AUDITOR'S TRANSMITTAL

The Honorable Michael F. Easley, Governor
The General Assembly of North Carolina
Board of Trustees, Blue Ridge Community College

We have completed a financial statement audit of Blue Ridge Community College for the year ended June 30, 2006, and our audit results are included in this report. You will note from the independent auditor's report that we determined that the financial statements are presented fairly in all material respects.

Our consideration of internal control over financial reporting and compliance and other matters based on an audit of the financial statements disclosed certain deficiencies and/or instances of noncompliance that are detailed in the Audit Findings and Recommendations section of this report. The College's response is included following each finding.

North Carolina General Statutes require the State Auditor to make audit reports available to the public. Copies of audit reports issued by the Office of the State Auditor may be obtained through one of the options listed in the back of this report.

INDEPENDENT AUDITOR'S REPORT

Board of Trustees
Blue Ridge Community College
Flat Rock, North Carolina

We have audited the accompanying financial statements of Blue Ridge Community College, a component unit of the State of North Carolina, and its discretely presented component unit, as of and for the year ended June 30, 2006, which collectively comprise the College's basic financial statements, as listed in the table of contents. These financial statements are the responsibility of Blue Ridge Community College's management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of Blue Ridge Community College Educational Foundation, Inc., which represent 100% of the College's discretely presented component units. Those financial statements were audited by other auditors whose report thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for that entity, is based on the report of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The financial statements of Blue Ridge Community College Educational Foundation, Inc., were not audited in accordance with *Government Auditing Standards*. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the report of other auditors provide a reasonable basis for our opinions.

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of Blue Ridge Community College and its discretely presented component unit as of June 30, 2006, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

INDEPENDENT AUDITOR'S REPORT (CONCLUDED)

In accordance with *Government Auditing Standards*, we have also issued our report dated May 31, 2007, on our consideration of the College's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The Management's Discussion and Analysis, as listed in the table of contents, is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion on it.

**BLUE RIDGE COMMUNITY COLLEGE
MANAGEMENT'S DISCUSSION AND ANALYSIS**

This section of the Blue Ridge Community College's (BRCC) annual financial statements presents an overview of BRCC's financial activities during the fiscal year that ended on June 30, 2006. We encourage readers to consider this information in conjunction with the financial statements and the notes to the financial statements. For more information, please contact the Business Office at 828-694-1717.

Overview of the Financial Statements

This annual statement consists of Management's Discussion and Analysis and financial statements. The financial statements also include notes that explain in more detail some of the information in the financial statements.

Required Financial Statements

The financial statements of BRCC report information about BRCC using the economic resources measurement focus and the accrual basis of accounting. These statements offer short and long-term financial information about its activities. The Statement of Net Assets includes all of BRCC's assets and liabilities and provides information about the nature and amounts of investments in resources (assets) and the obligations to BRCC creditors (liabilities). It also provides the basis for evaluating the capital structure of BRCC and assessing the liquidity and financial flexibility of BRCC. All of the current year's revenues and expenses are accounted for in the Statement of Revenues, Expenses, and Changes in Net Assets. This Statement measures the success of BRCC's operations over the past year and can be used to determine whether BRCC has successfully recovered all its costs through tuition and fees, grants and other charges, profitability, and credit worthiness. The final required financial statement is the Statement of Cash Flows. The primary purpose of this statement is to provide information about BRCC's cash receipts and cash payments during the reporting period. This statement reports cash receipts, cash payments, and net changes in cash resulting from operations, investing, and financing activities and provides answers to such question as where did the cash come from, what was cash used for, and what was the change in cash balance during the reporting period.

Financial Analysis of Blue Ridge Community College

Assets

The assets of the College are divided between current and noncurrent assets.

Current assets include cash, receivables, amounts due from component units, inventories, and notes receivable. The largest changes in current assets are an increase in receivables due to an award from Golden Leaf, as well as a decrease in cash which is not attributable to any one item, but to numerous small changes during the year.

	<u>2006</u>	<u>2005</u>	<u>Increase/ (Decrease)</u>
Current Assets			
Cash	\$ 80,065.89	\$ 158,033.20	\$ (77,967.31)
Restricted Cash	19,495.10	2,819.22	16,675.88
Receivables	259,665.24	331,940.81	(72,275.57)
Due from NC Component Units	100,000.00		100,000.00
Inventories	66,185.20	50,315.61	15,869.59

Total Current Assets	<u>\$ 555,272.63</u>	<u>\$ 569,286.36</u>	<u>\$ (14,013.73)</u>

Noncurrent assets include cash, receivables, amounts due from Primary Government, and capital assets (land, construction in progress, buildings, general infrastructure, and equipment). The \$324,571.83 decrease in noncurrent assets is due primarily to construction projects ending. There were additional small changes in the balance of capital assets.

	<u>2006</u>	<u>2005</u>	<u>Increase/ (Decrease)</u>
Noncurrent Assets			
Cash	\$ 55,147.98	\$ 16,300.67	\$ 38,847.31

Capital Assets

Capital assets decreased in total \$78,308.37. This change is due primarily to disposal of equipment.

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

Liabilities

The College's liabilities are divided between current liabilities payable within 12 months and noncurrent liabilities that extend beyond a year. Long-Term liabilities include the portion of accrued employee annual leave that will not be paid within the next fiscal year, calculated at the current salary rates for each employee, consistent with the institution's leave policies.

Total Liabilities	<u>\$ 1,540,178.34</u>	<u>\$ 1,474,626.95</u>	<u>\$ 65,551.39</u>

Total liabilities of the College increased by \$65,551.39 for the year. This increase is due to the increase in Accounts Payable and Accruals, as well as a legislative salary increase affecting the compensated absences long-term liability.

Net Assets

Total net assets were \$14,823,054.43 for June 30, 2006, which is a decrease of \$518,057.05. Net assets are a measure of the value of all the College's assets after liabilities are deducted. The combination of the decrease in total assets of \$338,585.56 and the increase in total liabilities of \$65,551.39 along with a restatement of \$113,920.10 produces an overall decrease of \$518,057.05.

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

Revenues

The College's revenues are classified as operating and nonoperating revenues.

Operating revenues include student tuition and fees, net, federal, State and local grants and contracts, and the revenue received from sales and services, principally comprised of commission received from the bookstore and vending. The largest operating revenue accrues from the College's participation in Federal Title IV financial aid programs. Operating revenues decreased a total of \$1,338,839.31 due primarily to current year reclassifications. The decrease in Federal Grants is due to decrease in PELL grants.

	<u>2006</u>	<u>2005</u>	<u>Increase / (Decrease)</u>
Operating Revenues			
Students Tuition and Fees, Net	\$ 2,126,004.59	\$ 1,937,847.46	\$ 188,157.13

Total Operating Revenues	<u>\$ 3,808,001.40</u>	<u>\$ 5,146,840.69</u>	<u>\$ (1,338,839.29)</u>

Nonoperating revenues comprise the major portion of the College's income and include formula allocations from the North Carolina State Board of Community Colleges for current expense, equipment, and capital improvements. Also included are funds appropriated from Henderson County and Transylvania County Boards of Commissioners, and various other revenues deposited into Institutional Funds. The increase in total nonoperating revenues is due to a significant increase in Grants & Gifts, \$299,478.91, as shown below.

	<u>2006</u>	<u>2005</u>	<u>Increase/ (Decrease)</u>

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

Operating Expenses

The operating expenses of the College are comprised principally of the direct cost of personnel and their fringe benefits identified as salaries and benefits. Depreciation expense is identified consistent with the requirements for GASB Statement No. 34/35. Total operating expenses decreased a total of \$162,281.24. The decrease of \$1,054,537.42 in supplies and materials was due to completion of construction projects in 2005.

	<u>2006</u>	<u>2005</u>	<u>Increase/ (Decrease)</u>

Capital Contributions

Capital contributions are received from appropriations from the North Carolina State Board of Community Colleges under a formula allocation for educational equipment and library books. The Board also provides construction funds as part of the North Carolina 2000 Higher Education Bond Referendum and previous legislative action providing funds for renovations and repairs. Total capital contributions increased \$320,304.88 due to increases in all funding sources.

	<u>2006</u>	<u>2005</u>	<u>Increase/ (Decrease)</u>
Capital Contributions			
State Capital Aid	\$ 331,253.68	\$ 259,426.74	\$ 71,826.94

Total Capital Contributions	<u>\$ 864,889.72</u>	<u>\$ 544,584.84</u>	<u>\$ 320,304.88</u>

Capital contributions combined with operating and nonoperating revenue give the College total revenue for the year of \$16,816,837.01.

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONCLUDED)

Significant Capital Asset Activity

The College received funds of \$272,639.63 from the 2000 North Carolina Higher Education Bond Referendum, which provides for the renovation and repair of facilities along with funds for new construction. Funds are allocated according to a cash flow schedule established by the North Carolina State Board of Community Colleges with final distribution of funds ending June 2007.

Significant Effects on Financial Position

At fiscal year ended June 30, 2006, the College had not received any official information on the 2006-2007 budget.

BLUE RIDGE COMMUNITY COLLEGE
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2006

NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES

- A. Financial Reporting Entity** - The concept underlying the definition of the financial reporting entity is that elected officials are accountable to their constituents for their actions. As required by accounting principles generally accepted in the United States of America, the financial reporting entity includes both the primary government and all of its component units. An organization other than a primary government serves as a nucleus for a reporting entity when it issues separate financial statements. Blue Ridge Community College is a component unit of the State of North Carolina and an integral part of the State's *Comprehensive Annual Financial Report*.

The accompanying financial statements present all funds of the College and component unit for which the College's Board of Trustees is financially accountable. The College's component unit is discretely presented in the financial statements. Discretely presented component units' financial data are reported in separate financial statements because of their use of different GAAP reporting models and to emphasize their legal separateness.

Discretely Presented Component Unit – Blue Ridge Community College Educational Foundation, Inc. (Foundation), is a legally separate not-for-profit corporation and is reported as a discretely presented component unit based on the nature and significance of its relationship to the College. The Foundation acts primarily as a fund-raising organization to supplement the resources that are available to the College in support of its programs. The Foundation board consists of 22 members. Although the College does not control the timing or amount of receipts from the Foundation, the majority of resources, or income thereon, that the Foundation holds and invests are restricted to the activities of the College by the donors. Because these restricted resources held by the Foundation can only be used by, or for the benefit of the College, the Foundation is considered a component unit of the College and is reported in separate financial statements because of the difference in its reporting model, as described below.

The Foundation is a private not-for-profit organization that reports its financial results under Financial Accounting Standards Board (FASB) Statements. As such, certain revenue recognition criteria and presentation features are different from Governmental Accounting Standards Board

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

(GASB) revenue recognition criteria and presentation features. No modifications have been made to the Foundation's financial information in the College's financial reporting entity for these differences.

During the year ended June 30, 2006, the Foundation distributed \$372,844 to the College for both restricted and unrestricted purposes. Complete financial statements for the Foundation can be obtained by calling the Foundation office at (828) 694-1709.

- B. Basis of Presentation** – The accompanying financial statements are presented in accordance with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB).

Pursuant to the provisions of GASB Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*, as amended by GASB Statement No. 35, *Basic Financial Statements – and Management's Discussion and Analysis – for Public Colleges and Universities*, the full scope of the College's activities is considered to be a single business-type activity and accordingly, is reported within a single column in the basic financial statements.

In accordance with GASB Statement No. 20, *Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting*, the College does not apply Financial Accounting Standards Board (FASB) pronouncements issued after November 30, 1989, for proprietary activities, unless the GASB amends its pronouncements to specifically adopt FASB pronouncements issued after that date.

- C. Basis of Accounting** – The financial statements of the College have been prepared using the economic resource measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.
- D. Cash and Cash Equivalents** – This classification includes undeposited receipts, petty cash, cash on deposit with private bank accounts and deposits held by the State Treasurer in the short-term investment fund. The short-term investment fund maintained by the State Treasurer has the general characteristics of a demand deposit account in that participants may deposit and withdraw cash at any time without prior notice or penalty.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

- E. Receivables** – Receivables consist of tuition and fees charged to students and charges for auxiliary enterprises' sales and services. Receivables also include amounts due from the federal government, State and local governments, and private sources in connection with reimbursement of allowable expenditures made pursuant to contracts and grants. Notes receivable are recorded net of estimated uncollectible amounts.
- F. Inventories** – Inventories, consisting of expendable supplies and merchandise for resale, are valued at the lower of cost or market using the first-in, first-out method.
- G. Capital Assets** – Capital assets are stated at cost at date of acquisition or fair value at date of donation in the case of gifts. The College capitalizes assets that have a value or cost in excess of \$5,000 at the date of acquisition and an expected useful life of more than one year. Library books are generally not considered to have a useful life of more than one year unless part of a collection and are expensed in the year of acquisition.

Depreciation is computed using the straight-line method over the estimated useful lives of the assets, generally 15 years for general infrastructure, 15 to 40 years for buildings, and 5 to 15 years for equipment.

- H. Restricted Assets** – Unexpended capital contributions are classified as restricted assets because their use is limited by donor/grantor agreements. Certain other assets are classified as restricted because their use is limited by external parties or statute.
- I. Noncurrent Long-Term Liabilities** – Noncurrent long-term liabilities include notes payable and compensated absences that will not be paid within the next fiscal year.
- J. Compensated Absences** – The College's policy is to record the cost of vacation leave when earned. The policy provides for a maximum accumulation of unused vacation leave of 30 days which can be carried forward each July 1 or for which an employee can be paid upon termination of employment. Also, any accumulated vacation leave in excess of 30 days at year end is converted to sick leave. Under this policy, the accumulated vacation leave for each employee at June 30 equals the leave carried forward at the previous June 30 plus the leave earned, less the leave taken between July 1 and June 30.

In addition to the vacation leave described above, compensated absences include the accumulated unused portion of the special annual leave

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

bonuses awarded by the North Carolina General Assembly. The bonus leave balance on July 1, 2005, is retained by employees and transferred into the next calendar year. It is not subject to the limitation on annual leave carried forward described above and is not subject to conversion to sick leave.

When classifying compensated absences into current and noncurrent, leave is considered taken using a last-in, first-out method.

K. Net Assets – The College’s net assets are classified as follows:

Invested in Capital Assets, Net of Related Debt – This represents the College’s total investment in capital assets, net of outstanding debt obligations related to those capital assets.

Restricted Net Assets – Nonexpendable – Nonexpendable restricted net assets include endowments and similar type assets whose use is limited by donors or other outside sources, and, as a condition of the gift, the principal is to be maintained in perpetuity.

Restricted Net Assets – Expendable – Expendable restricted net assets include resources for which the College is legally or contractually obligated to spend in accordance with restrictions imposed by external parties.

Unrestricted Net Assets – Unrestricted net assets include resources derived from student tuition and fees, sales and services, unrestricted gifts, and interest income.

Restricted and unrestricted resources are tracked using a fund accounting system and are spent in accordance with established fund authorities. Fund authorities provide rules for the fund activity and are separately established for restricted and unrestricted activities. When both restricted and unrestricted funds are available for expenditure, the decision for funding is transactional based within the departmental management system in place at the College.

L. Scholarship Discounts – Student tuition and fees revenues and certain other revenues from College charges are reported net of scholarship discounts in the accompanying Statement of Revenues, Expenses, and Changes in Net Assets. The scholarship discount is the difference between the actual charge for goods and services provided by the College and the amount that is paid by students or by third parties on the students’ behalf. Student financial assistance grants, such as Pell grants, and other federal, State, or nongovernmental programs, are recorded as either operating or nonoperating revenues in the accompanying Statement of

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

Revenues, Expenses, and Changes in Net Assets. To the extent that revenues from these programs are used to satisfy tuition, fees, and other charges, the College has recorded a scholarship discount.

- M. Revenue and Expense Recognition** – The College classifies its revenues and expenses as operating or nonoperating in the accompanying Statement of Revenues, Expenses, and Changes in Net Assets. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the College’s principal ongoing operations. Operating revenues include activities that have characteristics of exchange transactions, such as (1) student tuition and fees, (2) sales and services of auxiliary enterprises, and (3) certain federal, State and local grants and contracts. Operating expenses are all expense transactions incurred other than those related to capital and noncapital financing or investing activities as defined by GASB Statement No. 9, *Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Governmental Entities That Use Proprietary Fund Accounting*.

Nonoperating revenues include activities that have the characteristics of nonexchange transactions. Revenues from nonexchange transactions and State aid that represent subsidies or gifts to the College, as well as investment income, are considered nonoperating since these are either investing, capital or noncapital financing activities. Capital contributions are presented separately after nonoperating revenues and expenses.

- N. Internal Sales Activities** – Certain institutional auxiliary operations provide goods and services to College departments, as well as to its customers. These institutional auxiliary operations include activities such as the copy center. In addition, the College has other miscellaneous sales and service units that operated either on a reimbursement or charge basis. All internal sales activities to College departments from auxiliary operations and sales and service units have been eliminated in the accompanying financial statements. These eliminations are recorded by removing the revenue and expense in the auxiliary operations and sales and service units and, if significant, allocating any residual balances to those departments receiving the goods and services during the year.
- O. County Appropriations** – County appropriations are provided to the College primarily to fund its plant operation and maintenance function and to fund construction projects, motor vehicle purchases, and maintenance of equipment. Unexpended county current appropriation and county capital appropriation do not revert and are available for future use by the College.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

NOTE 2 - DEPOSITS AND INVESTMENTS

All funds of the College are deposited in board-designated official depositories and are required to be collateralized in accordance with *North Carolina General Statute* 115D-58.7. Official depositories may be established with any bank or savings and loan association whose principal office is located in North Carolina. Also, the College may establish time deposit accounts, money market accounts, and certificates of deposit. The amount shown on the Statement of Net Assets as cash and cash equivalents includes cash on hand totaling \$900.00, and deposits in private financial institutions with a carrying value of \$134,008.49 and a bank balance of \$9,204.09.

The North Carolina Administrative Code (20 NCAC 7) requires all depositories to collateralize public deposits in excess of federal depository insurance coverage by using one of two methods, dedicated or pooled. Under the dedicated method, a separate escrow account is established by each depository in the name of each local governmental unit and the responsibility of monitoring collateralization rests with the local unit. Under the pooling method, each depository establishes an escrow account in the name of the State Treasurer to secure all of its public deposits. This method shifts the monitoring responsibility from the local unit to the State Treasurer.

The College is authorized to invest idle funds as provided by G.S. 115D-58.6. In accordance with this statute, the College and the Board of Trustees manage investments to ensure they can be converted into cash when needed.

Generally, funds belonging to the College may be invested in the form of investments pursuant to G.S. 159-30(c), as follows: a commingled investment pool established and administered by the State Treasurer pursuant to G.S. 147-69.3, obligations of or fully guaranteed by the United States; obligations of the State of North Carolina; bonds and notes of any North Carolina local government or public authority; obligations of certain nonguaranteed federal agencies; prime quality commercial paper bearing specified ratings and banker's acceptances; The North Carolina Capital Management Trust, an SEC registered mutual fund; repurchase agreements; and evidences of ownership of, or fractional undivided interests in, future interest and principal payments on either direct obligations of or fully guaranteed by the United States government, which are held by a specified bank or trust company or any state in the capacity.

At June 30, 2006, the amount shown on the Statement of Net Assets as cash and cash equivalents includes \$19,800.48 which represents the College's equity position in the State Treasurer's Short-Term Investment Fund. The Short-Term Investment Fund (a portfolio within the State Treasurer's Investment Pool, an external investment pool that is not registered with the

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

Securities and Exchange Commission and does not have a credit rating) had a weighted average maturity of 1.18 years as of June 30, 2006. Assets and shares of the Short-Term Investment Fund are valued at amortized cost, which approximates fair value. Deposit and investment risks associated with the State Treasurer's Investment Pool (which includes the State Treasurer's Short-Term Investment Fund) are included in the State of North Carolina's *Comprehensive Annual Financial Report*. An electronic version of this report is available by accessing the North Carolina Office of the State Controller's Internet home page <http://www.ncosc.net/> and clicking on "Financial Reports," or by calling the State Controller's Financial Reporting Section at (919) 981-5454.

Component Unit - Investments of the College's component unit, Blue Ridge Community College Educational Foundation, Inc., are subject to and restricted by G.S. 36B "Uniform Management of Institutional Funds Act" (UMIFA) and any requirements placed on them by contract or donor agreements. Because the Foundation reports under the FASB reporting model, disclosures of the various investment risks are not required.

Investments are presented in the financial statements in the aggregate at fair market value as follows:

<u>At June 30, 2006</u>	<u>Cost</u>	<u>Market</u>

NOTE 10 - PENSION PLANS

A. Retirement Plans – Each permanent full-time employee, as a condition of employment, is a member of the Teachers' and State Employees' Retirement System. The Teachers' and State Employees' Retirement System (System) is a cost sharing multiple-employer defined benefit pension plan administered by the North Carolina State Treasurer.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

Benefit and contribution provisions for the Teachers' and State Employees' Retirement System are established by *North Carolina General Statutes* 135-5 and 135-8 and may be amended only by the North Carolina General Assembly. Employer and member contribution rates are set each year by the North Carolina General Assembly based on annual actuarial valuations. For the year ended June 30, 2006, these rates were set at 2.34% of covered payroll for employers and 6% of covered payroll for members.

For the year ended June 30, 2006, the College had a total payroll of \$10,063,762.44, of which \$8,069,529.64 was covered under the Teachers' and State Employees' Retirement System. Total employee and employer contributions for pension benefits for the year were \$484,171.73 and \$188,826.99, respectively. The College made 100% of its annual required contributions for the years ended June 30, 2006, 2005, and 2004, which were \$188,826.99, \$160,620.93, and \$14,987.97, respectively.

The Teachers' and State Employees' Retirement System's financial information is included in the State of North Carolina's *Comprehensive Annual Financial Report*. An electronic version of this report is available by accessing the North Carolina Office of the State Controller's Internet home page <http://www.osc.state.nc.us/> and clicking on "Financial Reports," or by calling the State Controller's Financial Reporting Section at (919) 981-5454.

- B. Deferred Compensation and Supplemental Retirement Income Plans** - IRC Section 457 Plan – The State of North Carolina offers its permanent employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457 through the North Carolina Public Employee Deferred Compensation Plan (the Plan). The Plan permits each participating employee to defer a portion of his or her salary until future years. The deferred compensation is available to employees upon separation from service, death, disability, retirement, or financial hardships if approved by the Board of Trustees of the Plan. The Board, a part of the North Carolina Department of Administration, maintains a separate fund for the exclusive benefit of the participating employees and their beneficiaries, *the North Carolina Public Employee Deferred Compensation Trust Fund*. The Board also contracts with an external third party to perform certain administrative requirements and to manage the trust fund's assets. All costs of administering and funding the Plan are the responsibility of the Plan participants. No costs are incurred by the College. The voluntary contributions by employees amounted to \$901.68 for the year ended June 30, 2006.

IRC Section 401(k) Plan – All members of the Teachers’ and State Employees’ Retirement System are eligible to enroll in the Supplemental Retirement Income Plan, a defined contribution plan, created under Internal Revenue Code Section 401(k). All costs of administering the Plan are the responsibility of the Plan participants. No costs are incurred by the College. The voluntary contributions by employees amounted to \$181,790.00 for the year ended June 30, 2006.

IRC Section 403(b) and 403(b)(7) Plans – Eligible College employees can participate in tax sheltered annuity plans created under Internal Revenue Code Sections 403(b) and 403(b)(7). The employee’s eligible contributions, made through salary reduction agreements, are exempt from federal and State income taxes until the annuity is received or the contributions are withdrawn. These plans are exclusively for employees of colleges and certain charitable and other nonprofit institutions. All costs of administering and funding these plans are the responsibility of the Plan participants. No costs are incurred by the College. The voluntary contributions by employees amounted to \$40,932.00 for the year ended June 30, 2006.

NOTE 11 - OTHER POSTEMPLOYMENT BENEFITS

- A. Health Care for Long-Term Disability Beneficiaries and Retirees –** The College participates in State-administered programs which provide postemployment health insurance to eligible former employees. Eligible former employees include long-term disability beneficiaries of the Disability Income Plan of North Carolina and retirees of the Teachers’ and State Employees’ Retirement System. These benefits were established by Chapter 135, Article 3, Part 3, of the General Statutes and may be amended only by the North Carolina General Assembly. Funding for the health care benefit for long-term disability beneficiaries and retirees is financed on a pay-as-you-go basis. The College contributed 3.8% of the covered payroll under the Teachers’ and State Employees’ Retirement System for these health care benefits. For the fiscal year ended June 30, 2006, the College’s total contribution to the Plan was \$306,642.11. The College assumes no liability for retiree health care benefits provided by the programs other than its required contribution. Additional detailed information about these programs can be located in the State of North Carolina’s *Comprehensive Annual Financial Report*.
- B. Long-Term Disability –** The College participates in the Disability Income Plan of North Carolina (DIPNC). Established by Chapter 135, Article 6, of the General Statutes, DIPNC provides short-term and long-term disability benefits to eligible members of the Teachers’ and

State Employees' Retirement System. Long-term disability income benefits are advance funded on an actuarially determined basis using the one-year term cost method. The College contributes .52% of covered payroll under the Teachers' and State Employees' Retirement System to the DIPNC. For the year ended June 30, 2006, the College's total contribution to the DIPNC was \$41,961.50. The College assumes no liability for long-term disability benefits under the Plan other than its contribution. Additional detailed information about the DIPNC is disclosed in the State of North Carolina's *Comprehensive Annual Financial Report*.

NOTE 12 - RISK MANAGEMENT

The College is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These exposures to loss are handled via a combination of methods, and can include participation in State-administered insurance programs, purchase of commercial insurance, and self-retention of certain risks. There have been no significant reductions in insurance coverage from the previous year and settled claims have not exceeded coverage in any of the past three fiscal years.

Tort claims of up to \$500,000 are self-insured under the authority of the State Tort Claims Act. In addition, the State provides excess public officers' and employees' liability insurance up to \$5,000,000 via contract with a private insurance company. The premium, based on a composite rate, is paid by the North Carolina Community College System Office directly to the private insurer.

Fire and other property losses are covered by contracts with private insurance companies. There have been no significant reductions in insurance coverage from the previous year and settled claims have not exceeded coverage in any of the past three fiscal years.

State-owned vehicles used for instructional purposes are covered by liability insurance handled by the State Department of Insurance. Liability insurance for other College-owned vehicles is covered by contracts with private insurance companies.

The College is protected for losses from employee dishonesty and computer fraud for employees paid in whole or in part from State funds. The blanket honesty bond is with a private insurance company and is handled by the North Carolina Department of Insurance with coverage of \$5,000,000 per occurrence

and a \$50,000 deductible. Employee dishonesty insurance for employees paid from non-State funds is purchased from Montgomery Insurance Company with coverage of \$50,000 per occurrence with a \$500 deductible.

Employees and retirees are provided health care coverage by the Comprehensive Major Medical Plan (Plan), a component unit of the State. The Plan is funded by employer and employee contributions and is administered by a third-party contractor.

The State Board of Community Colleges makes the necessary arrangements to carry out the provisions of the Workers' Compensation Act which are applicable to employees whose wages are paid in whole or in part from State funds. The College purchases workers' compensation insurance for employees whose salaries or wages are paid by the Board entirely from county or institutional funds.

Term life insurance of \$25,000 to \$50,000 is provided to eligible workers. This self-insured death benefit program is administered by the State Treasurer and funded via employer contributions. There were no employer contributions required for the current fiscal year.

Additional details on the State-administered risk management programs are disclosed in the State's *Comprehensive Annual Financial Report*, issued by the Office of the State Controller.

NOTE 13 - COMMITMENTS

The College has established an encumbrance system to track its outstanding commitments on construction projects. Outstanding commitments on construction contracts were \$53,192.00 at June 30, 2006.

**INDEPENDENT AUDITOR'S REPORT
ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

Board of Trustees
Blue Ridge Community College
Flat Rock, North Carolina

We have audited the financial statements of Blue Ridge Community College, a component unit of the State of North Carolina, and its discretely presented component unit, as of and for the year ended June 30, 2006, which collectively comprise the College's basic financial statements and have issued our report thereon dated May 31, 2007. Our report was modified to include a reference to other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Other auditors audited the financial statements of Blue Ridge Community College Educational Foundation, Inc., the discretely presented component unit, as described in our report on the College's financial statements. The financial statements of the discretely presented component unit were not audited in accordance with *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the College's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide an opinion on the internal control over financial reporting. However, we noted certain matters involving the internal control over financial reporting and its operation that we consider to be reportable conditions. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in our judgment, could adversely affect the College's ability to record, process, summarize, and report financial data consistent with the assertions of management in the financial statements. Reportable conditions are described in the Audit Findings and Recommendations section of this report.

**INDEPENDENT AUDITOR'S REPORT
ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS (CONCLUDED)**

Finding

1. Deficiencies in Financial Reporting
2. Improper Approval Procedures Followed

A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, of the reportable conditions described above, we consider both findings to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the College's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests, which are reported in the Audit Findings and Recommendations section of this report, disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

AUDIT FINDINGS AND RECOMMENDATIONS

Matters Related to Financial Reporting or Federal Compliance Objectives

The following findings were identified during the current audit and describe conditions that represent significant deficiencies in internal control or noncompliance with laws, regulations, contracts, grant agreements or other matters. Finding number 1 was also reported in the prior year.

1. DEFICIENCIES IN FINANCIAL REPORTING

The financial statements prepared by Blue Ridge Community College contained numerous misstatements. As a result, the financial statements could be misleading to readers.

Misstatements noted in our audit included:

- a. All restricted cash, both current and noncurrent, was erroneously reported as current unrestricted cash.
- b. Capital related receivables in the amount of \$65,025.86 were erroneously reported as current receivables rather than noncurrent.
- c. Restricted expendable net assets and unrestricted net assets were misclassified by \$844,734.84.
- d. County appropriations totaling \$226,296.91 was improperly classified as capital grants.
- e. Outstanding commitments on construction contracts in the amount of \$53,192.00 were erroneously reported as a payable and supplies and materials expense. The commitments note was understated by this amount.
- f. A capital gift donated in 2001 with a fair value of \$139,494.00 was recorded erroneously as current year revenue. Related depreciation for years 2001-2005 totaling to \$25,573.90 was erroneously recorded as current year expense. The correction resulted in a restated beginning balance of \$113,920.10.
- g. Various other misstatements were made in the financial statements, notes to the financial statements, and management's discussion and analysis.

Management is responsible for the fair presentation of the College's financial position and the results of operations in accordance with accounting principles generally accepted in the United States of America.

Recommendation: The College should place greater emphasis on the year-end financial reporting process and implement effective internal control to ensure the completeness and accuracy of the financial statements.

AUDIT FINDINGS AND RECOMMENDATIONS (CONCLUDED)

College's Response: The College concurs with the finding. With the employment of a new Director of Administrative Services who is a Certified Public Accountant with experience and expertise in financial reporting, we will take measures to ensure that these matters will not occur again.

2. IMPROPER APPROVAL PROCEDURES FOLLOWED

During our audit, we noted several instances where improper approval procedures were followed. Without proper approval of transactions, errors or misappropriations may not be prevented or detected.

Specifically, we noted the following:

- a. The preparer of the Capital Improvement Request for Payment form (DCC 2-16 and DCC 2-17) used a rubber stamp to indicate approval by the College President and the Chairman of the Board.
- b. Travel reimbursement requests were rubber stamped with the signature of the President to indicate approval.
- c. Purchase requisitions were initiated and approved by the same person.

Recommendation: The College should design and implement internal control procedures that ensure transactions are reviewed and approved at the appropriate level of management.

College's Response: The College concurs with the finding. A review of proper approving procedure has been initiated to ensure that internal control procedures are in place for all transactions.
