## AUDITOR'S TRANSMITTAL

---

The Honorable Roy Cooper, Governor  
The General Assembly of North Carolina  
The Honorable Dale R. Folwell, State Treasurer  
Department of State Treasurer

We have completed a financial audit of the Local Governmental Employees' Retirement System schedule of employer allocations and the schedule of pension amounts by employer for the year ended June 30, 2017, and our audit results are included in this report. You will note from the independent auditor's report that we determined that the schedule of employer allocations and the schedule of pension amounts by employer are presented fairly in all material respects.

The results of our tests disclosed no deficiencies in internal control over financial reporting that we consider to be material weaknesses in relation to our audit scope or any instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

*North Carolina General Statutes* require the State Auditor to make audit reports available to the public. Copies of audit reports issued by the Office of the State Auditor may be obtained through one of the options listed in the back of this report.

Article V, Chapter 147 of the *North Carolina General Statutes*, gives the Auditor broad powers to examine all books, records, files, papers, documents, and financial affairs of every state agency and any organization that receives public funding. The Auditor also has the power to summon people to produce records and to answer questions under oath.

## **INDEPENDENT AUDITOR'S REPORT**

---

The Honorable Dale R. Folwell, State Treasurer  
Management of the Department of State Treasurer

### Report on the Schedules

We have audited the accompanying schedule of employer allocations of the Local Governmental Employees' Retirement System as of June 30, 2017, and the related notes. We have also audited the total for all entities of the columns titled net pension liability, total deferred outflows of resources, total deferred inflows of resources, and total pension expense included in the accompanying schedule of pension amounts by employer of the Local Governmental Employees' Retirement System as of and for the year ended June 30, 2017, and the related notes (hereafter referred to as "the schedules").

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these schedules in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of schedules that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on the schedules based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the schedules are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the schedules. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the schedules, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Department's preparation and fair presentation of the schedules in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Department's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of

accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the schedules.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the schedules referred to above present fairly, in all material respects, the employer allocations and net pension liability, and total deferred outflows of resources, total deferred inflows of resources, and total pension expense for the total of all participating entities of the Local Governmental Employees' Retirement System as of and for the year ended June 30, 2017, in accordance with accounting principles generally accepted in the United States of America.

Other Matter

We have audited, in accordance with auditing standards generally accepted in the United States of America, the pension plans included in the State's *Comprehensive Annual Financial Report* (CAFR) as of and for the year ended June 30, 2017, and our report thereon, dated December 1, 2017, expressed an unmodified opinion on those financial statements.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 29, 2018 on our consideration of the Department's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Department's internal control over financial reporting and compliance.

Restriction on Use

Our report is intended solely for the information and use of the Local Governmental Employees' Retirement System Management, the Local Governmental Employees' Retirement System employers, their auditors and the North Carolina Office of the State Controller and is not intended to be and should not be used by anyone other than these specified parties.

Beth A. Wood, CPA  
State Auditor

# NOTES TO THE SCHEDULES

## NOTE 1 - PLAN DESCRIPTION

- A. Plan Administration** - The State of North Carolina administers the Local Governmental Employees' Retirement System (LGERS or Plan) plan. This plan is a cost-sharing, multiple-employer, defined benefit pension plan established by the State to provide benefits for employees of local governments. Membership is comprised of general employees and local law enforcement officers of participating local government entities. Benefit provisions are established by *North Carolina General Statutes 128-27* and may be amended only by the North Carolina General Assembly. The number of employers receiving allocations on the attached schedule of pension amounts by employer for the fiscal year ended June 30, 2017, is 900.

Management of the plan is vested in the LGERS Board of Trustees, which consists of thirteen members – nine appointed by the Governor, one appointed by the state Senate, one appointed by the state House of Representatives, and the State Treasurer and State Superintendent, who serve as ex-officio members.

- B. Benefits Provided** - LGERS provides retirement and survivor benefits. Retirement benefits are determined as 1.85% of the member's average final compensation times the member's years of creditable service. A member's average final compensation is calculated as the average of a member's four highest consecutive years of compensation. Plan members are eligible to retire with full retirement benefits at age 65 with five years of creditable service, at age 60 with 25 years of creditable service, or at any age with 30 years of creditable service. Plan members are eligible to retire with partial retirement benefits at age 50 with 20 years of creditable service or at age 60 with five years of creditable service (age 55 for firefighters and rescue squad workers). Survivor benefits are available to eligible beneficiaries of members who die while in active service or within 180 days of their last day of service and who have either completed 20 years of creditable service regardless of age (15 years of creditable service for firefighters and rescue squad workers who are killed in the line of duty) or have completed five years of service and have reached age 60. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions. The plan does not provide for automatic post-retirement benefit increases. Cost of living benefit increases are contingent upon investment gains of the plan at the discretion of the LGERS Board of Trustees, except as authorized by the General Assembly.

LGERS plan members who are Law Enforcement Officers (LEOs) are eligible to retire with full retirement benefits at age 55 with five years of creditable service as an officer, or at any age with 30 years of creditable service. LEO plan members are eligible to retire with partial retirement benefits at age 50 with 15 years of creditable service as an officer. Survivor benefits are available to eligible beneficiaries of LEO members who die while in active service or within 180 days of their last day of service and who also have either completed 20 years of creditable

service regardless of age, or have completed 15 years of creditable service as an LEO and have reached age 50, or have completed five years of creditable service as an LEO and have reached age 55, or have completed 15 years of creditable service as an LEO if killed in the line of duty. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions.

- C. Contributions** - Contribution provisions are established by *North Carolina General Statute* 128-30 and may be amended only by the North Carolina General Assembly. Plan members are required to contribute 6% of their annual pay. The actuarially determined contribution rate for employers is set annually by the LGERS Board of Trustees. For the fiscal year ended June 30, 2017, all employers made contributions of 8% of covered payroll for law enforcement officers and 7.25% for general employees and firefighters. These were greater than the actuarially determined contributions of 7.12% for law enforcement officers and 5.5% for general employees and firefighters. These amounts, combined with member contributions and investment income, fund the benefits earned by plan members during the year and administrative expenses. In addition, employers with an unfunded liability, established when the government initially enters the system, must make additional contributions towards that liability. The State's responsibility is administrative only.
- D. Refunds of Contributions** - Members who have terminated service as a contributing member, may file an application for a refund of their contributions. By state law, refunds to members include interest (currently 4%) regardless of the number of years of retirement service credit or of the reason for separation from service. State law requires a 60 day waiting period after service termination before the refund may be paid. The acceptance of a refund payment cancels the individual's right to any other retirement or survivor benefit provided by LGERS.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING AND REPORTING POLICIES**

- A. Basis of Accounting** - Employers participating in LGERS are required to report pension information in their financial statements for fiscal periods beginning on or after June 15, 2014, in accordance with Governmental Accounting Standards Board Statement No. 68, *Accounting and Financial Reporting for Pensions* (GASB Statement No. 68). The schedule of employer allocations and schedule of pension amounts by employer provide employers with the required information for financial reporting.

There are two schedules (a schedule of employer allocations for the fiscal year ended June 30, 2017 and a schedule of pension amounts by Employer for the fiscal year ended June 30, 2017, collectively the "pension schedules") for use by the employers in the LGERS plan. The underlying financial information used to prepare the pension schedules is based on LGERS's financial statements. The financial statements of this Plan are prepared using the accrual basis of accounting. Plan member

contributions are recognized in the period in which the contributions are due. Employer contributions are recognized when due and the employer has a legal requirement to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan. LGERS financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) that apply to governmental accounting for fiduciary funds.

- B. Components of Net Pension Liability Calculation** - The components of the calculation of the net pension liability of the defined benefit, cost-sharing plan for participating employers as of June 30, 2017, calculated in accordance with GASB Statement No. 67, *Financial Reporting for Pension Plans*, are shown in the following table (dollars in thousands):

Total Pension Liability	\$ 26,230,733
Plan Fiduciary Net Position	<u>(24,703,010)</u>
Net Pension Liability	<u>\$ 1,527,723</u>
 Plan Fiduciary Net Position as a Percentage of the Total Pension Liability	 94.18%

The total pension liability is calculated by LGERS’s actuary. The plan’s fiduciary net position is reported in the State of North Carolina’s *Comprehensive Annual Financial Report’s* (CAFR) financial statements. In addition, the net pension liability is disclosed in the State of North Carolina’s notes to the financial statements.

- C. Schedule of Employer Allocations** - The schedule of employer allocations provides information used to allocate the net pension liability between each of the employers in the plan. While GASB Statement No. 68 allows the employer’s proportionate share of the collective pension amounts to be based on historical employer contributions, it encourages the use of the employer’s projected long-term contribution effort to the retirement plan. Because contributions to the plan are based on a percentage of salary, the plan’s actuary has supplied a schedule of each employer’s present value of future salary as the basis for allocating each employer’s proportional share of collective amounts. This present value of future salary is based on the plan’s actuarial assumptions and reflects the current demographics of each employer, along with the employer’s expected long-term contribution effort to the plan.
- D. Schedule of Pension Amounts by Employer** - The schedule of pension amounts by employer provides the amount of net pension liability as well as deferred inflows and outflows and pension expense to be reported in the financial statements of each employer participant in the plan. Amounts reported on the schedule of pension amounts by employer may not precisely agree with the percentages in the schedule of employer allocations due to the number of decimal places used in allocating the collective pension amounts.

The proportional share of pension expense includes the amortization of the difference between expected and actual experience with regard to economic and demographic factors as well as any changes of assumptions, if applicable, which are amortized over a closed period equal to the average of the expected remaining service lives of all employees that are provided with pensions through the pension plan. This period is 5 years for the year ended June 30, 2017, 4.86 years for the year ended June 30, 2016, 4.82 years for the year ended June 30, 2015, and 4.99 years for the year ended June 30, 2014. The remaining unamortized balance is included in either deferred outflows of resources or in deferred inflows of resources as indicated.

**E. Deferred Outflows of Resources and Deferred Inflows of Resources**

The recognition period for amortizing the deferred outflow and deferred inflow of resources is set forth by GASB Statement No. 68, paragraph 71. Depending on the specific deferral, the period is defined as either a fixed five year period or the average expected remaining service life of all members in the plan. The following table presents a summary of changes in the deferred outflows of resources and deferred inflows of resources (excluding employer specific amounts) for the year ended June 30, 2017 (dollars in thousands):

	<u>Year of Deferral</u>	<u>Amortization Period</u>	<u>Beginning of Year Balance</u>	<u>Additions</u>	<u>Deductions</u>	<u>End of Year Balance</u>
<b>Deferred Outflows of Resources</b>						
Difference Between Expected and Actual Experience	2016	4.86	\$ 39,875	\$ 0	\$ 10,330	\$ 29,545
Difference Between Expected and Actual Experience	2017	5.00		73,083	14,617	58,466
Change in Assumptions	2016	4.86	145,361		37,658	107,703
Change in Assumptions	2017	5.00		138,096	27,619	110,477
Net Difference Between Projected and Actual Earnings on Pension Plan Investments	2014-2017	5.00	<u>1,173,384</u>	<u>(780,436)</u>	<u>22,015</u>	<u>370,933</u>
Total			<u>\$ 1,358,620</u>	<u>\$ (569,257)</u>	<u>\$ 112,239</u>	<u>\$ 677,124</u>
<b>Deferred Inflows of Resources</b>						
Difference Between Expected and Actual Experience	2014	4.99	\$ 32,140	\$ 0	\$ 16,150	\$ 15,990
Difference Between Expected and Actual Experience	2015	4.82	<u>42,229</u>		<u>14,974</u>	<u>27,255</u>
Total			<u>\$ 74,369</u>	<u>\$ 0</u>	<u>\$ 31,124</u>	<u>\$ 43,245</u>

Amounts reported as deferred outflows of resources and deferred inflows of resources (excluding employer specific amounts) related to pensions will be recognized in pension expense and are shown in the following table (dollars in thousands):

Year Ended June 30:	
2018	\$ 81,275
2019	443,183
2020	223,270
2021	<u>(113,849)</u>
Total	<u>\$ 633,879</u>

### NOTE 3 - ACTUARIAL METHODS AND ASSUMPTIONS

The total pension liability was determined by an actuarial valuation performed as of December 31, 2016. The total pension liability was calculated through the use of update procedures to roll forward from the actuarial valuation date to the measurement date of June 30, 2017. The update procedures incorporated the actuarial assumptions used in the valuation. The entry age normal actuarial cost method was utilized. Inflation is assumed to be 3% and salary increases range from 3.50% to 7.75%, which includes a 3.5% inflation and productivity factor. The long-term expected rate of return on pension plan investments used in the determination of the total pension liability is 7.20%, which includes an inflation assumption and is net of pension plan investment expense.

During the fiscal year ended June 30, 2017, retirees in the LGERS received a 0.105% cost of living adjustment. These benefit enhancements reflect legislation enacted by the North Carolina General Assembly. Future and ad hoc cost of living adjustment amounts are not considered to be substantively automatic and are therefore not included in the measurement.

LGERS currently uses mortality tables that vary by age, gender, employee group (i.e. general and law enforcement officer), and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The mortality rates also contain a provision to reflect future mortality improvements.

The actuarial assumptions used in the December 31, 2016 valuations were based on the results of an actuarial experience review for LGERS for the period January 1, 2010 through December 31, 2014. This actuarial experience review is reflected in the schedule of pension amounts by employer as a deferred outflow of resources in the column titled changes of assumptions.

The discount rate used to measure the total pension liability was 7.20%. This discount rate is in line with the long-term nominal expected return on pension plan investments. The calculation of the net pension liability is a present value calculation of the future net pension payments. These net pension payments

assume that contributions from plan members will be made at the current statutory contribution rate and that contributions from employers will be made at the contractually required rates, actuarially determined. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of the current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine total pension liability.

**NOTE 4 - COLLECTIVE PENSION EXPENSE**

The components of collective pension expense for the year ended June 30, 2017, are as follows (dollars in thousands):

Service Cost	\$ 656,231
Interest	1,803,590
Member Contributions	(391,459)
Plan Changes	0
Projected Earnings on Plan Investments	(1,633,322)
Administrative Expense	4,264
Other	(5,575)
Recognition (Amortization) of Deferred Inflows and Outflows of Resources:	
Difference Between Expected and Actual Experience	(6,177)
Difference Between Projected and Actual Earnings on Plan Investments	22,015
Changes in Assumptions	<u>65,277</u>
Collective Pension Expense	<u>\$ 514,844</u>

**NOTE 5 - ADDITIONAL FINANCIAL AND ACTUARIAL INFORMATION**

These financial schedules are designed to provide employers information for implementation of GASB Statement No. 68. Additional financial information for LGERS (including the disclosure of the net pension liability) is located in the State of North Carolina's *Comprehensive Annual Financial Report* for the fiscal year ended June 30, 2017. The additional financial and actuarial information is available at <https://www.osc.nc.gov/public-information/2017-cafr> or by contacting LGERS at:

**INDEPENDENT AUDITOR'S REPORT  
ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN  
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH  
GOVERNMENT AUDITING STANDARDS**

---

The Honorable Dale R. Folwell, State Treasurer  
Management of the Department of State Treasurer

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the accompanying schedule of employer allocations of the Local Governmental Employees' Retirement System and the related notes. We have also audited the total for all entities of the columns titles net pension liability, total deferred outflows of resources, total deferred inflows of resources, and the total pension expense included in the accompanying schedule of pension amounts by employer as of and for the year ended June 30, 2017, and the related notes (hereafter referred to as "the schedules") and have issued our report thereon dated March 29, 2018.

Internal Control Over Financial Reporting

In planning and performing our audit of the schedules, we considered the Department's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the schedules, but not for the purpose of expressing an opinion on the effectiveness of the Department's internal control. Accordingly, we do not express an opinion on the effectiveness of the Department's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Department's schedules will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control

that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Department's schedules are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of the amounts in the schedules. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Department's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Department's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Beth A. Wood, CPA  
State Auditor

Raleigh, North Carolina

March 29, 2018
