2.0 PURPOSE OF RFP

2.1 INTRODUCTION

The North Carolina State Board of Elections (SBE) seeks proposals from vendors for a modernized campaign finance reporting system that is secure, cloud-based, and improves the user experience. The modernized system shall ensure prompt access to data and make it easier for the public to search, understand, and track reported political spending over elections, election cycles, and calendar years.

The SBE seeks a solution that offers step-by-step filing of statements, certifications, and disclosure reports that: prevents incomplete submissions, reduces user error, and guides users towards compliance.

The envisioned system will facilitate communication between filers and election administrators, while also protecting sensitive information, maintaining data integrity, and preserving the SBE's ability to permit the inspection and examination of public records.

In addition to facilitating communication, the solution shall serve as the primary application for election administrators to efficiently carry out their administrative and compliance responsibilities for campaign finance.

The modernized campaign finance reporting system shall allow for regular updates and enhancements, so the system can evolve as technology, law, and election administration evolves in the decades to come.

2.2 AGENCY BACKGROUND

In addition to being charged with overall responsibility for administration of the elections processes in North Carolina, the SBE is responsible for the regulation of contributions, expenditures, independent expenditures,

and electioneering communications in elections for North Carolina offices and referenda. North Carolina requires robust reporting and a staff review of all disclosure reports filed for compliance with laws and regulations. Reporting requirements can be found in Articles 22A and 22M of Chapter 163 of the North Carolina General Statutes, Chapter 21 of Title 8 of the North Carolina Administrative Code, and the Campaign Finance Manual. In addition to the SBE, 100 county boards of elections play a key role in the administration of campaign finance requirements in county and municipal elections.

SBE staff are also responsible for issuing routine penalty assessments for late-filed and missing statements and disclosure reports. See N.C.G.S. § 163-278.34(a). Upon receipt of a penalty assessment, the filer may request a waiver of the assessment for good cause.

The agency also provides campaign finance related customer service and training across the State. In North Carolina, every treasurer of a political committee must participate in training within three months of appointment and at least once every four years thereafter. See N.C.G.S. § 163-278.7(f). Only a treasurer or assistant treasurer who has completed all trainings is eligible to sign and file disclosure reports. See N.C.G.S. § 163-278.9(j).

2.3 SUMMARY OF PROBLEM STATEMENT

SBE's legacy electronic reporting software is a standalone application built for the Microsoft Windows operating system. It is not compatible with MAC/Apple systems and requires installation and download for use. Data files generated by the software must be manually emailed to the SBE, where staff must import and link the data for public viewing using a series of internal applications. In addition to being inefficient, this legacy system lacks modern features, making it difficult for filers and administrative users to navigate.

Furthermore, under North Carolina law, all disclosure reports must be signed and certified as true and correct. The SBE may accept electronic signatures that comply with N.C.G.S. § 66-58.5, however, the legacy system lacks this functionality. Filers must either submit a wet-ink signature on a paper form or digitally sign an Adobe PDF that is emailed to the SBE. The requirement to submit two items for a single report is a source of frustration for filers, causes compliance challenges, and results in processing delays.

Today, all candidates for county and municipal offices file disclosure reports with the county boards of elections. All candidates for State, legislative, and judicial offices, and all candidates who file disclosure reports electronically, file reports with the SBE. At present, over 1,900 active candidate committees, political party committees, political action committees, and referendum committees file regular disclosure reports with the SBE. At a minimum, each of these committees file semiannual reports in odd-numbered years and quarterly reports in even-numbered years. However, 48 Hour Reports, certifications, and amendments may also have to be filed based on the committee's activity or audit findings. This requires staff to manually process thousands of statements, certifications, and disclosure reports each year. Beyond these registered political committees, individuals, federal political committees, corporations, and nonprofit organizations engaged in regulated activity must also file disclosure reports around elections. The modernized campaign finance reporting system shall serve as the repository for all electronic disclosure reports filed in North Carolina, as well as all paper reports filed with the SBE.

All candidates and committees that raise and spend funds in excess of the thresholds described in N.C.G.S. § 163-278.9(i) are required to file their disclosure reports electronically. A growing number of candidates and committees are choosing, or meeting, the thresholds for electronic filing. The system must be able to accommodate anticipated growth, with an expectation that electronic filing may be required for all filers, including county and municipal filers, in the future.

2.4 CONTRACT TERM

A contract awarded pursuant to this RFP shall have an effective date as provided in the Notice of Award.

The term shall be 1 year and will expire upon the anniversary date of the effective date unless otherwise stated in the Notice of Award, or unless terminated earlier. The State retains the option to extend the Agreement for two (2) 1-year periods at its sole discretion.

2.5 EFFECTIVE DATE

This solicitation, including any Exhibits, or any resulting contract or amendment shall not become effective nor bind the State until the appropriate State purchasing authority/official or Agency official has signed the document(s), contract or amendment; the effective award date has been completed on the document(s), by the State purchasing official, and that date has arrived or passed. The State shall not be responsible for reimbursing the Vendor for goods provided nor Services rendered prior to the appropriate signatures and the arrival of the effective date of the Agreement. No contract shall be binding on the State until an encumbrance of funds has been made for payment of the sums due under the Agreement.

2.6 CONTRACT TYPE

Definite Quantity Contract - This request is for a close-ended contract between the awarded Vendor and the State to furnish a pre-determined quantity of a good or service during a specified period of time.

The State reserves the right to make partial, progressive or multiple awards where it is advantageous to award separately by items; where more than one supplier is needed to provide the contemplated specifications as to quantity, quality, delivery, service, geographical areas; or where other factors are deemed to be necessary or proper to the purchase in question.

4.0 COST OF VENDOR'S OFFER

4.1 OFFER COSTS

The Vendor must list, itemize, and describe any applicable offer costs in **ATTACHMENT D: COST FORM**.

4.2 PAYMENT SCHEDULE

The Vendor shall propose its itemized payment schedule based on the content of its offer. All payments must be based upon acceptance of one or more Deliverables.

5.0 EVALUATION

5.1 SOURCE SELECTION

A trade-off/ranking method of source selection will be utilized in this procurement to allow the State to award this RFP to the Vendor providing the Best Value and recognizing that Best Value may result in award other than the lowest price or highest technically qualified offer. By using this method, the overall ranking may be adjusted up or down when considered with or traded-off against other non-price factors.

- a) Evaluation Process Explanation. State Agency employees will review all offers. All offers will be initially classified as being responsive or non-responsive. If an offer is found non-responsive, it will not be considered further. All responsive offers will be evaluated based on stated evaluation criteria. Any references in an answer to another location in the RFP materials or Offer shall have specific page numbers and sections stated in the reference.
- b) To be eligible for consideration, Vendor's offer must substantially conform to the intent of all specifications. Compliance with the intent of all specifications will be determined by the State. Offers that do not meet the full intent of all specifications listed in this RFP may be deemed deficient. Further, a serious deficiency in the offer to any one (1) factor may be grounds for rejection regardless of overall score.
- c) After the evaluation of the vendor proposals, the most qualified vendors may be asked to conduct an oral presentation or product demonstration to SBE between the specified time in Section 1.0 ANTICIPATED Procurement Schedule. The presentation or demonstration may be conducted virtually or at the SBE office. The presentation or demonstration should not exceed four (4) hours and should provide insight to the vendor's ability to meet the requirements outlined in the 3.5 Business and Technical Specifications section of this RFP.
- d) The evaluation committee may request clarifications, an interview with or presentation from any or all Vendors as allowed by 9 NCAC 06B.0307. However, the State may refuse to accept, in full or partially, the response to a clarification request given by any Vendor. Vendors are cautioned that the evaluators are not required to request clarifications; therefore, all offers should be complete and reflect the most favorable terms. Vendors should be prepared to send qualified personnel to Raleigh, North Carolina, to discuss technical and contractual aspects of the offer.
- e) Vendors are advised that the State is not obligated to ask for, or accept after the closing date for receipt of offer, data that is essential for a complete and thorough evaluation of the offer.

5.2 EVALUATION CRITERIA

Evaluation shall include best value, as the term is defined in N.C.G.S. § 143-135.9(a)(1), compliance with information technology project management policies as defined by N.C.G.S. §143B-1340, compliance with information technology security standards and policies, substantial conformity with the specifications, and other conditions set forth in the solicitation. The following Evaluation Criteria are listed in Order of Importance.

- 1) How well the Vendor's offer conforms with the specifications
- 2) How each Vendor's offer compares with other Vendors' offers
- 3) Total Cost of Ownership
- 4) Financial Stability
- 5) Illustration(s) and/or explanations of adherence to Section 3.3 Enterprise Specifications
- 6) Adherence to Section 3.2 Security Specifications
- 7) Vendor Schedule / Timeline for completing work

- 8) Strength of references relevant or material to technology area(s) or Specifications and Vendor Past Performance (The Vendor may be disqualified from any evaluation or award if the Vendor or any key personnel proposed, has previously failed to perform satisfactorily during the performance of any contract with the State, or violated rules or statutes applicable to public bidding in the State.)
- 9) Risks associated with Vendor's offer which include Vendor errata and exceptions

5.3 BEST AND FINAL OFFERS (BAFO)

The State may establish a competitive range based upon evaluations of offers, and request BAFOs from the Vendor(s) within this range; e.g. "Finalist Vendor(s)". If negotiations or subsequent offers are solicited, the Vendor(s) shall provide BAFO(s) in response. Failure to deliver a BAFO when requested shall disqualify the non-responsive Vendor from further consideration. The State will evaluate BAFO(s), oral presentations, and product demonstrations as part of the Vendors' respective offers to determine the final rankings.

5.4 POSSESSION AND REVIEW

During the evaluation period and prior to award, possession of the bids and accompanying information is limited to personnel of the issuing agency, and to the committee responsible for participating in the evaluation. Vendors who attempt to gain this privileged information, or to influence the evaluation process (i.e. assist in evaluation) will be in violation of purchasing rules and their offer will not be further evaluated or considered.

After award of contract the complete bid file will be available to any interested persons with the exception of trade secrets, test information or similar proprietary information as provided by statute and rule. Any proprietary or confidential information, which conforms to exclusions from public records as provided by N.C.G.S. §132-1.2 must be clearly marked as such in the offer when submitted.

Vendors may mark portions of offers as confidential or proprietary, after determining that such information is excepted from the NC Public Records Act, provided that such marking is clear and unambiguous and preferably at the top and bottom of each page containing confidential information. Standard restrictive legends appearing on every page of an offer are not sufficient and shall not be binding upon the State.

Certain State information is not public under the NC Public Records Act and other laws. Any such information which the State designates as confidential and makes available to the Vendor in order to respond to the RFP or carry out the Agreement, or which becomes available to the Vendor in carrying out the Agreement, shall be protected by the Vendor from unauthorized use and disclosure. The Vendor shall not be required under the provisions of this section to keep confidential, (1) information generally available to the public, (2) information released by the State generally, or to the Vendor without restriction, (3) information independently developed or acquired by the Vendor or its personnel without reliance in any way on otherwise protected information of the State. Any Services or technical and business information owned by Vendor or its suppliers or licensors made accessible or furnished to the State shall be and remain the property of the Vendor or such other party, respectively. Vendor has a limited, non-exclusive license to access and use the State Data as provided to Vendor, but solely for performing its obligations under this Agreement and in confidence as provided herein.

All terms and conditions of any clickwrap agreement provided with any Services solicited herein shall have no force and effect and shall be non-binding on the State, its employees, agents, and other authorized users of the Services.
- f) The Vendor may utilize partners and/or subcontractors to assist in the provision of the Services, so long as the State Data is not removed from the United States unless the terms of storage of the State Data are clearly disclosed, the security provisions referenced herein can still be complied with, and such removal is done with the prior express written permission of the State. The Vendor shall identify all of its strategic business partners related to Services provided under this contract, including but not limited to, all subcontractors or other entities or individuals who may be a party to a joint venture or similar agreement with the Vendor, who will be involved in any application development and/or operations.

- i) Professional services provided by the Vendor at the request by the State in writing in addition to agreed Services shall be at the then-existing Vendor hourly rates when provided, unless otherwise agreed in writing by the parties.

3) WARRANTY OF NON-INFRINGEMENT; REMEDIES.

- a) Vendor warrants to the best of its knowledge that:
 - i) The Services do not infringe any intellectual property rights of any third party; and
 - ii) There are no actual or threatened actions arising from, or alleged under, any intellectual property rights of any third party;
- b) Should any Services supplied by Vendor become the subject of a claim of infringement of a patent, copyright, Trademark or a trade secret in the United States, the Vendor, shall at its option and expense, either procure for the State the right to continue using the Services, or replace or modify the same to become noninfringing. If neither of these options can reasonably be taken in Vendor's judgment, or if further use shall be prevented by injunction, the Vendor agrees to cease provision of any affected Services, and refund any sums the State has paid Vendor and make every reasonable effort to assist the State in procuring substitute Services. If, in the sole opinion of the State, the cessation of use by the State of any such Services due to infringement issues makes the retention of other items acquired from the Vendor under this Agreement impractical, the State shall then have the option of terminating the Agreement, or applicable portions thereof, without penalty or termination charge; and Vendor agrees to refund any sums the State paid for unused Services.
- c) The Vendor, at its own expense, shall defend any action brought against the State to the extent that such action is based upon a claim that the Services supplied by the Vendor, their use or operation, infringes on a patent, copyright, trademark or violates a trade secret in the United States. The Vendor shall pay

those costs and damages finally awarded or agreed in a settlement against the State in any such action. Such defense and payment shall be conditioned on the following:

- i) That the Vendor shall be notified within a reasonable time in writing by the State of any such claim; and,
 - ii) That the Vendor shall have the sole control of the defense of any action on such claim and all negotiations for its settlement or compromise provided, however, that the State shall have the option to participate in such action at its own expense.
- d) Vendor will not be required to defend or indemnify the State if any claim by a third party against the State for infringement or misappropriation results from the State's material alteration of any Vendor-branded Services, or from the continued use of the good(s) or Services after receiving notice they infringe on a trade secret of a third party.

4) ACCESS AVAILABILITY; REMEDIES:

- a) The Vendor warrants that the Services will be in good working order, and operating in conformance with Vendor's standard specifications and functions as well as any other specifications agreed to by the parties in writing, and shall remain accessible 24/7, with the exception of scheduled outages for maintenance and of other service level provisions agreed in writing, e.g., in an SLA. Vendor does not warrant that the operation of the Services will be completely uninterrupted or error free, or that the Services functions will meet all the State's requirements, unless developed as Customized Services.
- b) The State shall notify the Vendor if the Services are not in good working order or inaccessible during the term of the Agreement. Vendor shall, at its option, either repair, replace or reperform any Services reported or discovered as not being in good working order and accessible during the applicable contract term without cost to the State.

If the Services monthly availability averages less than 99.9% (excluding agreed-upon maintenance downtime), the State shall be entitled to receive automatic credits as indicated immediately below, or the State may use other contractual remedies such as recovery of damages, as set forth herein in writing, e.g., in Specifications, Special Terms or in an SLA, and as such other contractual damages are limited by N.C.G.S. §143B-1350(h1) and the Limitation of Liability paragraph below. If not otherwise provided, the automatic remedies for nonavailability of the Subscription Services during a month are:

- 1. A 10% service credit applied against future fees if Vendor does not reach 99.9% availability.
- 2. A 25% service credit applied against future fees if Vendor does not reach 99% availability.
- 3. A 50% service credit applied against future fees or eligibility for early termination of the Agreement if Vendor does not reach 95% availability.

If, however, Services meet the 99.9% service availability level for a month, but are not available for a consecutive 120 minutes during that month, the Vendor shall grant to the State a credit of a pro-rated one-day of the monthly subscription Services fee against future Services charges. Such credit(s) shall be applied to the bill immediately following the month in which Vendor failed to meet the performance requirements or other service levels, and the credit will continue to be deducted from the monthly invoice for each prior month that Vendor fails to meet the support response times for the remainder of the duration of the Agreement. If Services monthly availability averages less than 99.9% (excluding agreed-upon maintenance downtime), for three (3) or more months in a rolling twelve-month period, the State may also terminate the contract for material breach in accordance with the Default provisions hereinbelow.

- c) Support Services. If Vendor fails to meet Support Service response times as set forth herein or in an SLA for a period of three consecutive months, a 10% service credit will be deducted from the invoice in the month immediately following the third month, and the 10% service credit will continue to be deducted from the monthly invoice for each month that Vendor fails to meet the support response times for the remainder of the duration of the Agreement.

5) EXCLUSIONS:

- a) Except as stated above in Paragraphs 3 and 4, Vendor and its parent, subsidiaries and affiliates, subcontractors and suppliers make no warranties, express or implied, as to the Services.
- b) The warranties provided in Paragraphs 3 and 4 above do not cover repair for damages, malfunctions or service failures substantially caused by:
 - i) Actions of non-Vendor personnel;

- ii) Failure to follow Vendor's written instructions relating to the Services provided to the State; or
- iii) Force Majeure conditions set forth hereinbelow.
- iv) The State's sole misuse of, or its own inability to use, the Services.

6) PERFORMANCE REVIEW AND ACCOUNTABILITY. N.C.G.S. § 143B-1340(f) and 09 NCAC 06B.1207 require provisions for performance review and accountability in State IT contracts. For this procurement, these shall include the holding a retainage of 10% of the contract value and withholding the final payment contingent on final acceptance by the State as provided in 09 NCAC 06B.1207(3) and (4), unless waived or otherwise agreed, in writing. The Services herein will be provided consistent with and under these Services performance review and accountability guarantees.

7) LIMITATION OF LIABILITY: Limitation of Vendor's Contract Damages Liability:

- a) Where Services are under the State's exclusive management and control, the Vendor shall not be liable for direct damages caused by the State's failure to fulfill any State responsibilities of assuring the proper use, management and supervision of the Services and programs, audit controls, operating methods, office procedures, or for establishing all proper checkpoints necessary for the State's intended use of the Services.
- b) The Vendor's liability for damages to the State arising under the contract shall be limited to two times the value of the Contract.
- c) The foregoing limitation of liability shall not apply to claims covered by other specific provisions including but not limited to Service Level Agreement or Deliverable/Product Warranty compliance, or to claims for injury to persons or damage to tangible personal property, gross negligence or willful or wanton conduct. This limitation of liability does not apply to contributions among joint tortfeasors under N.C.G.S. 1B-1 et seq., the receipt of court costs or attorney's fees that might be awarded by a court in addition to damages after litigation based on this Contract. For avoidance of doubt, the Parties agree that the Service Level Agreement and Deliverable/Product Warranty Terms in the Contract are intended to provide the sole and exclusive remedies available to the State under the Contract for the Vendor's failure to comply with the requirements stated therein.

8) Vendor's Liability for Injury to Persons or Damage to Property:

- a) The Vendor shall be liable for damages arising out of personal injuries and/or damage to real or tangible personal property of the State, employees of the State, persons designated by the State for training, or person(s) other than agents or employees of the Vendor, designated by the State for any purpose, prior to, during, or subsequent to delivery, installation, acceptance, and use of the Deliverables either at the Vendor's site or at the State's place of business, provided that the injury or damage was caused by the fault or negligence of the Vendor.
- b) The Vendor agrees to indemnify, defend and hold the Agency and the State and its Officers, employees, agents and assigns harmless from any liability relating to personal injury or injury to real or personal property of any kind, accruing or resulting to any other person, firm or corporation furnishing or supplying work, Services, materials or supplies in connection with the performance of this Agreement, whether tangible or intangible, arising out of the ordinary negligence, willful or wanton negligence, or intentional acts of the Vendor, its officers, employees, agents, assigns or subcontractors.
- c) Vendor shall not be liable for damages arising out of or caused by an alteration or an attachment not made or installed by the Vendor.

9) MODIFICATION OF SERVICES: If Vendor modifies or replaces the Services provided to the State and other tenants, and if the State has paid all applicable Subscription Fees, the State shall be entitled to receive, at no additional charge, access to a newer version of the Services that supports substantially the same functionality as the then accessible version of the Services. Newer versions of the Services containing substantially increased functionality may be made available to the State for an additional subscription fee. In the event of either of such modifications, the then accessible version of the Services shall remain fully available to the State until the newer version is provided to the State and accepted. If a modification materially affects the functionality of the Services as used by the State, the State, at its sole option, may defer such modification.

10) TRANSITION PERIOD:

- a) For ninety (90) days, either prior to the expiration date of this Agreement, or upon notice of termination of this Agreement, Vendor shall assist the State, upon written request, in extracting and/or transitioning all Data in the format determined by the State ("Transition Period").
 - b) The Transition Period may be modified in an SLA or as agreed upon in writing by the parties in a contract amendment.
 - c) During the Transition Period, Services access shall continue to be made available to the State without alteration.
 - d) Vendor agrees to compensate the State for damages or losses the State incurs as a result of Vendor's failure to comply with this Transition Period section in accordance with the Limitation of Liability provisions above.
 - e) Upon termination, and unless otherwise stated in an SLA, and after providing the State Data to the State as indicated above in this section with acknowledged receipt by the State in writing, the Vendor shall permanently destroy or render inaccessible any portion of the State Data in Vendor's and/or subcontractor's possession or control following the completion and expiration of all obligations in this section. Within thirty (30) days, Vendor shall issue a written statement to the State confirming the destruction or inaccessibility of the State's Data.

- 12) TRAVEL EXPENSES:** All travel expenses should be included in the Vendor's proposed costs. Separately stated travel expenses will not be reimbursed. In the event that the Vendor may be eligible to be reimbursed for travel expenses specifically agreed to in writing and arising under the performance of this Agreement, reimbursement will be at the out-of-state rates set forth in G.S. §138-6; as amended from time to time. Vendor agrees to use the lowest available airfare not requiring a weekend stay and to use the lowest available rate for rental vehicles. All Vendor incurred travel expenses shall be billed on a monthly basis, shall be supported by receipt and shall be paid by the State within thirty (30) days after invoice approval. Travel expenses exceeding the foregoing rates shall not be paid by the State. The State will reimburse travel allowances only for days on which the Vendor is required to be in North Carolina performing Services under this Agreement.
- 13) PROHIBITION AGAINST CONTINGENT FEES AND GRATUITIES:** Vendor warrants that it has not paid, and agrees not to pay, any bonus, commission, fee, or gratuity to any employee or official of the State for the purpose of obtaining any contract or award issued by the State. Subsequent discovery by the State of non-compliance with these provisions shall constitute sufficient cause for immediate termination of all outstanding Agreements with the Vendor. Violations of this provision may result in debarment of the Vendor(s) or Vendor(s) as permitted by 9 NCAC 06B.1207, or other provision of law.
- 14) AVAILABILITY OF FUNDS:** Any and all payments by the State are expressly contingent upon and subject to the appropriation, allocation and availability of funds to the State for the purposes set forth in this Agreement. If this Agreement or any Purchase Order issued hereunder is funded in whole or in part by federal funds, the State's performance and payment shall be subject to and contingent upon the continuing availability of said federal funds for the purposes of the Agreement or Purchase Order. If the term of this Agreement extends into fiscal years subsequent to that in which it is approved such continuation of the Agreement *is expressly contingent upon* the appropriation, allocation, and availability of funds by the N.C. Legislature for the purposes set forth in the Agreement. If funds to effect payment are not available, the State will provide written notification to Vendor. If the Agreement is terminated under this paragraph, Vendor agrees to terminate any Services supplied to the State under this Agreement, and relieve the State of any further obligation thereof. The State shall remit payment for Services accepted on or prior to the date of the aforesaid notice in conformance with the payment terms.
- 15) PAYMENT TERMS:**
- a) Payment may be made by the State in advance of or in anticipation of subscription Services to be actually performed under the Agreement or upon proper invoice for other Services rendered. Payment terms are Net 30 days after receipt of correct invoice. Initial payments are to be made after final acceptance of the Services. Payments are subject to any retainage requirements herein. The Purchasing State Agency is

Subscription fees for term years after the initial year shall be as quoted under State options herein, but shall not increase more than 5% over the prior term, except as the parties may have agreed to an alternate formula to determine such increases in writing. No additional charges to the State will be permitted based upon, or arising from, the State's use of a Business Procurement Card. The State may exercise any and all rights of Set Off as permitted in Chapter 105A-1 *et seq.* of the N.C. General Statutes and applicable Administrative Rules.

 - ii) Include any person or entity designated in writing by Vendor as a joint payee on the Vendor's payment check(s), however,
 - iii) In no event shall such approval and action obligate the State to anyone other than the Vendor and the Vendor shall remain responsible for fulfillment of all Agreement obligations.
- c) For any third party software licensed by Vendor or its subcontractors for use by the State, a copy of the software license including terms acceptable to the State, an assignment acceptable to the State, and documentation of license fees paid by the Vendor must be provided to the State before any related license fees or costs may be billed to the State.
- d) An undisputed invoice is an invoice for which the State and/or the Purchasing State Agency has not disputed in writing within thirty (30) days from the invoice date, unless the agency requests more time for review of the invoice. Upon Vendor's receipt of a disputed invoice notice, Vendor will work to correct the applicable invoice error, provided that such dispute notice shall not relieve the State or the applicable Purchasing State Agency from its payment obligations for the undisputed items on the invoice or for any disputed items that are ultimately corrected. The Purchasing State Agency is not required to pay the Vendor for any Software or Services provided without a written purchase order from the appropriate Purchasing State Agency. In addition, all such Services provided must meet all terms, conditions, and specifications of this Agreement and purchase order and be accepted as satisfactory by the Purchasing State Agency before payment will be issued.
- e) The Purchasing State Agency shall release any amounts held as retainages for Services completed within a reasonable period after the end of the period(s) or term(s) for which the retainage was withheld. Payment retainage shall apply to all invoiced items, excepting only such items as Vendor obtains from Third Parties and for which costs are chargeable to the State by agreement of the Parties. The Purchasing State Agency, in its sole discretion, may release retainages withheld from any invoice upon acceptance of the Services identified or associated with such invoices.
