**AUDITOR'S TRANSMITTAL**

---

The Honorable Pat McCrory, Governor  
The General Assembly of North Carolina  
Board of Trustees, University of North Carolina School of the Arts

We have completed a financial statement audit of the University of North Carolina School of the Arts for the year ended June 30, 2014, and our audit results are included in this report. You will note from the independent auditor's report that we determined that the financial statements are presented fairly in all material respects.

The results of our tests disclosed no deficiencies in internal control over financial reporting that we consider to be material weaknesses in relation to our audit scope or any instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

*North Carolina General Statutes* require the State Auditor to make audit reports available to the public. Copies of audit reports issued by the Office of the State Auditor may be obtained through one of the options listed in the back of this report.

## INDEPENDENT AUDITOR'S REPORT

---

Board of Trustees  
University of North Carolina School of the Arts  
Winston-Salem, North Carolina

### Report on the Financial Statements

We have audited the accompanying financial statements of the University of North Carolina School of the Arts, a constituent institution of the multi-campus University of North Carolina System, which is a component unit of the State of North Carolina, and its discretely presented component unit, as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the University's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the University of North Carolina School of the Arts Housing Corporation, which represent 3.79 percent, 0.17 percent, and 1.24 percent, respectively, of the assets, net position, and revenues of the University; nor the financial statements of the University of North Carolina School of the Arts Program Support Corporation, which represent less than one percent of the respective assets, net position, and revenues of the University. In addition, we did not audit the financial statements of the University of North Carolina School of the Arts Foundation, Inc., the University's discretely presented component unit. Those statements were audited by other auditors, whose reports have been furnished to us, and our opinions, insofar as they relate to the amounts included for those entities, are based solely on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

## **INDEPENDENT AUDITOR'S REPORT (CONTINUED)**

---

Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of the University of North Carolina School of the Arts Housing Corporation, the University of North Carolina School of the Arts Program Support Corporation, and the University of North Carolina School of the Arts Foundation, Inc. were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the University's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### Opinions

In our opinion, based on our audit and the reports of the other auditors, the financial statements referred to above present fairly, in all material respects, the financial position of the University of North Carolina School of the Arts and its discretely presented component unit, as of June 30, 2014, and the changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### Emphasis of Matter

As discussed in Note 16 to the financial statements, during the year ended June 30, 2014, the University of North Carolina School of the Arts adopted new accounting guidance, Governmental Accounting Standards Board Statement No. 65 – *Items Previously Reported as Assets and Liabilities*. Our opinion is not modified with respect to this matter.

### Other Matters – Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the

United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 18, 2014 on our consideration of the University's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the University's internal control over financial reporting and compliance.

## UNIVERSITY OF NORTH CAROLINA SCHOOL OF THE ARTS MANAGEMENT'S DISCUSSION AND ANALYSIS

---

### **Introduction**

This section of the University of North Carolina School of the Arts financial report provides an overview of the financial position and activities for the year ended June 30, 2014. This discussion has been prepared by management along with the financial statements and related notes to the financial statements and should be read in conjunction with the financial statements and the notes thereto, which follow this section. This discussion and analysis is designed to focus on current activities, resulting change, and current known facts.

### **Using the Financial Statements**

This annual report consists of a series of financial statements, prepared in accordance with standards issued by the Governmental Accounting Standards Board. These financial statements focus on the financial condition of the University, the results of operations, and cash flows of the University as a whole. The three financial statements presented include: the Statement of Net Position; the Statement of Revenues, Expenses, and Changes in Net Position; and the Statement of Cash Flows.

The Statement of Cash Flows provides information relative to the University's sources and uses of cash for operating activities, noncapital financing activities, capital and related financing activities, and investing activities. The statement provides a reconciliation of beginning cash balances to ending cash balances and is representative of the activity reported on the Statement of Revenues, Expenses, and Changes in Net Position as adjusted for changes in the beginning and ending balances of noncash accounts on the Statement of Net Position. For the purpose of this discussion, we will address the Statement of Net Position and the Statement of Revenues, Expenses, and Changes in Net Position.

The Notes to the Financial Statements provide information regarding the significant accounting principles applied in the financial statements, authority for and associated risk of deposits and investments, detailed information on deposits and investments, long-term liabilities, accounts receivable, accounts payable, revenues, expenses, required information on pension plans, other postemployment benefits, insurance against losses, commitments and contingencies, and if necessary, a discussion of accounting changes, adjustments to prior periods, and events subsequent to the University's financial statement period. Overall, these disclosures provide information to better understand details, risk, and uncertainty associated with amounts reported in the financial statements.

## MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

### Statement of Net Position

The Statement of Net Position presents the assets, liabilities, and net position of the University as of the end of the fiscal year. The purpose of the Statement of Net Position is to present the readers of the financial statements a fiscal snapshot of the University of North Carolina School of the Arts. The Statement of Net Position presents end-of-year data concerning assets (current and noncurrent), liabilities (current and noncurrent), and net position (assets plus deferred outflows minus liabilities plus deferred inflows).

From the data presented, readers of the Statement of Net Position are able to determine the assets available to continue the operations of the University. They are also able to determine how much the University owes vendors, investors and lending institutions. Finally, the Statement of Net Position provides a picture of the net position and their availability for expenditure by the University.

Net Position is divided into three major categories. The first category, net investment in capital assets provides the University's equity in property, plant, and equipment owned by the University. The next net position category is restricted net position, which is divided into two categories, nonexpendable and expendable. Nonexpendable restricted net position includes endowment investments, which are only available for investment purposes, and student loan funds. Expendable restricted net position is available for expenditure by the University, but must be spent for purposes as determined by donors and/or external entities that have placed certain restrictions on the use of the assets. This category includes restricted funds for endowment investments, capital projects, debt service, and other expendable restricted resources. The final category is unrestricted net position, which is available to the University for any lawful purpose of the University. The University uses available resources to acquire and improve all areas of the University to better serve the instructional and public service missions of the University. Please refer to the financial statements and notes to the financial statements for more detail.

## MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

---

The total assets of the University increased by \$29,986,893.25 for the year, with a majority of the increase representing current assets and capital assets, net of \$3,031,565.88 and \$25,384,804.75, respectively. Of the \$3,031,565.88 increase in current assets, approximately \$2,385,000.00 is related to an increase in unrestricted cash and cash equivalents. Approximately \$307,000.00 of this difference relates to the State allowing the University to carry forward more cash into subsequent year rather than reverting it. Approximately, \$1,096,000.00 of the increase relates to an increase in auxiliary administration and food services as a result of increased meal rates. Also, housing experienced an increase of cash on hand of approximately \$641,000.00 due to an increase of revenue received from summer programs and reduced spending when compared to prior year. The increase of \$25,384,804.75 in capital assets represents the net effect of an increase in construction in progress and a decrease in capital assets, net of accumulated depreciation. The University is still in the construction phase of four buildings and as a result, construction in progress increased by \$26,268,707.55 during the year. This was offset by a reduction of depreciable capital assets mainly due to the annual depreciation.

The total liabilities of the University increased \$2,587,469.38. An increase of \$2,814,420.64 in current liabilities was offset by a decrease of \$226,951.26 in remaining liabilities. Of the \$2,814,420.64 increase in current liabilities, \$2,848,687.54 was due to an increase in accounts payable and accrued payroll, offset with small decrease in current portion of long-term liabilities. As mentioned above, the University is in the process of constructing four new buildings. As a result, accounts payable for capital projects increased by approximately \$2,785,000.00 compared to prior year. The decrease in noncurrent liabilities resulted from a decrease in revenue bonds and certificates of participation of \$400,000.00, offset by an increase in compensated absences of approximately \$189,000.00. The decrease is a result of the University continuing to pay down its capital debt for revenue bond and certificate of participation debt.

The University's net position was \$149,075,802.65 at June 30, 2014, an increase of \$27,399,423.87 from the prior year, as restated (refer to Note 17 of the Notes to Financial Statements for details). The significant portion of the increase is in the category of net investment in capital assets of approximately \$26 million. The increase in net investment of capital assets is primarily due to increase in construction of progress, offset with current year depreciation and reduction in capital debt for revenue bond and certificate of participation debt.

### **Statement of Revenues, Expenses, and Changes in Net Position**

The Statement of Revenues, Expenses, and Changes in Net Position reports the University's results of operation for the fiscal year. Changes in total net position presented on the Statement of Net Position are based on the activity presented in the Statement of Revenues, Expenses, and Changes in Net Position. The purpose of this statement is to present the revenues received by the University and expenses paid by the University, both operating and nonoperating, and any other revenues, expenses, gains and losses received or spent by the University.

## MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

Generally speaking, operating revenues are received for providing instruction, goods, or services to the various customers of the University. Operating expenses are those expenses paid to acquire or produce the goods and services provided in return for the operating revenues, and to carry out the mission of the University. Nonoperating revenues are revenues received for which goods and services are not provided. For example, the state appropriations are nonoperating because they are provided by the state legislature which receives no goods or services in return for those revenues.

## MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

---

The Statement of Revenues, Expenses, and Changes in Net Position reported an increase in the net position at the end of the year. Total revenues totaled \$81,382,730.48 compared to \$56,517,328.63 from the previous year, an increase of \$24,865,401.85. Some of the highlights of the revenue accounts presented on the Statement of Revenues, Expenses, and Changes in Net Position are as follows:

- Student tuition and fees, net increased by \$1,530,064.64. This increase was mainly due to an increase in tuition and fees during the year. There was a \$600 tuition rate increase per resident student and non-resident student and increase rates for fees ranging from \$15.00 to \$450.00 per student.
- State appropriations increased \$4,714,137.01. This change was mainly as the result of additional funding of approximately \$4,466,330.00 received for maintenance and operation of the four buildings currently under construction.
- Investment income, net increased by \$773,209.40 as a result of continued improvement in the market which resulted in gains on investments.
- Capital grants increased \$19,072,549.40 due to increased state funding related to construction of the Library, Central Storage Facility, Campus Police Operation Center, and Film School Productions Design Facility.
- Additions to endowments decreased \$757,661.60. In fiscal year 2013, the University received \$1,000,461.60 to create two new endowments, as well as \$10,450.00 in additional funding for existing endowments. In fiscal year, 2014, no new endowments were created; however, the University did received \$253,250.00 of additional funding for existing endowments in the current year.

Total expenses were \$53,983,306.61 for fiscal year ended June 30, 2014 and \$48,876,854.11 for 2013, an increase of \$5,106,452.50. Operating expenses totaled \$53,617,683.62 for the year compared to \$48,187,757.66 from the previous year, an increase of \$5,429,925.96. The significant changes include:

- Salaries and benefits increased \$1,296,467.43 primarily due to filling new positions for the newly constructed buildings, increases in faculty and staff due to organizational/departmental changes, and increases to the University's share of insurance premiums, unemployment and retirement contributions.
- Supplies and Materials increased by \$3,768,027.17. This increase was a result of additional funding of state appropriation to purchase supplies and materials (equipment) for maintenance and operation of the four buildings currently under construction. There was also an increase of capital projects for repairs and renovations compared to prior year.

### **Capital Asset and Debt Administration**

The University's capital assets, net of accumulated depreciation at June 30, 2014, were \$123,684,401.01. Construction projects in progress for the 2013-2014 fiscal year totaled \$35,727,661.45. The school is currently constructing a new Library, Campus Police Operation

Center, Central Storage Facility, and Film School Production Design Facility. For more information about the University's asset holdings, refer to Note 5 of the Notes to the Financial Statements.

The University had \$9,301,226.16 in outstanding long-term debt at June 30, 2014, and continues to make all of its debt payments in a timely manner. No new debt was issued during the 2013-2014 fiscal year. Refer to Note 7 of the Notes to the Financial Statements for more detailed information about the University's debt obligations.

### **Economic Outlook**

The University's financial position remains positive as evidenced in the above financial statements. With the State's unemployment levels decreasing, new home construction rising steadily, and the real GDP projected to grow significantly, the state's and UNCOSA's financial health appear strong.

The University of North Carolina School of the Arts was led by Interim Chancellor James Moeser in the 2014 fiscal year. He worked to promote excellence both academically and artistically and to foster interdepartmental collaborations. Last year, three Design & Production students won U.S. Institute for Theatre Technology awards for the best in the nation in their fields. Music students won five awards at the Met Opera National Council Auditions. A Film student is a finalist in a contest sponsored by Sprite. Dance students won gold and two silvers at Youth America Grand Prix in Chicago. Visual Art students won a total of 76 awards from Scholastic Art & Writing. A high school Drama student achieved recognition as a Presidential Scholar in the Arts by the U.S. Department of Education. The Hollywood Reporter named the School of Filmmaking as number 13 of their Top 25 Film Schools in the United States list. The School of Drama also made the Hollywood Reporter's list of top 25 Drama Schools in the United States. The undergraduate program was ranked #6 and the high school program was ranked #3.

Our operations continued to support the instructional mission. Tuition rates were increased a flat \$600.00 per student per year. This increase supported graduate tuition remissions; need based financial aid, expansion and use of mobile applications as it relates to student/faculty/staff/parental support services, among others. We experienced an enrollment increase that was offset by a legislatively enacted and UNC Board of Governors allocated instructional and operational efficiency reduction. The Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) removed the public sanction placed on UNCOSA as a warning for not meeting five of their eighty standards. In April, we received approval to begin releasing operational budget for the newly constructed buildings. The new Library, Central Storage Building, Film School Production Design Facility, and Campus Police Operations Center will expand the operations of UNCOSA in the upcoming year.

At the end of the year, UNCOSA held its 50th Anniversary Kick-Off Gala. The Gala was a rousing success with 300 guests in attendance that raised \$15,000.00 in student scholarships and over \$200,000.00 in essential funds to help UNCOSA expand its reach and increase awareness of the university. We look forward to continuing the celebration with a Community Day in September 2014 and all student production of "Guys and Dolls" in the Spring of 2015.

**UNIVERSITY OF NORTH CAROLINA SCHOOL OF THE ARTS**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**JUNE 30, 2014**

---

**NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES**

- A. Financial Reporting Entity** - The concept underlying the definition of the financial reporting entity is that elected officials are accountable to their constituents for their actions. As required by accounting principles generally accepted in the United States of America (GAAP), the financial reporting entity includes both the primary government and all of its component units. An organization other than a primary government serves as a nucleus for a reporting entity when it issues separate financial statements. The University of North Carolina School of the Arts is a constituent institution of the multi-campus University of North Carolina System, which is a component unit of the State of North Carolina and an integral part of the State's *Comprehensive Annual Financial Report*.

The accompanying financial statements present all funds belonging to the University and its component units. While the Board of Governors of the University of North Carolina System has ultimate responsibility, the Chancellor, the Board of Trustees, and the Board of Trustees of the Endowment Fund have delegated responsibilities for financial accountability of the University's funds. The University's component units are either blended or discretely presented in the University's financial statements. The blended component units, although legally separate, are, in substance, part of the University's operations and therefore, are reported as if they were part of the University. The discretely presented component unit's financial data is reported in separate financial statements because of its use of a different GAAP reporting model and to emphasize its legal separateness.

**Blended Component Units** - Although legally separate, the University of North Carolina School of the Arts Housing Corporation (Housing Corporation) and the University of North Carolina School of the Arts Program Support Corporation (Program Support Corporation), component units of the University, are reported as if they were part of the University.

The Housing Corporation is governed by a five-member board. Its purpose is to aid, support, and promote the University, specifically by the ownership of the Center Stage apartment complex at 900 Center Stage Court, Winston-Salem, NC 27127. Because the directors are appointed by the Chancellor and its primary purpose is to benefit the University of North Carolina School of the Arts, its financial statements have been blended with those of the University.

The Program Support Corporation board consists of at least three and no more than 12 appointed directors. Its purpose is to foster, promote,

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

---

manage, assist, and support the schools of Dance, Design and Production, Drama, Filmmaking, and Music, and any other related activity of the University of North Carolina School of the Arts. Because the directors are appointed by the Chancellor and its primary purpose is to benefit the University of North Carolina School of the Arts, its financial statements have been blended with those of the University.

Separate financial statements for the Housing Corporation and Program Support Corporation may be obtained from the University Controller's Office, P.O. Box 12189, Winston-Salem, NC 27117, or by calling (336) 770-3304.

Condensed combining information regarding blended component units is provided in Note 15.

**Discretely Presented Component Unit** - The University of North Carolina School of the Arts Foundation, Inc. (Foundation) is a legally separate not-for-profit corporation and is reported as a discretely presented component unit based on the nature and significance of its relationship to the University.

The Foundation acts primarily as a fund-raising organization to supplement the resources that are available to the University in support of its programs. The Foundation board consists of not less than 12, nor more than 21 members. Although the University does not control the timing or amount of receipts from the Foundation, the majority of resources, or income thereon, that the Foundation holds and invests are restricted to the activities of the University by the donors. Because these restricted resources held by the Foundation can only be used by, or for the benefit of the University, the Foundation is considered a component unit of the University and is reported in separate financial statements because of the difference in its reporting model, as described below.

The University of North Carolina School of the Arts Foundation, Inc. reports its financial results under the Financial Accounting Standards Board (FASB) Codification. As such, certain revenue recognition criteria and presentation features are different from the Governmental Accounting Standards Board (GASB) revenue recognition criteria and presentation features. No modifications have been made to the Foundation's financial information in the University's financial reporting entity for these differences.

During the year ended June 30, 2014, the Foundation distributed \$292,321.00 to the University for both restricted and unrestricted purposes. Complete financial statements for the Foundation can be

obtained from the University of North Carolina School of the Arts Foundation, Inc., P.O. Box 12189, Winston-Salem, NC 27117.

Other related foundations and similar nonprofit corporations for which the University is not financially accountable are not part of the accompanying financial statements.

- B. Basis of Presentation** - The accompanying financial statements are presented in accordance with accounting principles generally accepted in the United States of America as prescribed by the GASB.

Pursuant to the provisions of GASB Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*, as amended by GASB Statement No. 35, *Basic Financial Statements - and Management's Discussion and Analysis - for Public Colleges and Universities*, the full scope of the University's activities is considered to be a single business-type activity and accordingly, is reported within a single column in the basic financial statements.

- C. Basis of Accounting** - The financial statements of the University have been prepared using the economic resource measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred, regardless of the timing of the cash flows.

Nonexchange transactions, in which the University receives (or gives) value without directly giving (or receiving) equal value in exchange, include state appropriations, certain grants, and donations. Revenues are recognized, net of estimated uncollectible amounts, as soon as all eligibility requirements imposed by the provider have been met, if probable of collection.

- D. Cash and Cash Equivalents** - This classification includes undeposited receipts, petty cash, cash on deposit with private bank accounts, and deposits held by the State Treasurer in the Short-Term Investment Fund (STIF). The STIF maintained by the State Treasurer has the general characteristics of a demand deposit account in that participants may deposit and withdraw cash at any time without prior notice or penalty.

- E. Investments** - Investments generally are reported at fair value, as determined by quoted market prices or estimated amounts determined by management if quoted market prices are not available. The fair value for investments in the UNC Investment Fund was based on amounts reported to the University by UNC Management Company, Inc. University management reviews and evaluates the values provided by UNC Management Company, Inc. as well as the valuation methods and

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

---

assumptions used in determining the fair value of such investments. Because of the inherent uncertainty in the use of estimates, values that are based on estimates may differ from the values that would have been used had a ready market existed for the investments. The net increase in the fair value of investments is recognized as a component of investment income.

Endowment investments include the principal amount of gifts and bequests that, according to donor restrictions, must be held in perpetuity or for a specified period of time, along with any accumulated investment earnings on such amounts.

- F. Receivables** - Receivables consist of tuition and fees charged to students and charges for auxiliary enterprises' sales and services. Receivables also include amounts due from the federal government, state and local governments, and private sources in connection with reimbursement of allowable expenditures made pursuant to contracts and grants. Receivables are recorded net of estimated uncollectible amounts.
- G. Inventories** - Inventories, consisting of expendable supplies, are valued at cost using the last invoice cost method. Merchandise for resale is valued using the retail inventory method.
- H. Capital Assets** - Capital assets are stated at cost at date of acquisition or fair value at date of donation in the case of gifts. The value of assets constructed includes all material direct and indirect construction costs. Interest costs incurred are capitalized during the period of construction.

The University capitalizes assets that have a value or cost of \$5,000 or greater at the date of acquisition and an estimated useful life of more than one year.

Depreciation is computed using the straight-line method over the estimated useful lives of the assets, generally 50 years for general infrastructure and buildings, and 5 to 25 years for equipment, except for specialized musical instruments (25 to 50 years).

The Regis Film collection is capitalized at cost or fair value at the date of donation. This collection is considered inexhaustible and is therefore not depreciated.

- I. Restricted Assets** - Certain resources are reported as restricted assets because restrictions on asset use change the nature or normal understanding of the availability of the asset. Resources that are not available for current operations and are reported as restricted include resources restricted for the acquisition or construction of capital assets, resources legally segregated for the payment of principal and interest as

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

---

required by debt covenants, unspent debt proceeds, and endowment and other restricted investments.

- J. Noncurrent Long-Term Liabilities** - Noncurrent long-term liabilities include principal amounts of revenue bonds payable, certificates of participation, and compensated absences that will not be paid within the next fiscal year.

Premiums, discounts, and issuance costs for the University are expensed for revenue bonds and certificates of participation.

- K. Compensated Absences** - The University's policy is to record the cost of vacation leave when earned. The policy provides for a maximum accumulation of unused vacation leave of 30 days which can be carried forward each January 1 or for which an employee can be paid upon termination of employment. When classifying compensated absences into current and noncurrent, leave is considered taken using a last-in, first-out (LIFO) method. Also, any accumulated vacation leave in excess of 30 days at year-end is converted to sick leave. Under this policy, the accumulated vacation leave for each employee at June 30 equals the leave carried forward at the previous December 31 plus the leave earned, less the leave taken between January 1 and June 30.

In addition to the vacation leave described above, compensated absences include the accumulated unused portion of the special annual leave bonuses awarded by the North Carolina General Assembly. The bonus leave balance on December 31 is retained by employees and transferred into the next calendar year. It is not subject to the limitation on annual leave carried forward described above and is not subject to conversion to sick leave.

There is no liability for unpaid accumulated sick leave because the University has no obligation to pay sick leave upon termination or retirement. However, additional service credit for retirement pension benefits is given for accumulated sick leave upon retirement.

- L. Net Position** - The University's net position is classified as follows:

**Net Investment in Capital Assets** - This represents the University's total investment in capital assets, net of outstanding debt obligations related to those capital assets. To the extent debt has been incurred but not yet expended for capital assets, such amounts are not included as a component of Net Investment in Capital Assets. Additionally, deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of capital assets or related debt are also included in this component of net position.

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

---

**Restricted Net Position - Nonexpendable** - Nonexpendable restricted net position includes endowments and similar type assets whose use is limited by donors or other outside sources, and, as a condition of the gift, the principal is to be maintained in perpetuity.

**Restricted Net Position - Expendable** - Expendable restricted net position includes resources for which the University is legally or contractually obligated to spend in accordance with restrictions imposed by external parties.

**Unrestricted Net Position** - Unrestricted net position includes resources derived from student tuition and fees, sales and services, unrestricted gifts, royalties, and interest income.

Restricted and unrestricted resources are tracked using a fund accounting system and are spent in accordance with established fund authorities. Fund authorities provide rules for the fund activity and are separately established for restricted and unrestricted activities. When both restricted and unrestricted funds are available for expenditure, the decision for funding is transactional based within the departmental management system in place at the University. For projects funded by tax-exempt debt proceeds and other sources, the debt proceeds are always used first. Both restricted and unrestricted net position include consideration of deferred inflows and outflows of resources.

- M. Scholarship Discounts** - Student tuition and fees revenues and certain other revenues from University charges are reported net of scholarship discounts in the accompanying Statement of Revenues, Expenses, and Changes in Net Position. The scholarship discount is the difference between the actual charge for goods and services provided by the University and the amount that is paid by students or by third parties on the students' behalf. Student financial assistance grants, such as Pell grants, and other federal, state, or nongovernmental programs, are recorded as nonoperating revenues in the accompanying Statement of Revenues, Expenses, and Changes in Net Position. To the extent that revenues from these programs are used to satisfy tuition, fees, and other charges, the University has recorded a scholarship discount.
- N. Revenue and Expense Recognition** - The University classifies its revenues and expenses as operating or nonoperating in the accompanying Statement of Revenues, Expenses, and Changes in Net Position. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the University's principal ongoing operations. Operating revenues include activities that have characteristics of exchange transactions, such as (1) student tuition and fees, (2) sales and services of auxiliary enterprises, (3) certain federal,

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

---

state, and local grants and contracts that are essentially contracts for services, and (4) interest earned on loans. Operating expenses are all expense transactions incurred other than those related to capital and noncapital financing or investing activities as defined by GASB Statement No. 9, *Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Governmental Entities That Use Proprietary Fund Accounting*.

Nonoperating revenues include activities that have the characteristics of nonexchange transactions. Revenues from nonexchange transactions and state appropriations that represent subsidies or gifts to the University, as well as investment income, are considered nonoperating since these are either investing, capital, or noncapital financing activities. Capital contributions are presented separately after nonoperating revenues and expenses.

- O. Internal Sales Activities** - The University has miscellaneous sales and service units that operated either on a reimbursement or charge basis. All internal sales activities to University departments from auxiliary operations and sales and service units have been eliminated in the accompanying financial statements. These eliminations are recorded by removing the revenue and expense in the auxiliary operations and sales and service units and, if significant, allocating any residual balances to those departments receiving the goods and services during the year.

### NOTE 2 - DEPOSITS AND INVESTMENTS

- A. Deposits** - Unless specifically exempt, the University is required by *North Carolina General Statute 147-77* to deposit moneys received with the State Treasurer or with a depository institution in the name of the State Treasurer. However, the University of North Carolina Board of Governors, pursuant to G.S. 116-36.1, may authorize the University to deposit its institutional trust funds in interest-bearing accounts and other investments authorized by the Board of Governors, without regard to any statute or rule of law relating to the investment of funds by fiduciaries. Although specifically exempted, the University may voluntarily deposit institutional trust funds, endowment funds, special funds, revenue bond proceeds, and debt service funds with the State Treasurer. Special funds consist of moneys for agency funds held directly by the University.

At June 30, 2014, the amount shown on the Statement of Net Position as cash and cash equivalents includes \$22,307,402.33 which represents the University's equity position in the State Treasurer's STIF. The STIF (a portfolio within the State Treasurer's Investment Pool, an external investment pool that is not registered with the Securities and Exchange Commission and does not have a credit rating) had a weighted average

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

---

maturity of 1.3 years as of June 30, 2014. Assets and shares of the STIF are valued at amortized cost, which approximates fair value. Deposit and investment risks associated with the State Treasurer's Investment Pool (which includes the State Treasurer's STIF) are included in the State of North Carolina's *Comprehensive Annual Financial Report*. An electronic version of this report is available by accessing the North Carolina Office of the State Controller's Internet home page <http://www.osc.nc.gov/> and clicking on "Reports" or by calling the State Controller's Financial Reporting Section at (919) 707-0500.

Cash on hand at June 30, 2014 was \$2,580.00. The carrying amount of the University's deposits not with the State Treasurer was \$15,996.51 and the bank balance was \$17,159.80. Custodial credit risk is the risk that in the event of a bank failure, the University's deposits may not be returned to it. The University does not have a deposit policy for custodial credit risk. As of June 30, 2014, the University's bank balance was not exposed to custodial credit risk.

### **B. Investments**

**University** - The University is authorized by The University of North Carolina Board of Governors pursuant to G.S. 116-36.2 and Section 600.2.4 of the Policy Manual of the University of North Carolina to invest its special funds in the same manner as the State Treasurer is required to invest, as discussed below.

G.S. 147-69.1(c), applicable to the State's General Fund, and G.S. 147-69.2, applicable to institutional trust funds, authorize the State Treasurer to invest in the following: obligations of or fully guaranteed by the United States; obligations of certain federal agencies; repurchase agreements; obligations of the State of North Carolina; certificates of deposit and other deposit accounts of specified financial institutions; prime quality commercial paper; asset-backed securities with specified ratings, specified bills of exchange or time drafts, and corporate bonds/notes with specified ratings; general obligations of other states; general obligations of North Carolina local governments; and obligations of certain entities with specified ratings.

In accordance with the bond resolutions, bond proceeds and debt service funds are invested in obligations that will by their terms mature on or before the date funds are expected to be required for expenditure or withdrawal.

G.S. 116-36(e) provides that the trustees of the Endowment Fund shall be responsible for the prudent investment of the Fund in the exercise of their sound discretion, without regard to any statute or rule of law relating to

the investment of funds by fiduciaries but in compliance with any lawful condition placed by the donor upon that part of the Endowment Fund to be invested.

Investments of the University's component unit, the Foundation, are subject to and restricted by G.S. 36E "Uniform Prudent Management of Institutional Funds Act" (UPMIFA) and any requirements placed on them by contract or donor agreements.

Investments of various funds may be pooled unless prohibited by statute or by terms of the gift or contract. The University utilizes investment pools to manage investments and distribute investment income.

Investments are subject to the following risks.

*Interest Rate Risk:* Interest rate risk is the risk the University may face should interest rate variances affect the fair value of investments. The University does not have a formal policy that addresses interest rate risk.

*Credit Risk:* Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The University does not have a formal policy that addresses credit risk.

**UNC Investment Fund, LLC** - At June 30, 2014, the University's investments include \$17,781,487.59 which represents the University's equity position in the UNC Investment Fund, LLC (UNC Investment Fund). The UNC Investment Fund is an external investment pool that is not registered with the Securities and Exchange Commission, does not have a credit rating, and is not subject to any regulatory oversight. Asset and ownership interests of the UNC Investment Fund are determined on a market unit valuation basis each month. Investment risks associated with the UNC Investment Fund are included in audited financial statements of the UNC Investment Fund, LLC which may be obtained from UNC Management Company, Inc., 1400 Environ Way, Chapel Hill, NC 27517.

### NOTE 3 - ENDOWMENT INVESTMENTS

Investments of the University's endowment funds are pooled, unless required to be separately invested by the donor. If a donor has not provided specific instructions, state law permits the Board of Trustees to authorize for expenditure the net appreciation, realized and unrealized, of the investments of the endowment funds. Under the "Uniform Prudent Management of Institutional Funds Act" (UPMIFA), authorized by the North Carolina General Assembly on March 19, 2009, the Board may also appropriate expenditures from eligible nonexpendable balances if deemed prudent and necessary to meet program outcomes and for which such spending is not specifically prohibited by the donor agreements. However, a majority of the University's endowment donor agreements prohibit spending of nonexpendable balances and therefore the related nonexpendable balances are not eligible for expenditure. During the year, the Board did not appropriate expenditures from eligible nonexpendable endowment funds.

Investment return of the University's endowment funds is predicated on the total return concept (yield plus appreciation). Annual payouts from the University's endowment funds are based on an adopted spending policy by

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

which the rate of spending for a fiscal year is calculated at 5% of the trailing three year average, if applicable. To the extent that the total return for the current year exceeds the payout, the excess is added to principal. If current year earnings do not meet the payout requirements, the University uses accumulated income and appreciation from restricted, expendable net position endowment balances to make up the difference. At June 30, 2014, net appreciation of \$3,369,706.74 was available to be spent and was classified in net position as restricted expendable for scholarships and fellowships, endowed professorships, and departmental uses as it is restricted for specific purposes.

---

in the Optional Retirement Program at the time of employment; otherwise they are automatically enrolled in the Teachers' and State Employees' Retirement System.

The Teachers' and State Employees' Retirement System (TSERS) is a cost-sharing multiple-employer defined benefit pension plan established by the State to provide pension benefits for employees of the State, its component units, and local boards of education. TSERS is administered by a 14-member Board of Trustees, with the State Treasurer serving as Chairman of the Board.

Benefit and contribution provisions for the TSERS are established by *North Carolina General Statutes* 135-5 and 135-8 and may be amended only by the North Carolina General Assembly. Employer and member contribution rates are set each year by the North Carolina General Assembly based on annual actuarial valuations. For the year ended June 30, 2014, these rates were set at 8.69% of covered payroll for employers and 6% of covered payroll for members.

For the current fiscal year, the University had a total payroll of \$25,052,033.49, of which \$12,111,613.34 was covered under the TSERS. Total employer and employee contributions for pension benefits for the year were \$1,052,499.20 and \$726,696.80, respectively.

Required employer contribution rates for the years ended June 30, 2013, and 2012, were 8.33% and 7.44%, respectively, while employee contributions were 6% each year. The University made 100% of its annual required contributions for the years ended June 30, 2014, 2013, and 2012, which were \$1,052,499.20, \$1,024,597.75, and \$881,137.64, respectively.

The Teachers' and State Employees' Retirement System's financial information is included in the State of North Carolina's *Comprehensive Annual Financial Report*. An electronic version of this report is available by accessing the North Carolina Office of the State Controller's Internet home page <http://www.osc.nc.gov/> and clicking on "Reports" or by calling the State Controller's Financial Reporting Section at (919) 707-0500.

The Optional Retirement Program (Program) is a defined contribution retirement plan that provides retirement benefits with options for payments to beneficiaries in the event of the participant's death. Administrators and eligible faculty of the University may join the Program instead of the TSERS. The Board of Governors of The University of North Carolina is responsible for the administration of the Program and designates the companies authorized to offer investment products or the trustee responsible for the investment of contributions under the Program and approves the form and contents of the contracts and trust agreements.

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

---

Participants in the Program are immediately vested in the value of employee contributions. The value of employer contributions is vested after five years of participation in the Program. Participants become eligible to receive distributions when they terminate employment or retire.

Participant eligibility and contributory requirements are established by General Statute 135-5.1. Employer and member contribution rates are set each year by the North Carolina General Assembly. For the year ended June 30, 2014, these rates were set at 6.84% of covered payroll for employers and 6% of covered payroll for members. The University assumes no liability other than its contribution.

For the current fiscal year, the University had a total payroll of \$25,052,033.49, of which \$9,678,440.93 was covered under the Optional Retirement Program. Total employer and employee contributions for pension benefits for the year were \$662,005.36 and \$580,706.46, respectively.

### **NOTE 12 - OTHER POSTEMPLOYMENT BENEFITS**

**A. Health Benefits** - The University participates in the Comprehensive Major Medical Plan (the Plan), a cost-sharing, multiple-employer defined benefit health care plan that provides postemployment health insurance to eligible former employees. Eligible former employees include long-term disability beneficiaries of the Disability Income Plan of North Carolina and retirees of the Teachers' and State Employees' Retirement System or the Optional Retirement Program. Coverage eligibility varies depending on years of contributory membership service in their retirement system prior to disability or retirement.

The Plan's benefit and contribution provisions are established by Chapter 135, Article 3B, of the General Statutes, and may be amended only by the North Carolina General Assembly. The Plan does not provide for automatic post-retirement benefit increases.

By General Statute, a Retiree Health Benefit Fund (the Fund) has been established as a fund in which accumulated contributions from employers and any earnings on those contributions shall be used to provide health benefits to retired and disabled employees and applicable beneficiaries. By statute, the Fund is administered by the Board of Trustees of the Teachers' and State Employees' Retirement System and contributions to the Fund are irrevocable. Also by law, Fund assets are dedicated to providing benefits to retired and disabled employees and applicable beneficiaries and are not subject to the claims of creditors of the employers making contributions to the Fund. Contribution rates to the Fund, which are intended to finance benefits and administrative expenses on a pay-as-you-go basis, are established by the General Assembly.

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

---

For the current fiscal year the University contributed 5.40% of the covered payroll under the Teachers' and State Employees' Retirement System and the Optional Retirement Program to the Fund. Required contribution rates for the years ended June 30, 2013, and 2012, were 5.30% and 5%, respectively. The University made 100% of its annual required contributions to the Plan for the years ended June 30, 2014, 2013, and 2012, which were \$1,176,662.93, \$1,118,610.09, and \$1,026,001.49, respectively. The University assumes no liability for retiree health care benefits provided by the programs other than its required contribution.

Additional detailed information about these programs can be located in the State of North Carolina's *Comprehensive Annual Financial Report*. An electronic version of this report is available by accessing the North Carolina Office of the State Controller's Internet home page <http://www.osc.nc.gov/> and clicking on "Reports" or by calling the State Controller's Financial Reporting Section at (919) 707-0500.

- B. Disability Income** - The University participates in the Disability Income Plan of North Carolina (DIPNC), a cost-sharing, multiple-employer defined benefit plan, to provide short-term and long-term disability benefits to eligible members of the Teachers' and State Employees' Retirement System and the Optional Retirement Program. Benefit and contribution provisions are established by Chapter 135, Article 6, of the General Statutes, and may be amended only by the North Carolina General Assembly. The Plan does not provide for automatic post-retirement benefit increases.

Disability income benefits are funded by actuarially determined employer contributions that are established by the General Assembly. For the fiscal year ended June 30, 2014, the University made a statutory contribution of .44% of covered payroll under the Teachers' and State Employees' Retirement System and the Optional Retirement Program to the DIPNC. Required contribution rates for the years ended June 30, 2013, and 2012, were .44% and .52%, respectively. The University made 100% of its annual required contributions to the DIPNC for the years ended June 30, 2014, 2013, and 2012, which were \$95,876.24, \$92,865.74, and \$106,704.16, respectively. The University assumes no liability for long-term disability benefits under the Plan other than its contribution.

Additional detailed information about the DIPNC is disclosed in the State of North Carolina's *Comprehensive Annual Financial Report*.

### NOTE 13 - RISK MANAGEMENT

The University is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These exposures to loss are handled via a combination of methods, including participation in state-administered insurance programs, purchase of commercial insurance, and self-retention of certain risks. There have been no significant reductions in insurance coverage from the previous year and settled claims have not exceeded coverage in any of the past three fiscal years.

The risk of tort claims of up to \$1,000,000 per claimant is retained under the authority of the State Tort Claims Act. In addition, the State provides excess public officers' and employees' liability insurance up to \$10,000,000 via contract with a private insurance company. The University pays the premium, based on a composite rate, directly to the private insurer.

The University is required to maintain fire and lightning coverage on all state-owned buildings and contents through the State Property Fire Insurance Fund (Fund), an internal service fund of the State. Such coverage is provided at no cost to the University for operations supported by the State's General Fund. Other operations not supported by the State's General Fund are charged for the coverage. Losses covered by the Fund are subject to a \$5,000 per occurrence deductible. However, some agencies have chosen a higher deductible for a reduction in premium.

All state-owned vehicles are covered by liability insurance through a private insurance company and handled by the North Carolina Department of Insurance. The liability limits for losses are \$1,000,000 per claim and \$10,000,000 per occurrence. The University pays premiums to the North Carolina Department of Insurance for the coverage.

The University is protected for losses from employee dishonesty and computer fraud. This coverage is with a private insurance company and is handled by the North Carolina Department of Insurance. Universities are charged a premium by the private insurance company. Coverage limit is \$5,000,000 per occurrence. The private insurance company pays 90% of each loss less a \$75,000 deductible.

The University purchased other authorized coverage from private insurance companies through the North Carolina Department of Insurance. The insurance purchased included general and professional liability insurance for the School of Filmmaking student interns, student accident and health insurance, and accident and health insurance for students who study abroad.

University employees and retirees are provided comprehensive major medical care benefits. Coverage is funded by contributions to the State Health Plan

(Plan), a discretely presented component unit of the State of North Carolina. The Plan has contracted with third parties to process claims.

The North Carolina Workers' Compensation Program provides benefits to workers injured on the job. All employees of the State and its component units are included in the program. When an employee is injured, the University's primary responsibility is to arrange for and provide the necessary treatment for work related injury. The University is responsible for paying medical benefits and compensation in accordance with the North Carolina Workers' Compensation Act. The University retains the risk for workers' compensation.

Term life insurance (death benefits) of \$25,000 to \$50,000 is provided to eligible workers. This Death Benefit Plan is administered by the State Treasurer and funded via employer contributions. The employer contribution rate was .16% for the current fiscal year.

Additional details on the state-administered risk management programs are disclosed in the State's *Comprehensive Annual Financial Report*, issued by the Office of the State Controller.

### NOTE 14 - COMMITMENTS AND CONTINGENCIES

- A. Commitments** - The University has established an encumbrance system to track its outstanding commitments on construction projects and other purchases. Outstanding commitments on construction contracts were \$5,512,161.73 and on other purchases were \$3,386,263.45 at June 30, 2014.
- B. Pending Litigation and Claims** - The University is a party to litigation and claims in the ordinary course of its operations. Since it is not possible to predict the ultimate outcome of these matters, no provision for any liability has been made in the financial statements. University management is of the opinion that the liability, if any, for any of these matters will not have a material adverse effect on the financial position of the University.

**NOTE 16 - CHANGES IN FINANCIAL ACCOUNTING AND REPORTING**

For the fiscal year ended June 30, 2014, the University implemented GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*, issued by the Governmental Accounting Standards Board (GASB). This standard requires reclassification of certain items that were previously reported as assets and liabilities as deferred outflows of resources or deferred inflows of resources. The standard also requires bond issuance costs to be expensed rather than amortized. See Note 17 for net position restatement as a result of this GASB statement.

**NOTE 17 - NET POSITION RESTATEMENT**

As of July 1, 2013, net position as previously reported was restated as follows:

	<u>Amount</u>
July 1, 2013 Net Position as Previously Reported	\$ 121,849,295.78
Restatement:	
Expense Previously Amortized Bond Issuance Costs Pursuant to GASB 65 Requirements	<u>(172,917.00)</u>
<b>July 1, 2013 Net Position as Restated</b>	<u><u>\$ 121,676,378.78</u></u>

**NOTE 18 - SUBSEQUENT EVENT**

On September 1, 2014, the University entered into an energy savings financing and debt service funding agreement with U.S. Bank National Association, which calls for Johnson Controls, Inc. to make approximately \$1.9 million of energy conservation improvements to various buildings on campus. An installment purchase contract with Banc of America Public Capital Corp. in the approximate amount of \$1.9 million will finance the proceeding energy conservation, plus closing costs, over an eight year term. The energy conservation improvements to be financed are for lighting upgrades and controls. Johnson Controls, Inc. guarantees that the annual energy savings generated from the construction of the energy conservation improvements will meet or exceed the annual debt service cost associated with financing the \$1.9 million package of improvements. As such, this is a self-financing project.

**INDEPENDENT AUDITOR'S REPORT  
ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN  
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH  
GOVERNMENT AUDITING STANDARDS**

---

Board of Trustees  
University of North Carolina School of the Arts  
Winston-Salem, North Carolina

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the University of North Carolina School of the Arts, a constituent institution of the multi-campus University of North Carolina System, which is a component unit of the State of North Carolina, and its discretely presented component unit, as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the University's basic financial statements, and have issued our report thereon dated November 18, 2014. Our report includes a reference to other auditors who audited the financial statements of the University of North Carolina School of the Arts Housing Corporation, the University of North Carolina School of the Arts Program Support Corporation, and the discretely presented component unit, the University of North Carolina School of Arts Foundation, Inc., as described in our report on the University's financial statements. The financial statements of the University of North Carolina School of the Arts Housing Corporation, the University of North Carolina School of the Arts Program Support Corporation, and the discretely presented component unit were not audited in accordance with *Government Auditing Standards*, and accordingly, this report does not include reporting on internal control over financial reporting or instances of reportable noncompliance associated with those entities.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the University's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control. Accordingly, we do not express an opinion on the effectiveness of the University's internal control.

**INDEPENDENT AUDITOR'S REPORT  
ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN  
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH  
GOVERNMENT AUDITING STANDARDS (CONCLUDED)**

---

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the University's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the University's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the University's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the University's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
