RE: State Grants:
Department of Crime Control and Public Safety \$433,703.00, SFY 2005

Dear Ms. Lee:

We have completed certain limited procedures described below at Tideland Electric Membership Corp. related to its management of state grant funds. Our objective was to identify deficiencies in internal control; instances of noncompliance with laws, regulations, or provisions of contracts or grants agreements; and/or deficiencies in the management of financial resources based solely on the performance of these procedures.

These procedures do not constitute an audit, examination or a review as described in professional standards governing those types of services. Furthermore, our procedures were not agreed upon by you or any third party. Our procedures do not provide a basis for providing any level of assurance regarding internal control, compliance, or financial management and should not be relied upon for that purpose.

Specifically, our procedures consisted of the following:

- Interviewing personnel;
- Examining accounting records for the purpose of identifying state grant transactions;
- Examining documentation supporting selected transactions and balances;
- Reviewing available policies and procedures; and
- Reviewing available board minutes.
