AUDITOR'S TRANSMITTAL

The Honorable Michael F. Easley, Governor
The General Assembly of North Carolina
Board of Trustees, McDowell Technical Community College

We have completed a financial statement and compliance audit of McDowell Technical Community College for the year ended June 30, 2005, and our audit results are included in this report. You will note from the independent auditor's report that we determined that the financial statements are presented fairly in all material respects.

Our consideration of internal control over financial reporting and compliance and other matters based on an audit of the financial statements disclosed certain deficiencies that are detailed in the Audit Findings and Recommendations section of this report. The College's response is included following each finding.

North Carolina General Statutes require the State Auditor to make audit reports available to the public. Copies of audit reports issued by the Office of the State Auditor may be obtained through one of the options listed in the back of this report.

INDEPENDENT AUDITOR'S REPORT

Board of Trustees
McDowell Technical Community College
Marion, North Carolina

We have audited the accompanying basic financial statements of McDowell Technical Community College, a component unit of the State of North Carolina, as of and for the year ended June 30, 2005, as listed in the table of contents. These financial statements are the responsibility of the College's management. Our responsibility is to express an opinion on these financial statements based on our audit. We did not audit the financial statements of the McDowell Technical Community College Foundation, Inc., which represent 3.57 percent, 4.18 percent, and .03 percent, respectively, of the assets, net assets, and revenues of the College. Those financial statements were audited by other auditors whose report thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for the McDowell Technical Community College Foundation, Inc., is based on the report of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The financial statements of the McDowell Technical Community College Foundation, Inc., were not audited in accordance with *Government Auditing Standards*. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the report of other auditors provide a reasonable basis for our opinion.

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the financial position of McDowell Technical Community College as of June 30, 2005, and the changes in its financial position and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note 15 to the financial statements, the College implemented Governmental Accounting Standards Board Statement No. 40, *Deposit and Investment Risk Disclosures*, during the year ended June 30, 2005.

INDEPENDENT AUDITOR'S REPORT (CONCLUDED)

In accordance with *Government Auditing Standards*, we have also issued our report dated March 22, 2006, on our consideration of the College's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The Management's Discussion and Analysis, as listed in the table of contents, is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion on it.

MCDOWELL TECHNICAL COMMUNITY COLLEGE MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of McDowell Technical Community College's Financial Report presents Management's Discussion and Analysis of the College's financial activity during the fiscal year ended June 30, 2005. Since Management's Discussion and Analysis is designed to focus on current activities, resulting changes and currently known facts, please read it in conjunction with the College's basic financial statements and notes to the financial statements. Responsibility for the completeness and fairness of this information rests with the College.

Using This Report

This annual report consists of financial statements, prepared in accordance with Governmental Accounting Standards Board (GASB) Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*, as amended by GASB Statement No. 35, *Basic Financial Statements - and Management's Discussion and Analysis - for Public College and Universities*. These financial statements focus on the financial condition of the College, results of operations, and cash flows of the College as a whole. The College's basic financial statements are designed to emulate corporate presentation models whereby all College activities are consolidated into one total. They are prepared under the modified accrual basis of accounting, whereby revenues and assets are recognized when the service is provided and expenses and liabilities are recognized when others provide the service, regardless of when cash is exchanged. In summary, the reporting format is intended to condense and simplify the user's analysis of costs of various College services to students and the public. The three financial statements are featured below with brief descriptions of each financial focus.

The Statement of Net Assets is designed to be similar to bottom line results for the College. This Statement combines and consolidates current financial resources (short-term consumable resources) with capital assets. The Statement of Net Assets includes all assets and liabilities. Over time, increases or decreases in net assets (the difference between assets and liabilities) are one indicator of the improvement or erosion of the College's financial health when considered with non-financial facts such as enrollment levels and the condition of facilities.

The Statement of Revenues, Expenses, and Changes in Net Assets focuses on both the gross costs and the net costs of College activities, which are supported mainly by State, local, federal and other revenues. This Statement presents the revenues earned and expenses incurred during the year. Activities are reported as either operating or nonoperating. A community college's dependency on State aid and gifts could result in operating deficits because the financial reporting model classifies State appropriations and gifts as nonoperating revenues. The utilization of capital assets is reflected in the financial statements as depreciation, which amortizes the cost of an asset over its expected useful life.

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

The Statement of Cash Flows presents information related to cash inflows and outflows summarized by operating, noncapital financing, capital and related financing, and investing activities, and helps measure the ability to meet financial obligations as they mature. The direct method is used to present the Cash Flow Statement.

Financial Information

In this year's report, a comparative analysis is presented showing prior year information.

Financial Highlights

Because of the uncertainty surrounding the State's economy, natural disasters, and given the fact that the North Carolina Community College System was required to revert 1.75 percent this fiscal year, it was recommended that the State Board advise colleges to withhold from their budget allocations a minimum one-half to one percent at the beginning of the fiscal year for possible reversion. The College's actual reversions totaled \$91,075.00 (1.75 %) during this fiscal year.

Financial Analysis

Analysis of Current and Noncurrent Assets and Net Assets

As of June 30, 2005, the College's current assets decreased primarily due to a decrease in cash and cash equivalents. Noncurrent assets increased \$1,997,229.51 primarily due to an increase in Restricted Due from Primary Government for unexpended proceeds from the November 2000 Bond Referendum. Net assets increased \$1,774,232.54 in 2005 due to an increase in Invested in Capital Assets and Capital Projects.

Analysis of Net Capital Assets

This account includes the College's capital assets, which are presented on an accrual basis of accounting whereby assets are capitalized and depreciated. During fiscal year 2005, two buildings were donated to the College. One building, with land that includes three paved parking lots, has a total value of \$250,000.00. The second building and land was donated by McDowell County with a total value of \$612,115.00. In addition, the College renovated a classroom into a bio-tech lab using Golden Leaf grant funds in the amount of \$9,990.00.

Analysis of Liabilities

Total liabilities increased \$174,625.55 in fiscal year 2005. This increase is primarily due to an increase of \$128,167.26 in deferred revenue and the increased value of annual and bonus leave days earned by eligible employees.

Analysis of Revenues

Total revenues increased \$2,440,896.08 in fiscal year 2005. Total revenues for 2004 were \$10,055,801.86 and total revenues for 2005 were \$12,496,697.94. The increase in nonoperating revenues is attributable to a State aid increase of \$604,186.05. In addition, there

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

was an increase in capital contributions of \$2,061,165.56 and a decrease of noncapital contributions of \$93,937.41.

Total operating revenues decreased by \$152,997.99 due to a decrease in Federal Grants and Contracts and Sales and Services.

Analysis of Expenditures

The College experienced an overall increase of \$633,712.82 in expenditures from fiscal year ended June 30, 2004, primarily due to increases in Personal Services and Supplies and Materials. Personal Services at June 30, 2004, totaled \$6,418,948.69 and at June 30, 2005, totaled \$6,794,839.01, resulting in an increase of \$375,890.32. Supplies and Materials at June 30, 2004, totaled \$1,078,097.07 and at June 30, 2005, totaled \$1,234,692.30, resulting in an increase of \$156,595.23.

Long-Term Debt

The College has no long-term debt.

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONCLUDED)

Economic Factors and Next Year's Budget

At fiscal year ended June 30, 2005, the College had not received any official information on the 2005-2006 budgets. However, both the State of North Carolina and the County of McDowell are still encountering budget crises, which will likely further decrease revenues in the upcoming year.

In summary, this annual report is designed to provide our community, students, donors, and creditors with a general overview of the College's finances and to demonstrate the College's accountability for the funding it receives through grants, donations, and tuition revenues.

MCDOWELL TECHNICAL COMMUNITY COLLEGE
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2005

NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES

- A. Financial Reporting Entity** - The concept underlying the definition of the financial reporting entity is that elected officials are accountable to their constituents for their actions. As required by accounting principles generally accepted in the United States of America, the financial reporting entity includes both the primary government and all of its component units. An organization other than a primary government serves as a nucleus for a reporting entity when it issues separate financial statements. McDowell Technical Community College is a component unit of the State of North Carolina and an integral part of the State's *Comprehensive Annual Financial Report*.

The accompanying financial statements present all funds of the College and its component unit for which the College's Board of Trustees is financially accountable. The College's component unit is blended in the financial statements.

Blended Component Units – Although legally separate, McDowell Technical Community College Foundation, Inc., is reported as if it were part of the College. The Foundation is governed by a 21-member board consisting of two members of the McDowell Technical Community College Board of Trustees and one student of McDowell Technical Community College. The Foundation's purpose is to aid, support, and promote teaching, research, and service in the various educational, scientific, scholarly, professional, artistic, and creative endeavors of the College. Because the elected directors of the Foundation are appointed by the members of the McDowell Technical Community College Board of Trustees and the Foundation's sole purpose is to benefit McDowell Technical Community College, its financial statements have been blended with those of the College.

Separate financial statements for the Foundation may be obtained from the College Business Office, 54 College Drive, Marion, North Carolina 28752, or by calling (828) 652-0627. Other related foundations and similar nonprofit corporations for which the College is not financially accountable are not part of the accompanying financial statements.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

- B. Basis of Presentation** - The accompanying financial statements are presented in accordance with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB).

Pursuant to the provisions of GASB Statement No. 34, *Basic Financial Statements – and Management’s Discussion and Analysis – for State and Local Governments*, as amended by GASB Statement No. 35, *Basic Financial Statements – and Management’s Discussion and Analysis – for Public Colleges and Universities*, the full scope of the College’s activities is considered to be a single business-type activity and accordingly, is reported within a single column in the basic financial statements.

In accordance with GASB Statement No. 20, *Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting*, the College does not apply Financial Accounting Standards Board (FASB) pronouncements issued after November 30, 1989, for proprietary activities, unless the GASB amends its pronouncements to specifically adopt FASB pronouncements issued after that date.

- C. Basis of Accounting** - The financial statements of the College have been prepared using the economic resource measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.
- D. Cash and Cash Equivalents** – This classification includes undeposited receipts, petty cash, cash on deposit with private bank accounts, savings accounts, and money market accounts.
- E. Investments** - This classification includes certificates of deposit and real estate. The real estate investments are accounted for at fair value, as determined by quoted market prices, or an amount determined by management if quoted market prices are not available. The net increase (decrease) in the fair value of investments is recognized as a component of investment income.

Certificates of deposit are reported at cost, if purchased, or at fair value or appraised value at date of gift, if donated.

- F. Receivables** – Receivables consist of tuition and fees charged to students and charges for auxiliary enterprises’ sales and services. Receivables also include amounts due from the federal government, State and local governments, and private sources in connection with reimbursement of

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

allowable expenditures made pursuant to contracts and grants. Receivables are recorded net of estimated uncollectible amounts.

- G. Inventories** – Inventories, consisting of expendable supplies and merchandise for resale, are stated at the lower of cost or market value using the first-in, first-out method.
- H. Capital Assets** – Capital assets are stated at cost at date of acquisition or fair value at date of donation in the case of gifts. The College capitalizes assets that have a value or cost in excess of \$5,000 at the date of acquisition and an expected useful life of more than one year. Library books are generally not considered to have a useful life of more than one year unless part of a collection and are expensed in the year of acquisition.

Depreciation is computed using the straight-line method over the estimated useful lives of the assets, generally 40 years for buildings and 3 to 15 years for equipment.

- I. Restricted Assets** – Unexpended capital contributions are classified as restricted assets because their use is limited by donor/grantor agreements. Certain other assets are classified as restricted because their use is limited by external parties or statute.
- J. Noncurrent Long-Term Liabilities** – Noncurrent long-term liabilities include compensated absences that will not be paid within the next fiscal year.
- K. Compensated Absences** - The College's policy is to record the cost of vacation leave when earned. The policy provides for a maximum accumulation of unused vacation leave of 30 days which can be carried forward each July 1st or for which an employee can be paid upon termination of employment. Also, any accumulated vacation leave in excess of 30 days at year end is converted to sick leave.

In addition to the vacation leave described above, compensated absences includes the accumulated unused portion of the special annual leave bonuses awarded by the College to all full-time permanent employees as of September 30, 2002, and as of July 1, 2003. The unused portion of this leave remains available until used, notwithstanding the limitation on annual leave carried forward described above.

When classifying compensated absences into current and noncurrent, leave is considered taken using a last-in, first-out method.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

L. Net Assets – The College’s net assets are classified as follows:

Invested in Capital Assets – This represents the College’s total investment in capital assets.

Restricted Net Assets – Nonexpendable – Nonexpendable restricted net assets include endowments and similar type assets whose use is limited by donors or other outside sources, and, as a condition of the gift, the principal is to be maintained in perpetuity.

Restricted Net Assets – Expendable – Expendable restricted net assets include resources for which the College is legally or contractually obligated to spend in accordance with restrictions imposed by external parties.

Unrestricted Net Assets – Unrestricted net assets include resources derived from student tuition and fees, sales and services, unrestricted gifts, and interest income.

Restricted and unrestricted resources are tracked using a fund accounting system and are spent in accordance with established fund authorities. Fund authorities provide rules for the fund activity and are separately established for restricted and unrestricted activities. When both restricted and unrestricted funds are available for expenditure, the decision for funding is transactional based within the departmental management system in place at the College.

M. Scholarship Discounts – Student tuition and fees revenues and certain other revenues from College charges are reported net of scholarship discounts in the accompanying Statement of Revenues, Expenses, and Changes in Net Assets. The scholarship discount is the difference between the actual charge for goods and services provided by the College and the amount that is paid by students or by third parties on the students’ behalf. Student financial assistance grants, such as Pell grants, and other federal, State, or nongovernmental programs, are recorded as either operating or nonoperating revenues in the accompanying Statement of Revenues, Expenses, and Changes in Net Assets. To the extent that revenues from these programs are used to satisfy tuition, fees, and other charges, the College has recorded a scholarship discount.

N. Revenue and Expense Recognition – The College classifies its revenues and expenses as operating or nonoperating in the accompanying Statement of Revenues, Expenses, and Changes in Net Assets. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the College’s principal

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

ongoing operations. Operating revenues include activities that have characteristics of exchange transactions, such as (1) student tuition and fees, (2) sales and services of auxiliary enterprises, and (3) certain federal, State and local grants and contracts. Operating expenses are all expense transactions incurred other than those related to capital and noncapital financing or investing activities as defined by GASB Statement No. 9, *Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Governmental Entities That Use Proprietary Fund Accounting*.

Nonoperating revenues include activities that have the characteristics of nonexchange transactions. Revenues from nonexchange transactions and State aid that represent subsidies or gifts to the College, as well as investment income, are considered nonoperating since these are either investing, capital, or noncapital financing activities. Capital contributions are presented separately after nonoperating revenues and expenses.

- O. Internal Sales Activities** – Certain institutional auxiliary operations provide goods and services to College departments, as well as to its customers. These institutional auxiliary operations include activities such as central store and bookstore. In addition, the College has other miscellaneous sales and service units that operated either on a reimbursement or charge basis. All internal sales activities to College departments from auxiliary operations and sales and service units have been eliminated in the accompanying financial statements. These eliminations are recorded by removing the revenue and expense in the auxiliary operations and sales and service units and, if significant, allocating any residual balances to those departments receiving the goods and services during the year.
- P. County Appropriations** - County appropriations are provided to the College primarily to fund its plant operation and maintenance function and to fund construction projects, motor vehicle purchases, and maintenance of equipment. Unexpended county current appropriation and county capital appropriation do not revert and are available for future use as approved by the county commissioners.

NOTE 2 - DEPOSITS AND INVESTMENTS

- A. Deposits** - All funds of the College are deposited in board-designated official depositories and are required to be collateralized in accordance with *North Carolina General Statute 115D-58.7*. Official depositories may be established with any bank or savings and loan association whose principal office is located in North Carolina. Also, the College may establish time deposit accounts, money market accounts, and certificates

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

of deposit. The amount shown on the Statement of Net Assets as cash and cash equivalents includes cash on hand totaling \$900.00, and deposits in private financial institutions with a carrying value of \$437,048.46 and a bank balance of \$501,258.75.

The North Carolina Administrative Code (20 NCAC 7) requires all depositories to collateralize public deposits in excess of federal depository insurance coverage by using one of two methods, dedicated or pooled. Under the dedicated method, a separate escrow account is established by each depository in the name of each local governmental unit and the responsibility of monitoring collateralization rests with the local unit. Under the pooling method, each depository establishes an escrow account in the name of the State Treasurer to secure all of its public deposits. This method shifts the monitoring responsibility from the local unit to the State Treasurer.

Custodial credit risk is the risk that in the event of a bank failure, the College's deposits may not be returned to it. As of June 30, 2005, the College's bank balance of \$179,979.83 in excess of federal depository insurance coverage was covered under the pooling method and \$99,601.35 was uninsured and uncollateralized.

- B. Investments** – In addition to real estate held by the College, the College is authorized to invest idle funds as provided by G.S. 115D-58.6. In accordance with this statute, the College and the Board of Trustees manage investments to ensure they can be converted into cash when needed.

Generally, funds belonging to the College may be invested in the form of investments pursuant to G.S. 159-30(c), as follows: a commingled investment pool established and administered by the State Treasurer pursuant to G.S. 147-69.3 (STIF), obligations of or fully guaranteed by the United States; obligations of the State of North Carolina; bonds and notes of any North Carolina local government or public authority; obligations of certain nonguaranteed federal agencies; prime quality commercial paper bearing specified ratings and banker's acceptances; The North Carolina Capital Management Trust, an SEC registered mutual fund; repurchase agreements; and evidences of ownership of, or fractional undivided interests in, future interest and principal payments on either direct obligations of or fully guaranteed by the United States government, which are held by a specified bank or trust company or any state in the capacity.

Except as specified by the donor, endowment funds belonging to the College may be invested pursuant to G.S. 147-69.2. This statute

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

authorizes investments for special funds held by the State Treasurer and includes the following investments: obligations of or fully guaranteed by the United States; obligations of certain federal agencies; repurchase agreements; obligations of the State of North Carolina; certificates of deposit of specified institutions; prime quality commercial paper; specified bills of exchange; asset-backed securities, corporate bonds and notes with specified ratings; general obligations of other states; general obligations of North Carolina local governments; certain venture capital limited partnerships; and the obligations or securities of the North Carolina Enterprise Corporation.

Investments of the College's component unit, the McDowell Technical Community College Foundation, Inc., are subject to and restricted by G.S. 36B "Uniform Management of Institutional Funds Act" (UMIFA) and any requirements placed on them by contract or donor agreements.

A reconciliation of deposits and investments for the College to the basic financial statements at June 30, 2005, is as follows:

Cash on Hand	\$	900.00

NOTE 3 - ENDOWMENT INVESTMENTS

Investments of the College's endowment funds are pooled, unless required to be separately invested by the donor. If a donor has not provided specific instructions, State law permits the Board of Trustees to authorize for expenditure the net appreciation, realized and unrealized, of the investments of the endowment funds.

Investment return of the College's endowment funds is predicated under classical trust doctrines. Unless the donor has stipulated otherwise, capital gains and losses are accounted for as part of the endowment principal and are

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

not available for expenditure. Annual payouts from the College's endowment funds are based on an adopted spending policy which limits spending to endowment income. At June 30, 2005, net appreciation of \$16,801.20 was available to be spent, of which \$6,734.51 was restricted to specific purposes.

NOTE 4 - RECEIVABLES

NOTE 11 - PENSION PLANS

A. Retirement Plans - Each permanent full-time employee, as a condition of employment, is a member of the Teachers' and State Employees' Retirement System. The Teachers' and State Employees' Retirement System (System) is a cost sharing multiple-employer defined benefit pension plan administered by the North Carolina State Treasurer.

Benefit and contribution provisions for the Teachers' and State Employees' Retirement System are established by *North Carolina General Statutes* 135-5 and 135-8 and may be amended only by the North Carolina General Assembly. Employer and member contribution rates are set each year by the North Carolina General Assembly based on annual actuarial valuations. For the year ended June 30, 2005, these rates were set at 2.17% of covered payroll for employers and 6% of covered payroll for members.

For the year ended June 30, 2005, the College had a total payroll of \$5,778,036.54, of which \$4,907,186.60 was covered under the Teachers' and State Employees' Retirement System. Total employee and employer contributions for pension benefits for the year were \$294,431.20 and \$106,485.95, respectively. The College made 100% of its annual required contributions for the years ended June 30, 2005, 2004, and 2003, which were \$106,485.95, \$9,965.04, and \$0.00, respectively.

The Teachers' and State Employees' Retirement System's financial information is included in the State of North Carolina's *Comprehensive Annual Financial Report*. An electronic version of this report is available by accessing the North Carolina Office of the State Controller's Internet

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

home page <http://www.osc.state.nc.us/> and clicking on “Financial Reports”, or by calling the State Controller’s Financial Reporting Section at (919) 981-5454.

- B. Deferred Compensation and Supplemental Retirement Income Plans** - IRC Section 401(k) Plan - All members of the Teachers’ and State Employees’ Retirement System are eligible to enroll in the Supplemental Retirement Income Plan, a defined contribution plan, created under Internal Revenue Code Section 401(k). All costs of administering the Plan are the responsibility of the Plan participants. No costs are incurred by the College. The voluntary contributions by employees amounted to \$46,965.00 for the year ended June 30, 2005.

IRC Section 403(b) and 403(b)(7) Plans - Eligible College employees can participate in tax sheltered annuity plans created under Internal Revenue Code Sections 403(b) and 403(b)(7). The employee’s eligible contributions, made through salary reduction agreements, are exempt from federal and State income taxes until the annuity is received or the contributions are withdrawn. These plans are exclusively for employees of colleges and certain charitable and other nonprofit institutions. All costs of administering and funding these plans are the responsibility of the Plan participants. No costs are incurred by the College. The voluntary contributions by employees amounted to \$15,544.06 for the year ended June 30, 2005.

NOTE 12 - OTHER POSTEMPLOYMENT BENEFITS

- A. Health Care for Long-Term Disability Beneficiaries and Retirees** - The College participates in State-administered programs which provide postemployment health insurance to eligible former employees. Eligible former employees include long-term disability beneficiaries of the Disability Income Plan of North Carolina and retirees of the Teachers’ and State Employees’ Retirement System. These benefits were established by Chapter 135, Article 3, Part 3, of the General Statutes and may be amended only by the North Carolina General Assembly. Funding for the health care benefit for long-term disability beneficiaries and retirees is financed on a pay-as-you-go basis. The College contributed 3.2% of the covered payroll under the Teachers’ and State Employees’ Retirement System for these health care benefits. For the fiscal year ended June 30, 2005, the College’s total contribution to the Plan was \$157,029.97. The College assumes no liability for retiree health care benefits provided by the programs other than its required contribution. Additional detailed information about these programs can be located in the State of North Carolina’s *Comprehensive Annual Financial Report*.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

B. Long-Term Disability - The College participates in the Disability Income Plan of North Carolina (DIPNC). Established by Chapter 135, Article 6, of the General Statutes, DIPNC provides short-term and long-term disability benefits to eligible members of the Teachers' and State Employees' Retirement System. Long-term disability income benefits are advance funded on an actuarially determined basis using the one-year term cost method. The College contributes .445% of covered payroll under the Teachers' and State Employees' Retirement System to the DIPNC. For the year ended June 30, 2005, the College's total contribution to the DIPNC was \$21,836.98. The College assumes no liability for long-term disability benefits under the Plan other than its contribution. Additional detailed information about the DIPNC is disclosed in the State of North Carolina's *Comprehensive Annual Financial Report*.

NOTE 13 - RISK MANAGEMENT

The College is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These exposures to loss are handled via a combination of methods, and can include participation in State-administered insurance programs, purchase of commercial insurance, and self-retention of certain risks. There have been no significant reductions in insurance coverage from the previous year and settled claims have not exceeded coverage in any of the past three fiscal years.

Tort claims of up to \$500,000 are self-insured under the authority of the State Tort Claims Act. In addition, the State provides excess public officers' and employees' liability insurance up to \$5,000,000 via contract with a private insurance company. The premium, based on a composite rate, is paid by the North Carolina Community College System Office directly to the private insurer.

Fire and other property losses are covered by the Public School Insurance Fund, a State-administered public entity risk pool. This fund is financed by premiums and interest and incurs a \$10 million self-insured deductible per occurrence. Reinsurance is purchased by the fund to cover catastrophic events in excess of the \$10 million deductible. There have been no significant reductions in insurance coverage from the previous year and settled claims have not exceeded coverage in any of the past three fiscal years.

State-owned vehicles used for instructional purposes are covered by liability insurance handled by the State Department of Insurance. Liability insurance

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

for other College-owned vehicles is covered by contracts with private insurance companies.

The College is protected for losses from employee dishonesty and computer fraud for employees paid in whole or in part from State funds. The blanket honesty bond is with a private insurance company and is handled by the North Carolina Department of Insurance with coverage of \$5,000,000 per occurrence and a \$50,000 deductible. In addition, losses for all employees are covered by contracts with private insurance companies with coverage of \$10,000 per occurrence and \$250 deductible.

Employees and retirees are provided health care coverage by the Comprehensive Major Medical Plan (Plan), a component unit of the State. The Plan is funded by employer and employee contributions and is administered by a third-party contractor.

The State Board of Community Colleges makes the necessary arrangements to carry out the provisions of the Workers' Compensation Act which are applicable to employees whose wages are paid in whole or in part from State funds. The College purchases workers' compensation insurance for employees whose salaries or wages are paid by the Board entirely from county or institutional funds.

Term life insurance of \$25,000 to \$50,000 is provided to eligible workers. This self-insured death benefit program is administered by the State Treasurer and funded via employer contributions. There were no employer contributions required for the current fiscal year.

Additional details on the State-administered risk management programs are disclosed in the State's *Comprehensive Annual Financial Report*, issued by the Office of the State Controller.

NOTE 14 - COMMITMENTS AND CONTINGENCIES

- A. **Commitments** - The College has established an encumbrance system to track its outstanding commitments on construction projects and other purchases. Outstanding commitments on construction contracts were \$47,767.50 and on other purchases were \$67,820.75 at June 30, 2005.
- B. **Community College General Obligation Bonds** - The 1999-2000 Session of the General Assembly of North Carolina authorized the issuance of \$600 million of general obligation bonds of the State, as subsequently approved by a vote of qualified voters of the State, to provide funds for capital improvements for the North Carolina Community College System. The funds authorized are to be used solely

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

to construct new buildings and to renovate and modernize existing buildings on the North Carolina Community College System campuses. The bond legislation specifies the amount of bond funding for each College campus as well as the intended amount for new construction and repair and replacement. The legislation further provides that the State Board of Community Colleges shall be responsible for the approval of projects in accordance with provisions of the legislation. The bonds were authorized for issuance over a six-year period beginning in 2001 at a level not to exceed amounts provided in the legislation. Using a cash flow financing approach, The Community College System's Office (CCSO) establishes annual amounts not to exceed for each approved project. The amounts not to exceed are subject to change due to actual cash availability and needs during the year. Subsequent to the bond sales and the availability of bond proceeds, CCSO notifies the Office of State Budget and Management (OSBM) of the amount not to exceed for the total of the approved projects. Within this amount, based on an official request of cash needs from the State Board of Community Colleges, OSBM authorizes allotments. These allotments are then recorded to specific community college allotment accounts by the CCSO. The College records the allotments as revenue on the accompanying financial statements. The College's remaining authorization of \$1,117,209.00 is contingent on future bond sales and CCSO allotment approval. Because of uncertainty and time restrictions the remaining authorization is not recorded as an asset or revenue on the accompanying financial statements.

- C. Other Contingent Receivables** – The College has received notification of other gifts and grants for which funds have not been disbursed by the resource provider and for which conditions attached to the gift or grant have not been satisfied or, in the case of permanent endowments, cannot begin to be satisfied. In accordance with accounting principles generally accepted in the United States of America, these amounts have not been recorded on the accompanying financial statements. The purpose and amount of other contingent receivables at year end is as follows:

Purpose	Amount
Foundation Endowment Funds for College Programs	\$ 18,034.64

NOTE 15 - CHANGE IN FINANCIAL ACCOUNTING AND REPORTING

For the fiscal year ended June 30, 2005, the College implemented Governmental Accounting Standards Board Statement No. 40, *Deposit and Investment Risk Disclosures*. This Statement establishes and modifies

NOTES TO THE FINANCIAL STATEMENTS (CONCLUDED)

disclosure requirements related to investment risks: credit risk, interest rate risk, and foreign currency risk. This statement also establishes and modifies disclosure requirements for deposit risks: custodial credit risk and foreign currency risk.

**INDEPENDENT AUDITOR'S REPORT
ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

Board of Trustees
McDowell Technical Community College
Marion, North Carolina

We have audited the financial statements of McDowell Technical Community College, a component unit of the State of North Carolina, and its blended component unit, as of and for the year ended June 30, 2005, which collectively comprise the College's basic financial statements and have issued our report thereon dated March 22, 2006. We did not audit the financial statements of the McDowell Technical Community College Foundation, Inc., which represent 3.57 percent, 4.18 percent, and .03 percent, respectively, of the assets, net assets, and revenues of the College. Those financial statements were audited by other auditors whose report thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for the McDowell Technical Community College Foundation, Inc., is based on the report of the other auditors.

As discussed in Note 15 to the financial statements, the College implemented Governmental Accounting Standards Board Statement No. 40, *Deposit and Investment Risk Disclosures*, during the year ended June 30, 2005.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. The financial statements of McDowell Technical Community College Foundation, Inc., were not audited in accordance with *Government Auditing Standards*, and accordingly, this report does not extend to McDowell Technical Community College Foundation, Inc.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the College's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and not to provide an opinion on the internal control over financial reporting. However, we noted certain matters involving the internal control over financial reporting and its operation that we consider to be reportable conditions.

**INDEPENDENT AUDITOR'S REPORT
ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS (CONTINUED)**

Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in our judgment, could adversely affect the College's ability to record, process, summarize, and report financial data consistent with the assertions of management in the financial statements. Reportable conditions are described in the Audit Findings and Recommendations section of this report.

Finding

1. Financial Statement Package Not Submitted Within the Statutory Deadline
2. Internal Controls Over Computer Resources

A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, we believe none of the reportable conditions described above are material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the College's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests, which are reported in the Audit Findings and Recommendations section of this report, disclosed instances of noncompliance.

Finding

3. Noncompliance with Federal Requirements

AUDIT FINDINGS AND RECOMMENDATIONS

Matters Related to Financial Reporting

The following findings were identified during the current audit and describe conditions that represent significant deficiencies in internal control. Finding number 2 was also reported in the prior year.

1. FINANCIAL STATEMENT PACKAGE NOT SUBMITTED WITHIN THE STATUTORY DEADLINE

McDowell Technical Community College submitted its financial statements to the Office of the State Controller after the mandatory date established by General Statute 143-20.1. The June 30, 2005, reports due within 60 days after year-end were submitted to the Office of the State Controller 11 business days after the statutory deadline.

Recommendation: We recommend that the College allocate sufficient resources to the financial reporting function and communicate to employees the importance of timely and accurate reporting.

College's Response: The College employees are very much aware of the importance of timely and accurate reporting. The problems encountered during this audit have been identified and resolved. This will ensure timely and adequate financial reporting of future statement packages.

2. INTERNAL CONTROLS OVER COMPUTER RESOURCES

We noted security related weaknesses in the College's computer resources. Due to the sensitive nature of these security issues, they were conveyed in detail to appropriate College personnel. The College has not adequately safeguarded its computer resources from unauthorized use and modification. Permissions on critical files do not provide adequate security from unauthorized access to and modifications of critical data.

Recommendation: We recommend that the College take the necessary steps to prevent unauthorized users from gaining access to or modifying critical files and data.

College's Response: The College staff recognizes that internal controls are critical to protect and safeguard sensitive files and data. The shortcomings identified during our most recent audit are currently being addressed. The College is taking the necessary steps to prevent unauthorized users from gaining access to or modifying critical files and/or data. We have sought outside technical expertise to resolve this issue.

AUDIT FINDINGS AND RECOMMENDATIONS (CONCLUDED)

Matters Not Related to Financial Reporting

The following finding was identified during the current audit and describes conditions that represent significant deficiencies in the management control process for matters not directly related to financial reporting.

3. NONCOMPLIANCE WITH FEDERAL REQUIREMENTS

We noted that Form I-9, Employment Eligibility Verification, is not being completed and filed in the employee personnel file for all new employees. This form is required by the Department of Homeland Security, U.S. Citizenship and Immigration Services, to verify that an employee is eligible to work in the United States. In addition, we noted that the College does not require any full-time employee to complete a timesheet. According to the recordkeeping requirements under the Fair Labor Standards Act, every covered employer must keep certain records for each non-exempt worker, which includes hours worked each day and total hours worked each workweek.

Recommendation: We recommend that the College take the necessary steps to ensure that new employees complete a Form I-9 and that personnel files for employees are complete. In addition, we recommend that the College document time worked for non-exempt employees in accordance with the Fair Labor Standards Act.

College's Response: The College is taking necessary steps to ensure that new employee personnel files are complete and that time worked by non-exempt employees is documented in accordance with the Fair Labor Standards Act.
