial statements the assets and liabilities associated with the State Treasurer's security lending program. This change does not affect the University's beginning fund equities.

NOTES TO THE FINANCIAL STATEMENTS (CONCLUDED)

B. Governmental Accounting Standard Board, Statement #33, *Accounting and Financial Reporting For Nonexchange Transactions* - Effective July 1, 2000, the University implemented the new accounting and reporting standards required in GASB #33. This standard provides accounting rules over non-exchange transactions and changes the University's standards for the recognition of revenues and the reporting of funds received but not earned in the University's restricted fund. In prior years, the University reported funds received but not expended in its restricted fund as an addition to fund equity. Based on this new standard, revenues are recognized when earned and when the resource provider's conditions have been satisfied. Amounts received not meeting the recognition requirements are now reported as deferred revenue. In addition, the new standard requires promises to give (pledges) that are expected to be collected and available for expenditure, and that are verifiable and measurable, be recorded as a receivable and revenue, upon satisfying the resource provider's conditions. Prior to this year, pledges were not recorded as a receivable unless there was a legally enforceable right.

NOTE 16 - SUBSEQUENT EVENTS

The University of North Carolina Board of Governor's ratified the issuance of bonds for a system-wide tax exempt bond financing. The University intends to borrow approximately \$11,500,000.00 through the issue to finance a campus housing project.

The accompanying notes are an integral part of this statement.

NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES

- A. Organization and Purpose** - The University of North Carolina at Asheville is a constituent institution of The University of North Carolina System, which is a component unit of the State of North Carolina and an integral part of the State's *Comprehensive Annual Financial Report*. The University of North Carolina at Asheville is classified as a Division I institution by the National Collegiate Athletic Association (NCAA).
- B. Basis of Presentation** – The preceding statement of current funds revenues and expenditures presents the University's intercollegiate athletics program's activity in accordance with the NCAA financial audit guidelines. Those guidelines require only a presentation of the current funds revenues and expenditures by major program and are not intended to provide a complete presentation of the program's financial position or its changes in fund balances.
- C. Revenue Recognition** – Athletic funds revenues include all unrestricted gifts, grants, fees, sales receipts, and other resources earned during the reporting period. No restricted funds were received for athletics.
- D. Basis of Accounting** – The preceding statement of current funds revenues and expenditures was prepared in accordance with the accrual basis, except that no depreciation or overhead expense is reflected.
- E. Non-Monetary Transactions** - The University reports goods and services received either by donation or in an exchange transaction at their fair value at the date of receipt. Only services, which would be purchased if not received through a non-monetary transaction, are recorded. During the year ended June 30, 2001 donated items included sports supplies and equipment, items for prizes in tournaments and auctions, hotel rooms for visiting teams, use of vehicles, dental services, advertising, hospitality items, and donated services to assist with fundraising and ticket sales.

NOTE 2 - THE UNCA FOUNDATION

The UNCA Foundation is a separately incorporated legal entity established to promote and support the University, including the intercollegiate athletics program. During the fiscal year, the University's intercollegiate athletics program received direct current funds support from the Foundation, as well, as

indirect support through payments made on behalf of the University's current fund activities by the Foundation. These amounts are reported as contributions and expenditures on the preceding statement of current funds revenues and expenditures. The amounts provided as direct support and as indirect support follow:

<u>Current Funds</u>	<u>Amount</u>
Direct Support	\$ 190,207.00
Indirect Support	64,280.00

NOTE 3 - CONTRIBUTIONS

Individual contributions of moneys, goods, or services received directly by the University's intercollegiate athletics program from organizations other than the Foundation or from groups of individuals that constitute more than 10% of all contributions received for the intercollegiate athletics program during the year follow:

<u>Funding Source Type</u>	<u>Amount</u>
Big South Conference	\$ 123,520.00

**INDEPENDENT AUDITOR'S REPORT
ON COMPLIANCE AND ON INTERNAL CONTROL
OVER FINANCIAL REPORTING BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

Board of Trustees
The University of North Carolina at Asheville
Asheville, North Carolina

We have audited the financial statements of The University of North Carolina at Asheville, a component unit of the State of North Carolina, as of and for the year ended June 30, 2001, and have issued our report thereon dated February 6, 2002.

As discussed in Note 15A to the financial statements, the University changed its method of accounting for securities lending transactions allocated from the State Treasurer's Cash and Investment Pool during the year ended June 30, 2001. As discussed in Note 15B to the financial statements, the University implemented Governmental Accounting Standard Board, Statement #33, *Accounting and Financial Reporting for Nonexchange Transactions*, during the year ended June 30, 2001.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the University's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

**INDEPENDENT AUDITOR'S REPORT
ON COMPLIANCE AND ON INTERNAL CONTROL
OVER FINANCIAL REPORTING BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS (CONCLUDED)**

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the University's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

This report is intended solely for the information and use of the Audit Committee, the Board of Trustees and Board of Governors, management and staff of the University, the Governor, the State Controller, the General Assembly, and federal awarding agencies and pass-through entities and is not intended to be, and should not be, used by anyone other than these specified parties.

Ralph Campbell, Jr.
State Auditor

February 6, 2002

DISTRIBUTION OF AUDIT REPORT

In accordance with G.S. § 147-64.5 and G.S. § 147-64.6(c)(14), copies of this report have been distributed to the public officials listed below. Additional copies are provided to other legislators, state officials, the press, and the general public upon request.

EXECUTIVE BRANCH

The Honorable Michael F. Easley	Governor of North Carolina
The Honorable Beverly M. Perdue	Lieutenant Governor of North Carolina
The Honorable Richard H. Moore	State Treasurer
