State Auditor Launches Redesigned Public Website

RALEIGH, NC – December 18, 2007

Today, State Auditor Leslie Merritt announced the redesign of the Office of the State Auditor's (OSA) public website: www.ncauditor.net. This redesign includes a streamlined email notification service where the public can receive a free email subscription to all audits, reviews and releases published by the OSA. Additionally, the redesigned website includes a prominently displayed keyword search engine and an intuitive layout to assist users in searching or browsing for specific audits or reports.

"OSA has been a leader in applying technology to the auditing process and our redesigned website compliments this work by increasing the public's ability to find the audits and reports we publish," said State Auditor Leslie Merritt.

OSA's redesigned website also includes a function to electronically submit a tip to the State Auditor's Hotline and a scrolling "Newsroom" that features breaking news and other OSA highlights.

"Every taxpayer can visit www.ncauditor.net and subscribe to receive OSA's free email notifications. When OSA exposes fraud or increases efficiency in State government, taxpayers will have an easy way to receive firsthand information and stay better informed about State government," Merritt continued.
