### AUDITOR'S TRANSMITTAL

The Honorable Pat McCrory, Governor The General Assembly of North Carolina Board of Commissioners, USS North Carolina Battleship Commission

We have completed a financial statement audit of the USS North Carolina Battleship Commission for the year ended September 30, 2012, and our audit results are included in this report. You will note from the independent auditor's report that we determined that the financial statements are presented fairly in all material respects.

The results of our tests disclosed no deficiencies in internal control over financial reporting that we consider to be material weaknesses in relation to our audit scope or any instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

*North Carolina General Statutes* require the State Auditor to make audit reports available to the public. Copies of audit reports issued by the Office of the State Auditor may be obtained through one of the options listed in the back of this report.

### **INDEPENDENT AUDITOR'S REPORT**

Board of Commissioners USS North Carolina Battleship Commission Wilmington, North Carolina

We have audited the accompanying financial statements of the USS North Carolina Battleship Commission (the "Commission") and its discretely presented component unit, as of and for the year ended September 30, 2012, which collectively comprise the Commission's basic financial statements, as listed in the table of contents. These financial statements are the responsibility of the Commission's management. Our responsibility is to express an opinion on these financial statements based on our audit. We did not audit the financial statements of the Friends of the Battleship North Carolina, Inc., the Commission's discretely presented component unit. Those financial statements were audited by other auditors whose report thereon has been furnished to us, and our opinions, insofar as they relate to the amounts included for that entity are based on the report of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The financial statements of the Friends of the Battleship North Carolina, Inc. were not audited in accordance with *Governmental Auditing Standards*. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the report of other auditors provide a reasonable basis for our opinions.

As discussed in Note 1, the financial statements present only the Commission and its discretely presented component unit, Friends of the Battleship North Carolina, Inc., and do not purport to, and do not, present fairly the financial position of the State of North Carolina as of September 30, 2012, the changes in its financial position, or, where applicable, its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the

USS North Carolina Battleship Commission and its discretely presented component unit as of September 30, 2012, and the respective changes in financial position and cash flows where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated July 22, 2013 on our consideration of the Commission's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis be presented to supplement the basic financial statements. Such information, although not part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during the audit of the basic financial statements. However, we do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

July 22, 2013

This section of the financial report presents Management's Discussion and Analysis and provides an overview of the financial activities of the USS North Carolina Battleship Commission (the "Commission") for the fiscal year ended September 30, 2012, with comparative data for the fiscal year ended September 30, 2011. Since management's discussion and analysis is designed to focus on current activities, resulting change and currently known facts, please read it in conjunction with the Commission's basic financial statements and notes to the financial statements. The basic financial statements include a Statement of Net Assets, Statement of Revenues, Expenses, and Changes in Net Assets, Statement of Cash Flows, and Notes to the Financial Statements. Responsibility for the completeness and fairness of this information rests with the Commission.

While the financial statements reflect on the Commission as a whole, the Commission is an enterprise, non-appropriated fund activity of the State of North Carolina that is required by general statute to be self-sufficient for its annual operations. Funding for the annual operation of the Commission is met primarily from revenues generated through admissions to tour the ship and gift shop sales, hence a principal focus on the Statement of Revenues, Expenses, and Change in Net Assets.

### Financial Highlights

For fiscal year 2012, the 216,438 visitors to the Battleship North Carolina Memorial (the "Battleship") reflected a 12.05% increase in visitation over the previous year total of 193,150 visitors. Unusually moderate weather and celebration of the 50th anniversary of the Battleship mooring in Wilmington, North Carolina contributed to the increase in visitation. The following table summarizes the major categories of assets, liabilities, and net assets and their corresponding changes.

#### Condensed Statement of Net Assets For the Years Ended September 30, 2012 and 2011 (in thousands)

During fiscal year 2012, the Friends of the Battleship North Carolina, Inc. (the "Friends") continued the Generations Campaign. The Generations Campaign is a capital campaign effort to continue the mission of the Battleship as a living memorial to those who served their country. The Battleship serves as a center for education and inspiration to future generations of leaders. Gifts will be used to sustain its mission as a living classroom where history comes alive with a call to learn and to serve.

Generations Campaign gifts are received by the discretely presented component unit, the Friends. The Friends is a not-for-profit 501 (c) (3) charitable organization with the purpose of promoting and supporting the Battleship.

For the year ended September 30, 2012, total assets increased 3.64%. The 6.09% increase in current assets was primarily caused by market value changes in investments and an increase in receivables from the Generations Campaign expenses paid by the Commission. The 43.14% decrease in nondepreciable capital assets was due to the transfer of the cofferdam from construction in progress to a depreciable asset. The 33.80% decrease in current liabilities was primarily contributable to a decrease in contracts associated with the completion of the hull and mast repairs.

### **Capital Assets**

As of September 30, 2012, the Battleship recorded \$5.05 million in gross capital assets, \$2.07 million in accumulated depreciation, and \$2.98 million in net capital assets. The following table depicts the changes in the two years presented.

#### Capital Assets, Net For the Years Ended September 30, 2012 and 2011 (in thousands)

The 48.83% decrease in construction in progress was mainly due the transfer of the cofferdam to infrastructure during the year.

### Statement of Revenues, Expenses, and Changes in Net Assets

The Statement of Revenues, Expenses, and Changes in Net Assets reflect an overall increase in net assets for the fiscal year ending September 30, 2012. The following table identifies variances between the two fiscal years.

#### Condensed Statement of Revenues, Expenses, and Changes in Net Assets For the Years Ended September 30, 2012 and 2011 (in thousands)

Operating revenues increased 6.80%, due to increases of 9.72% in sales and services and 10.03% in admission fees netted against a 17.59% decrease in other revenue.

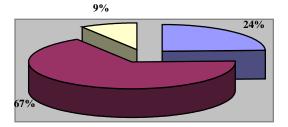

The Sales Department broadened the variety of merchandise for sale and introduced new items to the public as well as launching of the online e-commerce Battleship's store. Marketing efforts were increased to promote the onsite and online shopping experiences.

Admission fees increased for the period ending September 30, 2012 with correlation to the celebration of the 50th anniversary of the Battleship being moored in Wilmington, North Carolina. On October 2, 2011, the Battleship reverted pricing for one day, back to the original pricing of 1961 at \$.50 per adult and \$.25 per child. Record visitation surged to one of the best attended days in the history of the Battleship, at 5,278 visitors coming aboard. On average, over the past five years, visitation on that same date is 586 people, calculating to an increase of 4,692 visitors on that date alone.

The decrease in other operating revenues was a direct relationship to the cancellation of special events due to inclement weather and nonrecurring revenue sources associated with the 50th anniversary in 2011.

Fluctuations in the fair market value of the Commission's investment portfolio and the transfer of funds for liquidity increased investment income by 902.09%.

Operating revenues are primarily related to funds received from visitation and gift shop sales. The following is a graphic illustration of operating revenues by source as described above.

The following table identifies variances between the two fiscal years for the components of operating expenses.

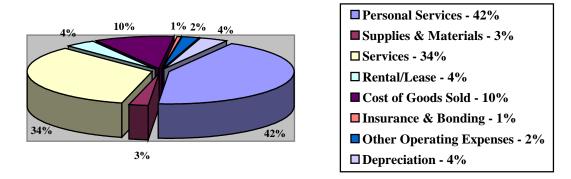

(in thousands)

Operating Expenses For the Years Ended September 30, 2012 and 2011 (in thousands)

Position reclassification, legislative increases, retirement contribution, and medical insurance expenses paid by the Commission increased personal services by 3.14%. The completion of the hull repair and maintenance of the Battleship's bow decreased services by 52.66%. Expenses associated with rental/lease decreased 9.87% for the period ending September 30, 2012, in correlation with conclusion of the celebration of the 50th anniversary of the Battleship being moored in Wilmington, North Carolina. During the prior fiscal year, the Commission leased additional billboards to advertise during the celebration. In addition, an evaluation of billboard locations deemed it necessary not to renew contracts which were

not strategically located for promotional purposes. High visitation during the year increased expenses for cost of goods by 18.99%.

The following is a graphic illustration of operating expenses by source as described above.

### **Financial Outlook**

As it has for virtually all businesses, the state of the economy requires a more conservative approach to revenue projections and a more stringent control of discretionary expenditures. With tourists opting for shorter duration vacations closer to home, the Commission's marketing focus has shifted more towards advertising in-state and in neighboring states.

During fiscal year 2012, the Friends continued a multi-year fundraising project called the Generations Campaign. The Generations Campaign gifts will fund hull repairs and program upgrades to ensure the Battleship's ongoing memorial and educational roles that teach and instill pride in all who come aboard. The Battleship Commission is pursuing an appropriation through the North Carolina General Assembly (under the Repair and Restoration budget) for hull repairs and now the Friends are raising funds for hull repairs, memorialization and education through the Generations Campaign. Some of the Friends funds may eventually support the hull repair, to augment the appropriation as a public private partnership.

#### NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES

A. Financial Reporting Entity - The concept underlying the definition of the financial reporting entity is that elected officials are accountable to their constituents for their actions. As required by accounting principles generally accepted in the United States of America (GAAP), the financial reporting entity includes both the primary government and all of its component units. An organization other than a primary government serves as a nucleus for a reporting entity when it issues separate financial statements. The USS North Carolina Battleship Commission (the "Commission") is a part of the State of North Carolina and is not a separate legal or reporting entity. The Commission's accounts and transactions are included in the State of North Carolina's *Comprehensive Annual Financial Report* as an enterprise fund.

The accompanying financial statements present all funds belonging to the Commission and its component unit. The Commission's discretely presented component unit is presented in the financial statements. The discretely presented component unit's financial data are reported in separate financial statements because of its use of different GAAP reporting models and to emphasize its legal separateness.

**Discretely Presented Component Unit** - The Friends of the Battleship North Carolina, Inc. (the "Friends") is a legally separate not-for-profit corporation and is reported as a discretely presented component unit based on the nature and significance of their relationship to the Commission. The Friends was organized under the laws of North Carolina for the purposes of promoting and supporting the Battleship North Carolina.

The Friends is a not-for-profit organization that reports its financial results under Financial Accounting Standards Board (FASB) Statements. As such, certain revenue recognition criteria and presentation features are different from the Governmental Accounting Standards Board (GASB) revenue recognition criteria and presentation features. No modifications have been made to the Friends' financial information in the Commission's financial reporting entity for these differences.

During the fiscal year ended September 30, 2012, the Friends made inkind donations of \$27,476 to the Commission. Donations included contributions from various vendors for reimbursement of fireworks display, grants for fire and safety, computer and audio visual equipment, exhibit material, and restoration. Complete financial statements for the Friends may be obtained by mailing a request to Friends of the Battleship North Carolina, Inc., P O Box 480, Wilmington, NC 28402, or by calling 910-251-5797, ext. 2045.

**B. Basis of Presentation** - The accompanying financial statements are presented in accordance with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB).

Pursuant to the provisions of GASB Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*, the full scope of the Commission's activities is considered to be a single business-type activity and accordingly, is reported within a single column in the basic financial statements.

In accordance with GASB Statement No. 20, *Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting*, the Commission does not apply Financial Accounting Standards Board (FASB) pronouncements issued after November 30, 1989, unless the GASB amends its pronouncements to specifically adopt FASB pronouncements issued after that date.

**C. Basis of Accounting** - The financial statements of the Commission have been prepared using the economic resource measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred, regardless of the timing of the cash flows.

Nonexchange transactions, in which the Commission receives (or gives) value without directly giving (or receiving) equal value in exchange include donations. Revenues are recognized as soon as all eligibility requirements imposed by the provider have been met, if probable of collection.

- **D.** Cash and Cash Equivalents This classification includes undeposited receipts, petty cash, cash on deposit with private bank accounts, and deposits held by the State Treasurer in the Short-Term Investment Fund. The Short-Term Investment Fund maintained by the State Treasurer has the general characteristics of a demand deposit account in that participants may deposit and withdraw cash at any time without prior notice or penalty.
- **E. Investments** Investments generally are reported at fair value, as determined by quoted market prices or estimated amounts determined by management if quoted market prices are not available. Because of the

inherent uncertainty in the use of estimates, values that are based on estimates may differ from the values that would have been used had a ready market existed for the investments. The net increase in the fair value of investments is recognized as a component of investment income.

Money market accounts are reported at cost, if purchased or at fair value or appraised value at date of gift, if donated.

- **F. Receivables** Receivables consist of charges to customers for sales and services, amounts due for commissions, and various charges to vendors. Receivables also include amounts due from the related not-for-profit corporation in connection with reimbursement of allowable expenditures made pursuant to the Friends of the Battleship North Carolina, Inc. Generations Campaign memorandum of understanding. Receivables are considered fully collectible; accordingly, no allowance for doubtful accounts is required.
- **G. Inventories** Inventories, consisting of expendable supplies and merchandise for resale, are valued at cost using the average cost method.
- **H.** Capital Assets Capital assets are stated at cost at the date of acquisition or fair value at date of donation in the case of gifts. The value of assets constructed includes all material direct and indirect construction costs. Interest costs incurred are capitalized during the period of construction.

The Commission capitalizes assets that have a value or cost of \$5,000 or greater at the date of acquisition and an estimated useful life of more than one year.

Depreciation is computed using the straight-line method over the estimated useful lives of the assets, generally 30 to 75 years for general infrastructure, 35 years for buildings, and 10 to 50 years for equipment.

The Commission does not capitalize the Battleship exhibit or its art and artifact collections. These collections adhere to the Commission's policy to maintain for public exhibition, education, or research; protect, keep unencumbered, care for, and preserve; and require proceeds from their sale to be used to acquire other collection items. Accounting principles generally accepted in the United States of America permit collections maintained in this manner to be charged to operations at time of purchase rather than be capitalized.

I. Restricted Assets - Certain resources are reported as restricted assets because restrictions on asset use change the nature or normal understanding of the availability of the asset. Resources that are not available for current operations and are reported as restricted include resources restricted for the acquisition or construction of capital assets and resources whose use is limited by external parties.

- **J.** Noncurrent Long-Term Liabilities Noncurrent long-term liabilities include compensated absences that will not be paid within the next fiscal year.
- **K.** Compensated Absences The Commission's policy is to record the cost of vacation leave when earned. The policy provides for a maximum accumulation of unused vacation leave of 30 days which can be carried forward each January 1 or for which an employee can be paid upon termination of employment. When classifying compensated absences into current and noncurrent, leave is considered taken using a last-in, first-out (LIFO) method. Also, any accumulated vacation leave in excess of 30 days at year-end is converted to sick leave. Under this policy, the accumulated vacation leave for each employee at September 30 equals the leave carried forward at the previous December 31 plus the leave earned, less the leave taken between January 1 and September 30.

In addition to the vacation leave described above, compensated absences include the accumulated unused portion of the special annual leave bonuses awarded by the North Carolina General Assembly. The bonus leave balance on December 31 is retained by employees and transferred into the next calendar year. It is not subject to the limitation on annual leave carried forward described above and is not subject to conversion to sick leave.

There is no liability for unpaid accumulated sick leave because the Commission has no obligation to pay sick leave upon termination or retirement. However, additional service credit for retirement pension benefits is given for accumulated sick leave upon retirement.

L. Net Assets - The Commission's net assets are classified as follows:

**Invested in Capital Assets** - This represents the Commission's total investment in capital assets.

**Restricted Net Assets** – **Expendable** - Expendable restricted net assets include resources for which the Commission is legally or contractually obligated to spend in accordance with restrictions imposed by external parties.

**Unrestricted Net Assets** - Unrestricted net assets include resources derived from admission fees, sales and services, unrestricted gifts, royalties, and interest income.

When both restricted and unrestricted funds are available for expenditure, the decision for funding is internally generated by management of the Commission.

M. Revenue and Expense Recognition - The Commission classifies its revenues and expenses as operating or nonoperating in the accompanying Statement of Revenues, Expenses, and Changes in Net Assets. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the Commission's principal ongoing operations. Operating revenues include all charges to customers. Operating expenses are all expense transactions incurred other than those related to capital and noncapital financing or investing activities as defined by GASB Statement No. 9, *Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Governmental Entities That Use Proprietary Fund Accounting*.

Nonoperating revenues include activities that have the characteristics of nonexchange transactions. Revenues from nonexchange transactions and gifts to the Commission, as well as investment income, are considered nonoperating since these are either investing, capital, or noncapital financing activities. Capital contributions are presented separately after nonoperating revenues and expenses.

### NOTE 2 - DEPOSITS AND INVESTMENTS

**A. Deposits** - At September 30, 2012, the amount shown on the Statement of Net Assets as cash and cash equivalents includes \$1,048,948.99 which represents the Commission's equity position in the State Treasurer's Short-Term Investment Fund. The Short-Term Investment Fund (a portfolio within the State Treasurer's Investment Pool, an external investment pool that is not registered with the Securities and Exchange Commission and does not have a credit rating) had a weighted average maturity of 1.5 years as of September 30, 2012. Assets and shares of the Short-Term Investment Fund are valued at amortized cost, which approximates fair value. Deposit and investment risks associated with the State Treasurer's Investment Pool (which includes the State Treasurer's Short-Term Investment Fund) are included in the State of North Carolina's Comprehensive Annual Financial Report. An electronic version of this report is available by accessing the North Carolina Office of the State Controller's Internet home page http://www.osc.nc.gov/ and clicking on "Reports," or by calling the State Controller's Financial Reporting Section at (919) 707-0500.

Cash on hand at September 30, 2012 was \$23,560.00. The carrying amount of the Commission's deposits not with the State Treasurer was \$2,534,139.77 and the bank balance was \$2,504,413.52.

Custodial credit risk is the risk that in the event of a bank failure, the Commission's deposits may not be returned to it. The bank balance of demand deposits with the private financial institutions at September 30, 2012, consisted of non-interest bearing checking accounts totaling \$2,504,413.52. As of September 30, 2012, the Commission's bank balance of \$2,504,413.52, participated in a bank program which provided depositors with unlimited coverage for non-interest bearing transaction accounts at participating FDIC-insured institutions.

**B. Investments** - As outlined in its cash management plan, the Commission is authorized to invest excess funds for the purpose of earning additional income.

The following table represents the fair value of investments by type and investment subject to interest rate risk at September 30, 2012. Interest rate risk is defined by GASB Statement No. 40 as the risk a government may face should interest rate variances affect the fair value of investments. The Commission does not have a formal policy that addresses interest rate risk.

*Custodial Credit Risk*: Custodial credit risk is the risk that, in the event of the failure of the counterparty, the Commission will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Commission does not have a formal policy for custodial credit risk.

Due from the Friends of the Battleship North Carolina, Inc.		283,942.00		
Total Current Receivables	\$	310,829.29		

### **NOTE 4** - **RESERVE FUND**

In accordance with *North Carolina General Statute* 143B-74.1 the Commission established, on January 6, 1984, a cash reserve fund for contingencies and emergencies beyond those occurring in the course of routine maintenance and operation. This reserve is equal to one-half of the authorized operating budget for that fiscal year.

Accordingly, 50% of the authorized normal operating budget for fiscal year 2012 of \$3,080,000 yields a reserve requirement of \$1,540,000. For reporting purposes, this reserve is included in unrestricted net assets. At yearend the value of the investment portfolio, described in Note 2, exceeded the reserve requirement; therefore, the \$709,107.34 excess is considered available for operations and restoration projects.

#### **NOTE 5** - **RESTORATION FUND**

In 1998, the Commission undertook a capital campaign for the restoration of the Battleship North Carolina. The first project completed was the replacement of the teak deck. Subsequent projects now completed included repairs to the hull and maintenance of the bow of the ship. Currently in design is the restoration of the main deck interior spaces. Funds in excess of those needed for these projects are held in the Restoration Fund to fund future restoration projects. While the capital campaign has ended, contributions continue to be made to the fund. For the fiscal year ended September 30, 2012, the Commission received donations in the amount of \$24,454.70.

At year end, these funds were on deposit with Wells Fargo Bank, N.A with an ending restricted balance of \$47,655.39.

### NOTE 6 - CAPITAL ASSETS

### NOTE 9 - OPERATING LEASE OBLIGATIONS

The Commission entered into operating leases for the postage machine. Future minimum lease payments under noncancelable operating leases consist of the following at September 30, 2012:

Fiscal Year		Amount			
2013	\$	1,788.00			
2014 2015		1,788.00 1,788.00			
2016		1,788.00			
Total Minimum Lease Payments		7,152.00			

Rental expense for all operating leases during the year was \$137,826.17.

### NOTE 10 - PENSION PLANS

A. Retirement Plans - Each permanent full-time employee, as a condition of employment, is a member of the Teachers' and State Employees' Retirement System (System). The Teachers' and State Employees' Retirement System is a cost-sharing multiple-employer defined benefit pension plan established by the State to provide pension benefits for employees of the State, its component units, and local boards of education. The plan is administered by the North Carolina State Treasurer.

Benefit and contribution provisions for the Teachers' and State Employees' Retirement System are established by *North Carolina General Statutes 135-5 and 135-8* and may be amended only by the North Carolina General Assembly. Employer and member contribution rates are set each year by the North Carolina General Assembly based on annual actuarial valuations. For the year ended September 30, 2012, these rates were set at 8.33% of covered payroll for employers and 6% of covered payroll for members.

For the current fiscal year, the Commission had a total payroll of \$1,004,560.88, of which \$906,714.05 was covered under the Teachers' and State Employees' Retirement System. Total employer and employee contributions for pension benefits for the year were \$69,801.97 and \$54,402.84, respectively.

The required employer contribution rate for the period of July 1, 2012 through September 30, 2012 was 8.33%, for the period July 1, 2011

through June 30, 2012 was 7.44%, for the period of July 1, 2010 through June 30, 2011 was 4.93% and for the period of October 1, 2009 through June 30, 2010 was 3.57%. The employee contributions were 6% for all periods. The Commission made 100% of its annual required contributions for the years ended September 30, 2012, 2011, and 2010, which were \$69,801.97, \$49,984.91, and \$31,074.15, respectively.

The Teachers' and State Employees' Retirement System's financial information is included in the State of North Carolina's *Comprehensive Annual Financial Report*. An electronic version of this report is available by accessing the North Carolina Office of the State Controller's Internet home page <u>http://www.osc.nc.gov/</u> and clicking on "Reports," or by calling the State Controller's Financial Reporting Section at (919) 707-0500.

**B.** Supplemental Retirement Income Plan - IRC Section 401(k) Plan - All members of the Teachers' and State Employees' Retirement System are eligible to enroll in the Supplemental Retirement Income Plan, a defined contribution plan, created under Internal Revenue Code Section 401(k). All costs of administering the Plan are the responsibility of the Plan participants. The voluntary contributions by employees amounted to \$5,100.00 for the year ended September 30, 2012.

### NOTE 11 - OTHER POSTEMPLOYMENT BENEFITS

A. Health Benefits - The Commission participates in the Comprehensive Major Medical Plan (the Plan), a cost-sharing, multiple-employer defined benefit health care plan that provides postemployment health insurance to eligible former employees. Eligible former employees include long-term disability beneficiaries of the Disability Income Plan of North Carolina and retirees of the Teachers' and State Employees' Retirement System. Coverage eligibility varies depending on years of contributory membership service in their retirement system prior to disability or retirement.

The Plan's benefit and contribution provisions are established by the State Treasurer and the Board of Trustees of the State Health Plan for Teachers and State Employees as authorized by Chapter 135, Article 3B, of the General Statutes. The Plan does not provide for automatic post-retirement benefit increases.

By General Statute, a Retiree Health Benefit Fund (the Fund) has been established as a fund in which accumulated contributions from employers and any earnings on those contributions shall be used to provide health benefits to retired and disabled employees and applicable beneficiaries. By statute, the Fund is administered by the Board of Trustees of the Teachers' and State Employees' Retirement System and contributions to the fund are irrevocable. Also by law, Fund assets are dedicated to providing benefits to retired and disabled employees and applicable beneficiaries and are not subject to the claims of creditors of the employers making contributions to the Fund. Contribution rates to the Fund, which are intended to finance benefits and administrative expenses on a pay-as-you-go basis, are determined by the State Treasurer and the Board of Trustees of the State Health Plan for Teachers and State Employees.

For the period October 1, 2011 through June 30, 2012, the Commission contributed 5.0% of the covered payroll under the Teachers' and State Employees' Retirement System for these health care benefits and for the period July 1, 2012 through September 30, 2012, the Commission contributed 5.3%. For the period October 1, 2010 through June 30, 2011 the required contribution rate was 4.9%, for the period July 1, 2011 through September 30, 2011 was 5.0%, for the period October 1, 2009 through June 30, 2010 was 4.5%, and for the period July 1, 2010 through September 30, 2010 was 4.9%. The Commission made 100% of its annual required contributions to the Plan for the years ended September 30, 2012, 2011, and 2010, which were \$46,125.29, \$44,296.13, and \$41,887.50, respectively. The Commission assumes no liability for retiree health care benefits provided by the programs other than its required contribution.

Additional detailed information about these programs can be located in the state of North Carolina's *Comprehensive Annual Financial Report*. An electronic version of this report is available by accessing the North Carolina Office of the State Controller's Internet home page <u>http://www.osc.nc.gov/</u> and clicking on "Reports" or by calling the State Controller's Financial Reporting Section at (919) 707-0500.

**B. Disability Income** - The Commission participates in the Disability Income Plan of North Carolina (DIPNC), a cost-sharing, multipleemployer defined benefit plan, to provide short-term and long-term disability benefits to eligible members of the Teachers' and State Employees' Retirement System. Benefit and contribution provisions are established by Chapter 135, Article 6, of the General Statutes, and may be amended only by the North Carolina General Assembly. The plan does not provide for automatic post-retirement benefit increases.

Disability income benefits are funded by actuarially determined employer contributions that are established by the General Assembly. For the fiscal year ended September 30, 2012, the Commission made a statutory

contribution of .44% of covered payroll under the Teachers' and State Employees' Retirement System and the Optional Retirement Program to the DIPNC. Required contribution rates for the years ended September 30, 2012, and 2011, were .44% and .52%, respectively. The Commission made 100% of its annual required contributions to the DIPNC for the years ended September 30, 2012, 2011, and 2010, which were \$4,504.34, \$4,676.95, and \$4,735.11, respectively. The Commission assumes no liability for long-term disability benefits under the Plan other than its contribution.

Additional detailed information about the DIPNC is disclosed in the State of North Carolina's *Comprehensive Annual Financial Report*.

### NOTE 12 - RISK MANAGEMENT

The Commission is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These exposures to loss are handled via a combination of methods, including participation in State-administered insurance programs, purchase of commercial insurance, and self-retention of certain risks. There have been no significant reductions in insurance coverage from the previous year and settled claims have not exceeded coverage in any of the past three fiscal years.

The risk of tort claims of up to \$1,000,000 per claimant is retained under the authority of the State Tort Claims Act. In addition, the State provides excess public officers' and employees' liability insurance up to \$10,000,000 via contract with a private insurance company. The Commission pays the premium, based on a composite rate, directly to the private insurer.

The Commission is required to maintain fire and lightning coverage on all State-owned buildings and contents through the State Property Fire Insurance Fund (Fund), an internal service fund of the State. The Commission also purchased through the Fund, extended coverage and other property coverage such as sprinkler leakage, business interruption, vandalism, theft, and "all risks" for buildings and contents. The Fund charges premiums for this coverage discounted from the industry manual rates. All losses covered by the Fund are subject to a \$5,000 per occurrence deductible, except for theft, which carries a \$1,000 per occurrence deductible. The Commission purchases excess insurance from a private insurer to cover losses over the amounts insured by the Fund.

All State-owned vehicles are covered by liability insurance through a private insurance company and handled by the North Carolina Department of Insurance. The liability limits for losses are \$1,000,000 per claim and

\$10,000,000 per occurrence. The Commission pays premiums to the North Carolina Department of Insurance for the coverage.

The Commission is protected for losses from employee dishonesty and computer fraud. This coverage is with a private insurance company and is handled by the North Carolina Department of Insurance. The Commission is charged a premium by the private insurance company. Coverage limit is \$5,000,000 per occurrence. The private insurance company pays 90% of each loss less a \$75,000 deductible.

Commission employees and retirees are provided comprehensive major medical care benefits. Coverage is funded by contributions to the State Health Plan (Plan), a discretely presented component unit of the State of North Carolina. The Plan has contracted with third parties to process claims.

The North Carolina Workers' Compensation Program provides benefits to workers injured on the job. All employees of the State and its component units are included in the program. When an employee is injured, the Commission's primary responsibility is to arrange for and provide the necessary treatment for work related injury. The Commission is responsible for paying medical benefits and compensation in accordance with the North Carolina Workers' Compensation Act. The Commission retains the risk for workers' compensation.

Term life insurance (death benefits) of \$25,000 to \$50,000 is provided to eligible workers. This Death Benefit Plan is administered by the State Treasurer and funded via employer contributions. The employer contribution rate was .16% for the current fiscal year.

Additional details on the State-administered risk management programs are disclosed in the State's *Comprehensive Annual Financial Report*, issued by the Office of the State Controller.

### NOTE 13 - COMMITMENTS

The Commission has established an encumbrance system to track its outstanding commitments on construction projects and other purchases. Outstanding commitments on construction contracts were \$79,312.50 and other miscellaneous contractual services were \$142,764.50 as of September 30, 2012.

### INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Commissioners USS North Carolina Battleship Commission Wilmington, North Carolina

We have audited the financial statements of the USS North Carolina Battleship Commission, and its discretely presented component unit, as of and for the year ended September 30, 2012, which collectively comprise the Commission's basic financial statements and have issued our report thereon dated July 22, 2013. Our report includes a reference to other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Other auditors audited the financial statements of the discretely presented component unit, as described in our report on the Commission's financial statements. The financial statements of the discretely presented component *Auditing Standards*.

### Internal Control Over Financial Reporting

The Commission's management is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the Commission's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Commission's internal control over financial, we do not express an opinion on the effectiveness of the Commission's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Commission's financial statements will not be prevented, or detected and corrected on a timely basis.

### INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS (CONCLUDED)

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we deficiencies in internal control over financial reporting that be deficiencies in internal control over financial reporting that be deficiencies in internal control over financial reporting that we deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Commission's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of management of the Commission, the Board of Commissioners, the Department of Cultural Resources, others within the entity, the Governor, the General Assembly, and the State Controller, and is not intended to be and should not be used by anyone other than these specified parties.
