The Honorable Pat McCrory, Governor  
Members of the North Carolina General Assembly  
The Honorable Janet Cowell, State Treasurer  
Department of State Treasurer

As part of our audit of the State of North Carolina's financial statements, we have audited selected elements of the Department of State Treasurer's financial statements, as of and for the year ended June 30, 2013. For State Health Plan cash basis expenditures, we made reference to the reports of other auditors as a basis, in part, for our opinion on the State's financial statements. Our audit was performed by authority of Article 5A of Chapter 147 of the *North Carolina General Statutes*. We conducted the audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Our audit objective was to render an opinion on the State of North Carolina's financial statements and not the Department's financial statements. However, the report included herein is in relation to our audit scope at the Department and not to the State of North Carolina as a whole. The State Auditor expresses an opinion on the State's financial statements in the *Comprehensive Annual Financial Report* published by the North Carolina Office of State Controller.

*North Carolina General Statutes* require the State Auditor to make audit reports available to the public. Copies of audit reports issued by the Office of the State Auditor may be obtained through one of the options listed in the back of this report.

**INDEPENDENT AUDITOR'S REPORT ON  
INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN  
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH  
GOVERNMENT AUDITING STANDARDS**

The Honorable Janet Cowell, State Treasurer  
and Management of the Department of State Treasurer

As part of our audit of the State of North Carolina's financial statements, we have audited selected elements of the Department of State Treasurer's financial statements, as of and for the year ended June 30, 2013. Our report on the State of North Carolina's financial statements is included in the State's *Comprehensive Annual Financial Report*. Our financial statement audit scope at the Department of State Treasurer included the following:

- State Treasurer's Investment Pool,
- Teachers' and State Employees' Retirement System,
- General Long Term Debt Accounts and Transactions, and
- State Health Plan cash basis expenditures – The detailed audit of this element was conducted by another auditor. Our work was limited to procedures necessary to make reference to the report of the other auditor as a basis, in part, for our opinion on the State's financial statements.

The audit results described below are in relation to our audit scope at the Department and not to the State of North Carolina as a whole.

We, and other auditors, conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. This report does not include the results of the other auditor's testing of internal control over financial reporting or compliance and other matters that are reported on separately by that auditor.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Department's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the State's financial the statements, but not for the purpose of expressing an opinion on the effectiveness of the

Department's internal control. Accordingly, we do not express an opinion on the effectiveness of the Department's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the State's financial statements are free of material misstatement, we performed tests of the Department's compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
